Bachelor of Education - Special Education

(Visual Impairment)

Norms, Regulations & Course Content

Effective from Academic Session 2015-16
(Two Years Duration)

Department of Education
Andhra University
Visakhapatnam-530003
Bachelor of Education - Special Education (B.Ed. Spl.Ed.)
Programme

I. PREAMBLE

Both, Indian society (and hence) the Indian school system are full of strengths and challenges the essence of which is diversity. Coming together with diverse background is part of our growing up and functioning in the society as adults. But how are the classrooms which are known to be miniature societies and future societies handling this coming together currently? This is one of the key questions waiting to be addressed at macro as well as micro level today. As we take the credit (and pride) of managing some of the obviously visible diversities quite well, it is high time that we move on to dealing with lesser visible diversities in classrooms. Various subtle diversities are waiting to be identified by classroom teachers if not by theorists and experts – dealing with these will come only after acknowledging them systematically. Diversities related to learning styles, multiple intelligences, personality profiles or study habits are a few of the factors yet to take their due places in classroom activities. Similarly diversity of abilities and hence of the related educational needs, too are waiting to be addressed properly in Indian classrooms.

With this backdrop the current B. Ed. Special Education curriculum is revisited. After a lot of brainstorming this curriculum has been developed to empower the special teachers/educators to ensure education of students with disabilities in an inclusive, right based and barrier free environment. It is in tune with the reforms in Indian education and teacher education system in general with specific reference to NCTE Notification of December 2014. It intends to place teacher education preparation in special education in the rights- perspective of the larger picture. The prime intention is to develop a task force of the special teachers/educators who can deliver the best in all settings: inclusive, special, open or home based and in all the roles: classroom teacher, resource teacher, itinerant teacher or cross disability teacher facilitators.

This document proposes the program structure for the duration of two years so that a wide range of knowledge and skills can be inculcated in trainee teachers during the program. Difference in philosophies and theories between special and general education need to be bridged and special educators and teachers trained to collaborate to meet diverse needs in the classroom. The program structure readies them for embarking on a fulfilling professional journey spurred by reflection and practices. Moving away from ‘show and tell’ to ‘learning by doing’, the course will be skill oriented, and offer various opportunities of interaction with self, students, schools and communities.

The curriculum attempts at striking a balance between core knowledge (theory and pedagogy) and skills; cross disability knowledge and skills, as well as disability specific knowledge and skills. The role of special educators has changed dramatically, with a shift from direct provider of instruction to facilitator and consultant.
1 This Degree is as per UGC Notification on Specifications of Degrees March 2014 as published in the Gazette of India, July 5, 2014.
A teacher would need the first set of skills to develop a basic understanding of curriculum transaction and content pedagogical knowledge as well as change agent, collaboration, communication and time management skills. Provision of the second set would be required, since cross disability expertise is more relevant within the framework of inclusion; and a teacher would need the third set to specialise in one of the disabilities particularly for serving the needs of children with specific disability in inclusive as well as special setting.

Inclusion is at the educational centre stage today and hence the role of special and general teachers needs to be operationalized systematically. To give the program more pragmatic relevance, issues related to projected needs, employability, career and higher education options and entry level eligibility are given serious consideration so the opportunities for a special educator are at par with teachers in general education. It is expected that so far separated general and special education would initiate more bilateral collaborations with each other to fulfil the global objective of EDUCATION FOR ALL.

As per the NCTE Regulations 2014 Notification 346 dated 1.12.2014 and subsequent letter No8-A/ Recog. / Policy /2014-RCI dated 28th January 2015 and letter # 7-128 RCI/ 2015 from Rehabilitation Council of India (RCI), New Delhi, the B.Ed.- Special Education (Visual Impairment) program of one academic year is revised to two years in the Andhra University. The said program is Credit Based Grading System. It has semester system comprising of four semesters and offers choice based optional courses in theory component. It is implemented from academic year 2015-2016. The syllabus of B.Ed.- Special Education (Visual Impairment) is based on the syllabus prescribed by the Rehabilitation Council of India, New Delhi.

II. OBJECTIVES

The B.Ed.Spl.Ed. Programme aims to develop Special Education teachers/Educators for children with disabilities for various settings (including Inclusive, Special, Open School and Home Based Education). The B.Ed. (Special Education) programme will prepare human resources to enable them to acquire knowledge and develop competencies and skills to impart education and training effectively to children with disability as well as all other children and this being teachers for all children. After completing the B.Ed. (Special Education) programme the student-teachers will:

a. Acquire knowledge & skills about human development, contemporary Indian education, and pedagogy of various school subjects and assessment for learning.

b. Acquire knowledge & skills about nature and educational needs of children with disabilities as well as of few select specific disabilities.

c. Develop conceptual understanding of education provisions and skills for working with children with various disabilities in Special and inclusive settings.

d. Enhance knowledge and skills for professional development.
Programme outcomes

The B.Ed.Spl.Ed. Programme aims to develop Special Education teachers/Educators for children with disabilities for various settings (including Inclusive, Special, Open School and Home Based Education). The B.Ed. (Special Education) programme will prepare human resources to enable them to acquire knowledge and develop competencies and skills to impart education and training effectively to children with disability as well as all other children and this being teachers for all children. After completing the B.Ed. (Special Education) programme the student-teachers will:

1. Acquire knowledge & skills about human development, contemporary Indian education, and pedagogy of various school subjects and assessment for learning.
2. Acquire knowledge & skills about nature and educational needs of children with disabilities as well as of few select specific disabilities.
3. Develop conceptual understanding of education provisions and skills for working with children with various disabilities in Special and inclusive settings.
4. Enhance knowledge and skills for professional development.
5. Plan and implement educational programmes needed for the children with special needs.
6. Familiarize themselves with the management of special education programmes for children with special needs.
7. Coordinate and collaborate with parents, family, doctors and the community to help children with disabilities become productive and useful members of the society.
8. Develop abilities and skills to create awareness and sensitivity in the society towards persons with disabilities.
9. Promote and facilitate inclusion of children with special education needs in the mainstream.
10. Develop conceptual understanding of education provisions and skills for working with children

with various disabilities in Special and inclusive settings.

