The Launch Vehicle Start-ups-Finally!

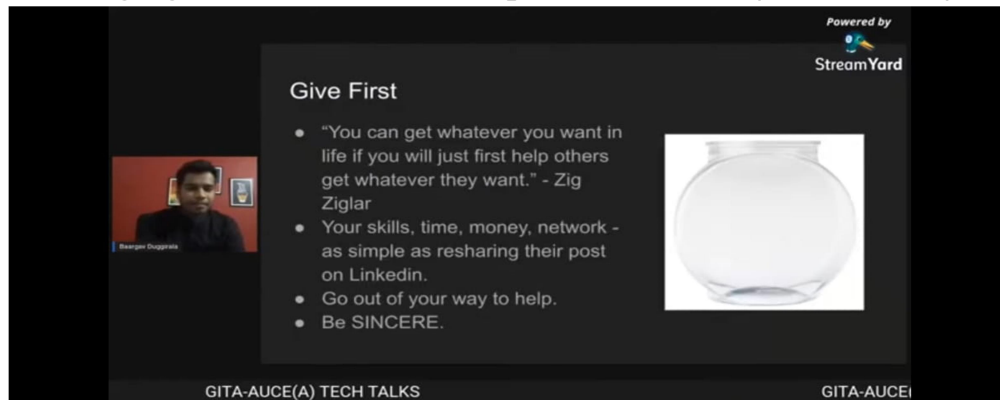

1. Agnikul Cosmos and Skyroot Aerospace are two primary launch vehicle start-ups emerging out of India.
2. Agnikul has already tested Agnibaan-Made in India 3-d printed rocket engine successfully and are now listed in ESA as a service provider as well
3. Skyroot Aerospace from Hyderabad have also unveiled their small satellite launch vehicle
4. The Ex-ISRO founded team's rocket is probably one of the most expected projects in the NewSpace Ecosystem.
