A Bull, a Lion and a Peacock

A bull, a lion, and a peacock were walking together. They came to a river. The peacock said, "I cannot cross the river. Can someone help me swim across?"

The lion said, "I cannot swim, but I can walk on the water. Let me help you.

The bull said, "I can swim, but I cannot walk on the water. Let me help you.

So, the peacock got onto the bull's back, and the lion walked on the water. They crossed the river safely.

Learning from this story, we can see that sometimes, we need to work together to overcome our limitations and achieve our goals.