III. NOMENCLATURE

Nomenclature of B.Ed. Special Education programmes should be as per UGC Notification of 2009 and 2014 and the new nomenclature will be B.Ed.Spl.Ed. Such as for Visual Impairment the nomenclature will be B.Ed.Spl.Ed.(VI).
IV. GENERAL FRAMEWORK OF THE COURSE

The programme is planned on the Choice Based Credit System (CBCS). According to UGC guidelines one credit is equivalent to one hour of teaching (lecture or tutorial) or two hours of practical work/field work per week. RCI also recommends practical work for each theory course besides these contact hours including self study, assignments, etc. That may involve same number of hours as are the contact hours specified for each course.

The Programme structure has three sets of courses:

1. Core courses in every semester
2. Elective course which can be chosen from pool of papers in order to:
   a. Support the discipline of study
   b. Provide an expanded scope
   c. Exposure to some other discipline/domain (this will depend on the options available with the implementing university and institution)
   d. Nurturing student proficiency/skills
3. Elective Foundation courses are value-based

RCI will follow the 10-point grading system following letter grades recommended by the UGC as given below:

<table>
<thead>
<tr>
<th>Letter Grade</th>
<th>Grade Point</th>
</tr>
</thead>
<tbody>
<tr>
<td>O (Outstanding)</td>
<td>10</td>
</tr>
<tr>
<td>A+ (Excellent)</td>
<td>9</td>
</tr>
<tr>
<td>A (Very Good)</td>
<td>8</td>
</tr>
<tr>
<td>B+ (Good)</td>
<td>7</td>
</tr>
<tr>
<td>B (Above Average)</td>
<td>6</td>
</tr>
<tr>
<td>C (Average)</td>
<td>5</td>
</tr>
<tr>
<td>P (Pass)</td>
<td>4</td>
</tr>
<tr>
<td>F (Fail)</td>
<td>0</td>
</tr>
<tr>
<td>Ab (Absent)</td>
<td>0</td>
</tr>
</tbody>
</table>

a. A student obtaining Grade F shall be considered fail and will be required to reappear in the examination.

b. For non-credit courses ‘Satisfactory’ or ‘Unsatisfactory’ shall be indicated instead of the letter grade and this will not be counted for the computation of SGPA/CGPA.

c. The Universities can decide on the grade or percentage of marks required to pass in a course and also the CGPA required to qualify for a degree taking into consideration the recommendations of the statutory professional councils such as AICTE, MCI, BCI, NCTE, etc.

d. The statutory requirement for eligibility to enter as assistant professor in colleges and universities in the disciplines of arts, science, commerce, etc., is a minimum average mark of 50% and 55% in relevant postgraduate degree respectively for reserved and general category. Hence, it is
recommended that the cut-off marks for grade B shall not be less than 50% and for grade B+, it should not be less than 55% under the absolute grading system. Similarly cut-off marks shall be fixed for grade B and B+ based on the recommendation of the statutory bodies (AICTE, NCTE, etc.) of the relevant disciplines.

**RCI as a Statutory body recommends that the cut-off marks for grade B shall not be less than 50% and for grade B+, it should not be less than 55% under the absolute grading system. Internal assessment for Theory Courses will not exceed 20% and 50% in the practicum wherever applicable.**

**Duration**

The programme will be of two years with 2 semesters in each year. Each semester will be of 16-18 weeks; 2 weeks in summer and 2 weeks in inter semester break will also be utilized for covering the courses. In this way, the following operational weeks will be available for transacting the course:

- Year 1: 16-18 weeks for two semesters + 2 weeks in summer
- Year 2: 16-18 weeks for two semesters + 2 weeks in inter-semester breaks

This comes to 64-72 weeks + 6 weeks for field activities/skill development with 40 credits in each year.

**V. PROGRAMME STRUCTURE**

**STRUCTURE FOR 2 YEARS**

</table>
| E    | Practical related to disability & University Practical Examinations  
(A) Pedagogy 1  
(B) Pedagogy 2 | 2       | 16      |
| F    | School Internship                                         | 3       | 12      |
|      | **Total**                                                 | **28**  | **96**  |

Each theory course (A, B, C, D) will have up to 5 units. Each practical course (E1 and E2) will have 4 units. Each field Engagement/internship (F1, F2 and F3) will have 2 units. All courses as specified in the structure include lecture, tutorials as contact hours besides...
assignment, field work including observation, seminar, workshop and practicum relating to the concerned course.

Specialisation offered (with specific reference to Area C)

The B. Ed. Spl. Ed. programme is offered in following specializations:

1. Autism Spectrum Disorders (ASD)
2. Hearing Impairment (HI)
3. Learning Disability (LD)
4. Mental Retardation/Intellectual Disability (MR/ID)
5. Multiple Disabilities (MD)
6. Visual Impairment (VI)

AREA A: CORE COURSES

| A1 | Philosophical Foundations of Education |
| A2 | Perspectives in Child Development |
| A3 | Classroom Management, Leadership and Action Research |
| A4 | Sociological Foundations of Education |
| A5 | Learning, Teaching, & Assessment |
| A6 | Pedagogy of Teaching (Special Reference to Disability) Any one  
   PART I: Science (Special Reference to Disability)  
   PART II: Mathematics (Special Reference to Disability)  
   PART III: Social Studies (Special Reference to Disability) |
| A7 | Pedagogy of Teaching (Special Reference to Disability) any one  
   PART IV: Telugu (Special Reference to Disability)  
   PART V: English (Special Reference to Disability) |
| A8 | Understanding the Self |
| A9 | Contemporary India in Education |

