PREFACE

Greetings from the School of Distance Education. Learning as a continuous process has been receiving much encouragement and as a consequence, open learning has become the choicest mode of many.

This prospectus covers all important points pertaining to admission into various Diploma and PG Diploma courses of study. We advise you to go through the contents carefully and return the Application Form of Admission duly filled in within the prescribed date.

With the introduction of the Certificate, Diploma and P.G Diploma courses in diversified areas besides conventional Under Graduate and Post- Graduate courses in Arts, Commerce and Science subjects, we hope that our School is striving to cater to the growing needs of the society.

We are glad to inform you that Transfer Certificate and Migration Certificate need not be produced for admission.

The School will extend the possible co-operation and guidance to the learners in all academic matters. Further, we sincerely advise you to be in touch directly with the School, without seeking the assistance of private Organisations. We would be happy to clarify your doubts at every stage.

SCHOOL OF DISTANCE EDUCATION

A REVIEW

Distance Education is an accepted mode of education. This system is cost effective. It permits greater flexibility than conventional education. It is learner centered.

The School of Distance Education of Andhra University started functioning from 1st July, 1972, with B.A. and B.Com., degree courses under New Scheme with the approval of the University Grants Commission. The School introduced Admissions under open system into B.A. and B.Com. degree courses in 1976.

The School of Distance Education is run by skilled teachers and educational administrators who always strive to reach high academic standards. The core academic staff of the School will carry on the academic activities with the help of the well experienced teachers in their respective fields, who are working in this University as well as in other Universities. A student who is enrolled into this School studies the same syllabi, and is awarded the same degree as in the case of regular students of this university.

A student after admission into the School of Distance Education receives study material periodically in all the subjects. In order to supplement the training through the reading material the School will arrange Semester end personal contact programmes at selected centers to establish the missing link of direct contact between the teachers and pupil. The School invites well experienced teachers to participate in these personal contact programmes besides our academic staff. During these programmes the teachers will give an extensive review of the subjects and clarify the doubts of the students. Computer Practical training is imparted during Personal Contact Programmes.
