International Yoga Day

Inaugurated by Prime Minister Narendra Modi on 21 June 2015, International Yoga Day is celebrated by millions of people worldwide to promote the practice of yoga in its spiritual, cultural, and physical aspects.

Yoga is an ancient system of body and mind that originated in India around 3000 B.C. and continues to be an important system in India. The benefits of yoga are a balanced mental state and holistic wellness.

In Vizag, the AU Library celebrated International Yoga Day on 21 June 2015 with a live demonstration of yoga. The event included yoga sessions, discussions, and a panel of experts who shared their experiences and insights on the benefits of yoga.

The AU Library also organized a special event for students and faculty members to experience the joys of yoga. The event was attended by a large number of people from different walks of life.