AREA B: CROSS DISABILITY AND INCLUSION

Note:

a. All student-teachers will be learning about all disabilities (theory, practical as well as field engagement) and specialization in any one disability other than selected for Area C.
b. Institutions/organizations offering B.Ed.Spl.Ed. are expected to decide other than specialization area out of VI / HI / MR / LD / MR (ID) / ASD / MD.
c. In case of student-teachers with disability: the choice of two optional courses from B-10 or B-11 can be on case to case basis (e.g. Student-teachers with VI and HI may opt for courses that are appropriate for them across/only from B10 & B11).

| B6 | Inclusive Education |
| B7 | Introduction to Sensory Disabilities (VI, HI, Deaf-Blind) |
| B8 | Introduction to Neuro Developmental Disabilities (LD, MR(ID), ASD) |
| B9 | Introduction to Locomotor & Multiple Disabilities (CP, MD) |
| B10 | Skill Based Optional Course (Cross Disability and Inclusion) |
| B11 | Skill Based Optional Course (Disability Specialization) |

B10: Skill-based Optional Course (Cross Disability and Inclusion) ANY ONE
A  Guidance and Counselling
B  Early Childhood Care & Education
C  Applied Behavioural Analysis
D  Community Based Rehabilitation
E  Application of ICT in Classroom
F  Gender and Disability
G  Braille and Assistive Devices

B11: Skill-based Optional Course (Disability Specialization) ANY ONE

A  Orientation & Mobility
B  Communication Options: Oralism
C  Communication Options: Manual (Indian Sign Language)
D  Augmentative and Alternative Communication
E  Management of Learning Disability
F  Vocational Rehabilitation & Transition to Job Placement

AREA C: DISABILITY SPECIALIZATION COURSES

Institutions / Organizations offering B.Ed.Spl.Ed. are expected to decide on Specific Disability Area for Specialization out of ASD / HI / LD / MR(ID) / MD / VI

C12  Assessment and Identification of Needs
C13  Curriculum Designing, Adaptation and Evaluation
C14  Intervention and Teaching Strategies
C15  Technology and Disability
C16  Psycho Social and Family Issues

AREA D: ENHANCEMENT OF PROFESSIONAL CAPACITIES (EPC)

(Wherever applicable specific reference to disability will be focused)

D17  Reading and Reflecting on Texts
D18  Drama and Art in Education
D19  Basic Research & Basic Statistic

AREA E: PRACTICAL RELATED TO DISABILITY

E1. Cross disability and inclusion (Part of Area B)
E2. Disability specialization (Part of Area C)

AREA F: FIELD ENGAGEMENT/SCHOOL ATTACHMENT/INTERNSHIP

F1. Main disability special school (Related to Area C)
F2. Other disability special school (Related to Area B)
F3. Inclusive school (Related to Area B & C)

</table>

It may be noted:

1. Observations and Lessons should be on Primary and Secondary level of classes in all three areas, i.e., Disability Specialisation, Other disability and in Special and Inclusive Settings.
2. Practical are focused on school subject teaching. Every student is expected to opt for and teach any two school subject as offered by the Institution/ University.
3. Practical in Other disability should be for other than disability specialisation.
4. Practical in Inclusive settings should be preferably with various disabilities.

VI. ADEQUACY OF THE SPECIAL EDUCATION SYLLABI

The syllabus prescribed for the B.Ed.Spl.Ed. Is on the basis of minimum requirements and therefore, Universities and Colleges of Education/Institutes implementing the B.Ed course can exercise flexibility in opting the number of papers without compromising on the adequacy and validity of the contents prescribed by the RCI.

VII. DURATION OF THE COURSE

The duration of the Course is two academic years, which can be completed in a maximum of three years from the date of admission to the programme.

VIII. WORKING DAYS & ATTENDANCE

The programme will be conducted for at least 200 working days each year exclusive of the period of examination and admission. The institution shall work for a minimum of thirty six hours in a week (five or six days), during which physical presence in the institution of all the teachers and student-teachers is necessary to ensure their availability for advice, guidance, dialogue and consultation as and when needed.

The minimum attendance of Student-Teachers shall have to be 80% for all course work, 90% for all practicum, and 100% for school internship (5% attendance may be condoned by the head of institution on genuine grounds).
IX. ELIGIBILITY FOR ADMISSION

(a) Candidates with at least fifty percent marks either in the Bachelors Degree and/or in the Masters degree in Sciences/ Social Sciences/ Humanities, Bachelor’s in Engineering or Technology with specialization in Science and Mathematics with 55% marks or any other qualification equivalent thereto, are eligible for admission to the programme.
(b) The reservation and relaxation for SC/ST/OBC/PWD and other categories shall be as per the rules of the Central Government/ State Government, whichever is applicable.

X. ADMISSION

Admission Procedure: Through Education Common Entrance Test conducted by Government of Andhra Pradesh.

XI. PROGRAMME PATTERN

The programme has been developed on Semester basis. The Programme has proposed 2400 marks in view of disability specific specialization.

XII. PASSING MINIMUM

Minimum 50% marks are essential in all courses for passing in the programme (Grace Marks as per University norms).

XIII. NATURE OF EVALUATION

Internal & External as per University norms; RCI as Statutory body recommends that the (i) cut-off marks for grade B shall not be less than 50% and for grade B+, it should not be less than 55% under the absolute grading system, and (ii) Internal assessment for Theory Courses will not exceed 20% and 50% in the practicum wherever applicable.

XIV. TRANSITORY REGULATIONS

Whenever a course or scheme of instruction is changed in a particular year, two more examinations immediately following thereafter shall be conducted according to the old syllabus/ regulations. Candidates not appearing at the examinations or failing shall take the examinations subsequently according to the changed syllabus/ regulations/ as per University norms.

