CENTENARY CELEBRATIONS | 1926 – 2026

To,

All the Leading Industry Organizations

Sub: Andhra University Centenary Celebrations - Appeal for Industry Engagement and Contribution towards the Andhra University Centenary Vision – Request - Reg.

Greetings from Andhra University!

As Andhra University proudly steps into its Centenary Year, we take immense pride in reflecting on a glorious legacy that has shaped countless leaders, innovators, and professionals across India and beyond. The "Centenary Vision Document" charts an ambitious roadmap for the University's next century - envisioning a dynamic ecosystem that nurtures innovation, research excellence, sustainable development, and meaningful collaboration with industry.

In this pursuit, we earnestly seek the support and partnership of leading industry organizations such as yours. The University is launching a series of initiatives aimed at bridging academia and industry - including Centenary Innovation Hubs, Skill Development Centres, Research Collaborations, and Entrepreneurship Incubators. These initiatives are designed to make our graduates more industry-ready and to promote joint problem-solving for real-world challenges.

We therefore appeal for your valuable engagement and contribution - through institutional partnerships, CSR support, infrastructure development, research sponsorships, internships, chair professorships, Centre of Excellence, Centenary Post-Doctoral Fellowships and skill-based collaborations. Your support will be a lasting investment in the nation's intellectual and economic growth, while also strengthening your organization's association with one of India's oldest and prestigious universities.

We would be happy to arrange a detailed presentation or interaction to explore possible avenues of collaboration aligned with your organization's objectives.

We look forward to your positive and generous response to this appeal. Together, let us make the "Andhra University Centenary" not only a celebration of the past but a foundation for a vibrant future.

Regards,

Prof. G.P. Raja Sekhar
Vice-Chancellor