XV. FACULTY-STUDENT RATIO

The faculty-student ratio in the area of B.Ed.Spl.Ed. may be 1:10, as per the RCI norms. Considering the infrastructural facilities needed for Special Education and based on the tasks such as supervising practicum, a minimum number of 20 and maximum of 30 students may be admitted for the B.Ed.Spl.Ed. programme.
XVI. FACULTY NORMS

The existing faculty norms will be applicable only for the first year of the academic session 2015-16. Revised norms will be applicable from the academic session 2016-17 onwards (second year of the course starting in 2015-16 onwards). Faculty norms are attached herewith at Annexure - I.

XVII. INFRASTRUCTURAL FACILITIES

It is desirable that institutions have their own building. The building & the plot should ideally be in the name of Institution/ Society/ Trust. In case of rented building, the institution must have a rent agreement for a period extending up to the date of completion of the proposed training program (whenever the training program is proposed to be started). However, in either case, the institution should have minimum 1000 sq. meters area and shall consist of 500 sq. meters built up area for the first proposed training program. For each additional course, 300 sq. meters additional built up area is required. For example, for one course 500 sq. meters built up area, for two courses (500+300) sq. meters and so on.

- Lecture Hall / Classrooms – 3 basic requirements (minimum one Additional classroom for each additional programme)
- Multipurpose Hall – 1
- Staff Room – 1
- Resource Room* – 1
- HOD / Principal Room – 1
- Administrative Room - 1
- Library – 1
- ICT - 1
- Disabled Friendly Disabled Friendly gender-wise washrooms

*Space for Resource Room- it should be large enough to include disability as well as health, physical education, yoga, drama, etc. with respect to children with disabilities.

XVIII. CERTIFICATION AS A REGISTERED PROFESSIONAL

It is mandatory as per Section 13 of RCI Act for every teacher of special education to obtain a “Registered Professional Certificate” from the Rehabilitation Council of India to work in the field of special education in India. As continuous professional growth is necessary for the renewal of the certificate, the teachers as well as educators in special education should undergo in-service programme periodically to update their professional knowledge. Amendments, if any, to the regulations of the course will be made periodically by the Rehabilitation Council of India. Any deviation from the above regulations should have the prior approval of the Rehabilitation Council of India.

The successful students will be registered as Special Educator (Professional). The training institution/organization should ensure that all passed out students are registered with the Council.
XIX. AWARD OF DEGREE

The affiliating Universities will award degree in Bachelor of Education Special Education (Area of Specialisation). The areas of specialisation provided are Autism Spectrum Disorders (ASD), Hearing Impairment (HI), Learning Disability (LD), Mental Retardation/Intellectual Disability (MR/ID), Multiple Disabilities (MD) and Visual Impairment (VI). For example in the area of Hearing Impairment the degree awarded will be B.Ed.Spl.Ed. (HI). While issuing degree certificate, the Universities are advised to clearly spell out the area of specialization and mention as a statement that the passed out can teach in all settings and other disabilities (cross disabilities).

XX. PRACTICING SCHOOLS

Special & Inclusive School - Own Special School/ MoU with Special & Inclusive Schools, preferably up to senior secondary school level recognised by State Government for the main disability area and permission to carry out practical in other disability. Special Schools for ASD and LD is not an essential condition. With a precaution that students with disability should not be overstressed. Institutions offering more than one programme in Special Education must have own Special School and MoU with other Special/Inclusive School for school engagement and field experience.
PHILOSOPHICAL FOUNDATIONS OF EDUCATION

Course Code: A1            Credits: 04
Contact Hours: 60      Marks: 100

Objectives
After completion of the course, the student-teacher will be able to
1. understand the concepts of Education and Philosophy
2. understand the Indian Philosophical thought on Education
3. understand the Implications of various western schools of thought on Education
4. understand the implications made by recent thinkers on education.
5. appreciate the nobility of teaching as a profession.
6. understand the need and importance of values and their role in making an individual a humane.

Course outcomes

The following are the outcomes of the course
1. Explain the concepts of Education and Philosophy
2. Comprehend the Indian Philosophical thought on Education
3. Understand the Implications of various western schools of thought on Education
4. Understand the implications made by recent thinkers on education.
5. Appreciate the nobility of teaching as a profession.
6. Discuss the need and importance of values and their role in making an individual a humane.

Course Content
Unit-1: Introduction to Philosophy and Education
1.1 Concept and Scope of Philosophy
1.2 Concept and Scope of Education
1.3 Types and Functions of Education
1.4 Relationship between Philosophy and Education.
1.5 Philosophy and aims of Education

Unit-2: Indian Education: Historical Perspective
2.1 Education during Ancient Period (Vedic Education, Buddhist Education and Jains)
2.2 Education during Medieval Period (Including Islamic Education)
2.3 Education during Modern Period (Pre-Independent and Post Independent era)
   i. Rabindranath Tagore
   ii. Sri Aurobindo Gosh
   iii. Mohandas Karamchand Gandhi
   iv. Jiddu Krishna Murthy
   v. Dr.BR.Ambedkar
   vi. Moulana Abdul Kalam Azad

Dept.of Education, Andhra University.  Page 22
Unit-3: Eastern Systems and Western Schools of Philosophy
3.1 Eastern Systems of Philosophy
   i. Sankhya   ii. Yoga   iii. Nyaya   iv. Vedanta
3.2 Western Schools of Philosophy
   i. Idealism   ii. Naturalism   iii. Pragmatism   iv. Existentialism

Unit-4: Value Education
4.1 Concept of Value
4.2 Classification of Values
4.3 Value Crisis
4.4 Approaches to inculcate Values
4.5 Values and Harmonious Life

Unit-5: Teaching as a Profession
5.1 Teacher: Professional Competencies and Commitments
5.2 Teacher as a Nation Builder
5.3 Teacher as a Creator and Facilitator of Knowledge
5.4 Professional ethics of teachers
5.5 Teacher and the Future Society

Activities
1. Critically review a selected book written by Contemporary Educationalist in India.
2. Thoughts and reflections of Western Philosophical schools and its relevance to the present day Indian Education – A Report
3. Identify the different roles played by an ideal teacher in the classroom, school and community and report
4. Visit nearby schools under different managements and describe the functioning of the schools
5. List out the values which make an individual a righteous human being

PERSPECTIVES IN CHILD DEVELOPMENT

Course Code: A 2
Credits: 04
Contact Hours: 60
Marks: 100

Objectives
After completion of the course, the student-teacher will be able to
1. compare relative merits and applications of different Approaches of Human Development
2. recognize that childhood is a period of socialization and how socialization practices affect their development
3. critically analyze developmental variations among children placed and exposed to different socio-cultural contexts
4. appreciate the process of development with special focus on childhood and adolescence
5. recognize that adolescence as a period of transition and threshold of adulthood
6. examine characteristics of adolescents and reflect on how their needs act as genesis of certain unique problems
7. illustrate different factors influencing on child development and their applications to education
8. examine different theories of development and their relevance to understand the nature of child

Course outcomes
The following are the outcomes of the course

1. Explain the process of development with special focus on infancy, childhood and adolescence
2. Critically analyze developmental variations among children.

3. Comprehend adolescence as a period of transition and threshold of adulthood.

4. Analyze different factors influencing child development.

5. Examine different theories of development and their relevance to understand the nature of child.

6. Compare relative merits and applications of different Approaches of Human Development.

7. Recognize that childhood is a period of socialization and how socialization practices affect their development.

8. Critically analyze developmental variations among children placed and exposed to different socio-cultural contexts.

Course Content

Unit-1: Approaches of Human Development

1.1 Concept of Growth, Development and Maturation
1.2 Principles of Development
1.3 Stages of Growth and Development (Infancy, Childhood, Adolescence)
1.4 Dimensions of Growth and Development (Physical, Cognitive, Emotional, Social, Moral, Language)
1.5 Longitudinal and cross sectional approaches of understanding development

Unit-2: Theories of Development

2.1 Cognitive theory of Development (Piaget’s)
2.2 Psycho-social theory of development (Erikson).
2.3 Theory of Moral Development (Kohlberg’s).
2.4 Theory of psycho-sexual development (Freud).
2.5 Theory of Emotional Development (Goldstein).

Unit-3: Childhood as a period of Socialization

3.1 Characteristics of childhood – developmental tasks.
3.2 Child development – Physical, cognitive, social, emotional, moral and language development during childhood.
3.3 Child in different socio-cultural contexts.
3.4 Process of socialization – conflicts resolution and social development.
3.5 Stages of Social development – Isolated play, parallel play and social play.

           Characteristics of socially matured person.

Unit-4: Adolescence as a period of transition

4.1 Characteristics and needs in Adolescence
4.2 Genesis of problems during adolescence—Physical, cognitive, emotional, social, moral and language development

4.3 Adolescent Groups—Gangs

4.4 Mechanisms of adjustment with special reference to defense mechanisms and holistic development

4.5 Leadership: Types of Leadership, Development of Leadership qualities in adolescents and its educational implications.

Unit-5: Individual Differences

1.1 Dimensions of Individual differences—cognitive abilities, interests, aptitude, creativity, personality and values

1.2 Theory of multiple intelligence (Gardner) – Implications for understanding differences in children

1.3 Difference in children based on learning styles and socio cultural context (home language and Instructional language)

1.4 Individual differences based on cognitive abilities—learning difficulties, slow learners and intellectually challenged, intellectual giftedness - implications for catering to individual variations in view of “differences” rather than “deficits” perspective.

1.5 Fostering creativity among children.

Activities

1. Visit a balwadi centre/ NGO centers for orphans/ street children homes and prepare a detailed report on the care taken by these centers

2. Description of cases – 1. A Child with any type of disability and 2. A child from disadvantaged section of the society

3. Describe the salient features of Child Rights Act 2005

4. Interact with five adolescents and collect information about their attitudes, interests, aspirations in respect of their educational and occupational choices

CLASSROOM MANAGEMENT LEADERSHIP AND ACTION RESEARCH

Course Code: A 3
Credits: 02
Contact Hours: 30
Marks: 50

Objectives
After completion of the course, the student-teacher will be able to
1. Understand the importance of classroom organization
2. Understand the importance of classroom Management
3. Develop ability to face the problems in managing the classroom.
4. Understand the role of leadership of a teacher
5. Undertake different action research projects to improve professional practices

Course outcomes
The following are the outcomes of the course
1. Explain the meaning purpose and importance of classroom organization
2. Understand the concept, need and approaches of classroom of classroom Management.
3. Develop ability to face the problems in managing the classroom.
4. Acquire the knowledge about role of a leadership of a teacher
5. Undertake different action research projects to improve professional practices.

Course Content

Unit-1: Classroom Organization
1.1 Classroom organization – Meaning and purpose
1.2 Classroom Seating Arrangement for different purposes
1.3 Technology integration – OHP/ LCD, Smart board, Chalk board, White board, Display boards, multimedia, E-Classroom.
1.4 Characteristics of Classroom Environment - Learner friendly and inclusive
1.5 Management and maintenance of physical and material resources to optimize access to learning; Sharing of resources – School Complex
Unit-2: Classroom Management
2.1 Classroom management – concept, need and approaches.
2.2 Managing with different types of students – Leader, Follower, passive
2.3 Classroom behavior management – problems, mistakes, disciplinary practices, corporal punishments, classroom rules, routines and regulations.
2.4 Violation of rights of children – legal consequences.
2.5 Strategies to manage behavior problems - preventive, supportive and corrective.
2.6 Time management in a classroom – Allocated time, instructional time, engaged time and Academic learning time.

Unit-3: Role of Teacher in School Functions
3.1 Teacher as a facilitator of learning
3.2 Perspective planning and coordination with authorities for support.
3.3 Accountability and self assessment of teachers and feedback mechanisms.
3.4 Conducive school environment – team work, transparency, self esteem among head teacher, teachers, students.

Unit-4: Teacher as a Leader
4.1 Concept, Nature and Characteristics of a Leader
4.2 Types of Leadership
4.3 Strategies to develop leadership qualities
4.4 Role of a teacher as a leader in managing classroom dynamics

Unit-5: Action Research in Education
5.1 Action Research – Meaning, Need and Scope
5.2 Steps in Action Research
5.3 Action Research Cycle
5.4 Action Research Problem Areas – Student, Classroom, School, Teacher, Administration, etc.

Activities
1. Prepare a detailed record describing the role of the teacher in organizing the classroom at least by observing a teacher for five periods.
2. Identify a problem for action research and prepare a proposal for action research.
3. Collection of articles from newspapers relating to classroom management problems.
4. Collection of cases of indiscipline and corporal punishment from newspapers.
5. Observe a minimum of five school teachers and describe their leadership characteristics.

Text Books
INTRODUCTION TO SENSORY DISABILITIES

Course Code: B 7 Credits: 02
Contact Hours: 30 Marks: 50

Introduction

The course is designed to provide a basic understanding to the student-teachers about the nature and needs of different types of sensory disabilities. It will also equip them in undertaking screening, planning and instructing students with sensory disabilities.

Objectives

After completing this course, the student-teachers will be able to

- Name the different types of sensory impairments and its prevalence and describe the process of hearing & implications of various types of hearing loss.
- Explain the issues & ways to address challenges in educating students with hearing loss.
- Describe nature, characteristics & assessment of students with low vision & visual impairment.
- Suggest educational placement and curricular strategies for students with low vision & visual impairment.
- Explicate the impact of deaf-blindness & practices for functional development.
Course outcomes

The following are the outcomes of the course
1. Name the different types of sensory impairments and its prevalence and describe the process of hearing & implications of various types of hearing loss.
2. Explain the issues & ways to address challenge in educating students with hearing loss.
3. Describe nature, characteristics & assessment of students with low vision & visual impairment.
4. Suggest educational placement and curricular strategies for students with low vision.
5. Explain the impact of deaf-blindness & practices for functional development.

Unit 1: Hearing Impairment: Nature & Classification 5 Hours

1.1 Types of sensory impairments: Single (Hearing Impairment & Visual Impairment) & Dual sensory impairment (Deaf-blindness)
1.2 Importance of hearing
1.3 Process of hearing & its impediment leading to different types of hearing loss
1.4 Definition of hearing loss, demographics & associated terminologies: deaf/ Deaf/ deafness/ hearing impaired/ disability/ handicapped
1.5 Challenges arising due to congenital and acquired hearing loss

Unit 2: Impact of Hearing Loss 5 Hours

2.1 Characteristics of learners with hearing loss and impact of different degrees of hearing impairment on communication
2.2 Language & communication issues attributable to hearing loss and need for early intervention
2.3 Communication options, preferences & facilitators of individuals with hearing loss
2.4 Issues & measures in literacy development and scholastic achievement of students with hearing loss
2.5 Restoring techniques using human (interpreter) & technological support (hearing device)

Unit 3: Visual Impairment- Nature and Assessment 5 Hours

3.1. Process of Seeing and Common Eye Disorders in India
3.2. Blindness and Low Vision--Definition and Classification
3.2. Demographic Information--NSSO and Census 2011
3.4. Importance of Early Identification and Intervention
3.5. Functional Assessment Procedures

Unit 4: Educational Implications of Visual Impairment 5 Hours

4.1. Effects of Blindness- Primary and Secondary
4.2. Selective Educational Placement
4.3. Teaching Principles
4.4. Expanded Core Curriculum- Concept and Areas
4.5. Commonly Used Low Cost and Advanced Assistive Devices

Unit 5: Deaf-blindness 10 Hours

5.1 Definition, causes, classification, prevalence and characteristics of deaf-blindness
5.2 Effects and implications of deaf-blindness on activities of daily living & education
5.3 Screening, assessment, identification & interventional strategies of deaf-blindness
5.4 Fostering early communication development: Methods, assistive devices and practices including AAC
5.5 Addressing orientation, mobility & educational needs of students with deaf-blindness

Course Work/ Practical/ Field Engagement

- Develop a checklist for screening of children for hearing impairment
- Develop a checklist for screening of children for low vision
- Develop a checklist for screening of children for blindness
- Develop a checklist for screening of children for deaf blindness
- Journal based on observations of teaching children with sensory disabilities

INTRODUCTION TO NEURO DEVELOPMENTAL DISABILITIES

Course Code: B 8
Credits: 02

Dept. of Education, Andhra University.
Introduction

The course integrates relevant subject matter in the areas of Learning Disability, intellectual Disability and Autism Spectrum Disorder. This course will prepare preservice teachers to work with students with Neuro Developmental disabilities in inclusive and specialized settings. It fosters the acquisition of the broad-based knowledge and skills needed to provide effective educational programs for students with learning and behavior characteristics. The course emphasizes implications for educational and vocational programming, curriculum, and instruction.

Objectives

After completing the course the student-teachers will be able to

• Discuss the characteristics and types of learning disability.
• Describe the tools, areas of assessment and apply intervention strategies to enhance learning.
• Explain the characteristics and types of Intellectual disability.
• Describe the tools, areas of assessment and prepare and apply intervention strategies for independent living.
• Explain the characteristics and types of Autism Spectrum Disorder.
• Describe the tools, areas of assessment and apply intervention strategies.

Course outcomes

The following are the outcomes of the course

1. Discuss the characteristics and types of learning disability.
2. Describe the tools, areas of assessment and apply intervention strategies to enhance learning
3. Explain the characteristics and types of Intellectual disability.
4. Describe the tools, areas of assessment and prepare and apply intervention strategies for independent living
5. Explain the characteristics and types of Autism spectrum Disorder
6. Describe the tools, areas of assessment and apply intervention strategies

Unit 1: Learning Disability: Nature, Needs and Intervention
1.1 Definition, Types and Characteristics
1.2 Tools and Areas of Assessment
1.3 Strategies for reading, Writing and Maths
1.4 Curricular Adaptation, IEP, Further Education,
1.5 Transition Education, Life Long Education

Unit 2: Intellectual Disability: Nature, Needs and Intervention

2.1 Definition, Types and Characteristics
2.2 Tools and Areas of Assessment
2.3 Strategies for Functional Academics and Social Skills
2.4 Assistive Devices, Adaptations, Individualized Education Plan, Person Centered Plan, Life Skill Education
2.5 Vocational Training and Independent Living

3.1 Definition, Types and Characteristics
3.2 Tools and Areas of Assessment
3.3 Instructional Approaches
3.4 Teaching Methods
3.5 Vocational Training and Career Opportunities

Transaction

This course should be taught through lectures, discussion, demonstrations, presentations and workshops. They should be given hands on training in assessments of specific needs of children; interpretation of test reports and develops strategies for classroom intervention

Course Work/ Practical/ Field Engagement

• Develop an Assessment Tool for a child with learning disability in the given area
• Prepare a transition plan from school to college for an LD Child
• Prepare a life skill curriculum
• Prepare a screening tool for children with Autism Spectrum Disorder
• Prepare teacher made test for functional assessment of a given child with ID/ Autism
• Plan an educational program on the basis of an assessment report of a child with ID/Autism

INTRODUCTION TO LOCOMOTOR AND MULTIPLE DISABILITIES

Course Code: B 9  Credits: 02
Contact Hours: 30  Marks: 50

Introduction
The course aims to develop understanding about planning effective educational programme and functional activities for students with locomotor and multiple disabilities. This course intends to develop required skills in teacher trainee to identify the children with locomotor and multiple disabilities and also plan an effective programme education as well as for creating awareness on these conditions. Teacher is also expected to plan an effective therapeutic and programme and also refer for medical intervention whenever if necessary.

Objectives
After completing the course the student-teachers will be able to

- Identify the persons with Locomotor disabilities such as Cerebral Palsy, Amputees, Polio, Leprosy cured, Muscular dystrophies, Neural and spinal defects and Multiple disabilities.
- Plan an effective programme for creating awareness about the persons with Locomotor disabilities and Multiple disabilities.
- Plan an effective therapeutic and programme for the persons with Locomotor disabilities and Multiple disabilities and to refer for medical intervention if necessary.
- Plan an effective educational programme and functional activities for the persons with Locomotor disabilities and Multiple disabilities.

Course outcomes
The following are the outcomes of the course

- Identify the persons with Locomotor disabilities such as Cerebral Palsy, Amputees, Polio, Leprosy cured, Muscular dystrophies, Neural and spinal defects and Multiple disabilities.
- Plan an effective programme for creating awareness about the persons with Locomotor disabilities and Multiple disabilities.
- Plan an effective therapeutic and programme for the persons with Locomotor disabilities and Multiple disabilities and to refer for medical intervention if necessary.
- Plan an effective educational programme and functional activities for the persons with Locomotor disabilities and Multiple disabilities.

Unit 1: Cerebral Palsy (CP)
1.1. CP: Nature, Types and Its Associated Conditions
1.2. Assessment of Functional Difficulties of CP including Abnormalities of Joints and Movements (Gaits)
1.3. Provision of Therapeutic Intervention and Referral of Children with CP
1.4. Implications of Functional Limitations of Children with CP in Education and
Creating Prosthetic Environment in School and Home: Seating Arrangements, Positioning and Handling Techniques at Home and School

1.5. Facilitating Teaching-Learning of Children with CP in School, IEP, Developing TLM; Assistive Technology to Facilitate Learning and Functional Activities

Unit 2: Amputees, Polio, Spinal Cord Injuries Spina-bifida and Muscular Dystrophy

2.1. Definition, Meaning and Classification
2.2. Assessment of Functional Difficulties
2.3. Provision of Therapeutic Intervention and Referral
2.4 Implications of Functional Limitations for Education and Creating Prosthetic Environment in School and Home: Seating Arrangements, Positioning and Handling Techniques at Home and School
2.5 Facilitating Teaching-Learning: IEP, Developing TLM; Assistive technology

Unit 3: Multiple Disabilities and Other Disabling Conditions

3.1 Multiple Disabilities: Meaning and Classifications
3.2 Various Combinations of Multiple Disabilities and Associated Conditions Such as Epilepsy, Motor and Sensory Conditions
3.3 Other Disabling Conditions such as Leprosy Cured Students, Tubercular Sclerosis and Multiple Sclerosis
3.4 Implications of Functional Limitations for Education and Creating Prosthetic Environment in School and Home: Seating Arrangements, Positioning and Handling Techniques at Home and School
3.5 Facilitating Teaching-Learning: IEP, Developing TLM; Assistive technology

Course Work/ Practical/ Field Engagement (any one of the following)

- Undertake a case study after identifying a child with cerebral palsy or a child with Multiple Disabilities. Assess the child’s difficulties in activities of daily living and academic activities and develop an intervention plan.
- Undertake a survey on 50 children with different disabilities and find out how many children are affected with cerebral palsy and multiple disabilities. Find out the causes of their disabling conditions and what difficulties these children are facing in attending their schools.

ASSESSMENT AND IDENTIFICATION OF NEEDS

Course Code: C 12  
Credits: 04  
Contact Hours: 60  
Marks: 100

Introduction
Hearing loss needs to be identified at the earliest in order to provide timely intervention to children with hearing impairment. This in turn would help them to develop adequate speech and language to function similar to typically developing children in school and beyond. The course is designed to provide inputs to learners about various assessment to be undertaken for identifying needs in order to plan the intervention program.

Objective

After completing the course student-teachers will be able to

- Explain the need and techniques for early identification of hearing loss in children.
- Acquire knowledge in the area of audiological assessment and its relevance in education.
- To discuss communicative and language related needs with the understanding of its development and assessment.
- Understand the need for assessment of various processes involved in production of speech.
- Describe and identify different components of educational assessment and analyse various educational needs of individuals with hearing impairment.

Course outcomes

The following are the outcomes of the course

- Explain the need and techniques for early identification of hearing loss in children.
- Acquire knowledge in the area of audiological assessment and its relevance in education.
- To discuss communicative and language related needs with the understanding of its development and assessment.
- Understand the need for assessment of various processes involved in production of speech.
- Describe and identify different components of educational assessment and analyse various educational needs of individuals with hearing impairment.
Unit 1: Early Identification of Hearing Loss: Need and Strategies

1.1 Need for early identification of hearing loss
1.2 Overview to behavioural and objective techniques in screening for hearing loss
1.3 Team members involved in hearing screening and their role
1.4 Use of checklists and behavioural observation in early identification of hearing loss by school teachers (congenital & acquired)
1.5 Referral of children based on signs and symptoms of hearing loss

Unit 2: Audiological Assessment

2.1 Orientation: Sound, Physical and psychological parameters/attributes, concept of dBHL vs dBSPL, Auditory milestones in typical children (0-2 years)
2.2 Assessment & methods of assessment: Subjective & Objective tests; Orientation to these tests and their importance
2.3 Audiometer: Block diagram, parts & use; Types of audiometry [sound field (BOA, VRA) & close field]; role of special educators in conditioning for pure tone audiometry
2.4 Audiogram: Understanding of audiogram and its implication in assessing the educational needs of children with different types and degrees of hearing loss. 2.5 Concept of unaided, aided audiograms, Speech spectrum and its applications

Unit 3: Assessment of Language & Communication

3.1 Communication: Concepts and types (Linguistic versus Non Linguistic)
3.2 Receptive and Expressive Language: Concept, Types (verbal and manual) and Structure
3.3 Developmental milestones in typically growing children; Impact of deafness on communication and language with reference to clinical (type, degree, onset) and environmental (parental participation, access to language early intervention services) factors
3.4 Assessing communication and language: Developmental checklists, Scales, Standardized tools and assessing language samples using parameters of measurement (productivity, complexity, correctness and communicativeness)
3.5 Identification of needs related to communication and language

Unit 4: Assessment of Speech

4.2 Respiration and Phonation: Pre-requisites, process, types and need for assessment
4.2 Basics of Articulation and phonology (active and passive articulators; classification of vowels and consonants; assessment of articulation)
4.3 Suprasegmental aspects of speech and its assessment
4.4 Milestones of speech development in typically developing children
4.5 Speech Intelligibility: Concept, Factors & Assessment
Unit 5: Educational Assessment and Identification of Needs

5.1 Educational assessment: Concept and Scope
5.2 Factors affecting educational performance: individual, family and environment
5.3 Types of Assessment: Norm referenced and Criterion Referenced test, Comprehensive and Continuous assessment, Summative and Formative, Formal and Informal, Conventional & alternate, Performance based and Curriculum based
5.4 Tools and techniques of Educational Assessment: Observations, Interviews, Developmental scales, Standardized and Criterion based tests, Teacher Made Tests at different levels and classroom assessment techniques (Conventional and Modern)
5.5 Current trends and challenges in assessment: Independent, dual purpose and constructivist perspective and adaptations

Course work/ Practical/ Field Engagement

- Compiling checklists (at least two) to identify hearing impairment in children
- Using the audiograms of children (at least two), identify the audiological needs of each
- Profiling the speech of children (at least two) by using a speech assessment kit
- Record the interaction with the three year old typically developing child and write your brief reflections in terms of use of vocabulary and syntax
- Compile various tools used for educational assessment of children

OBJECTIVES
After completion of the course, the student-teacher will be able to
1. understand the sociological basis of Education
2. understand the impact of culture and socialization on Education
3. sensitize the student teacher about the impact of Education on the quality of life
4. understand the preamble of the constitution in the light of Education
5. organize various programmes to achieve national integration and international understanding

Course outcomes
The following are the outcomes of the course
1. understand the sociological basis of Education
2. understand the impact of culture and socialization on Education
3. sensitize the student teacher about the impact of Education on the quality of life
4. understand the preamble of the constitution in the light of Education
5. organize various programmes to achieve national integration and international understanding

Course Content
Unit-I: Sociology and Education
   1.1 Meaning, nature and scope of sociology
   1.2 Relationship between sociology and Education
   1.3 Agencies of socialization (Family, peer group, school, Media, Religion
   1.4 Role of Teacher in Socialisation process
   1.5 Impact of Socialisation on Education

Unit-II: Culture and Education
   2.1 Meaning and definitions of culture
2.2 Characteristics of culture
2.3 Dimensions of culture, cultural lag, cultural pluralism
2.4 Impact of culture on Education
2.5 Role of Education in preservation, transmission and promotion of culture

Unit-III: Social Change and Education
3.1 Meaning and factors responsible for Social change
3.2 Concept and attributes of Modernization
3.3 Social stratification, Social Mobility and Education
3.4 Education as a facilitator for social change
3.5 Social Networking its implications on social cohesion and education

Unit-IV: Democracy and Education
4.1 Concept and Principles of Democracy
4.2 Equality and equity in Education
4.3 Preamble of the Constitution in relation to Education
4.4 Role of Education in strengthening democracy and democratic citizenship
Teacher as a democrat

Unit-V: Education and National Integration
5.1 Concept, Need for National Integration
5.2 Education as an instrument for national integration
5.3 Programmes to promote National Integration and International understanding.
5.4 Peace education in schools
5.5 Social Crisis and its Management

Activities
1. Study the cultural practices prevailing in the local community and submit a report
2. Study the diversities existing in the community and describe the root causes for such diversities.
3. Study the social stratification in a village/ward and prepare a report on it.
4. Education and social mobility – Conduct a survey in a village/ward and prepare a report

LEARNING AND TEACHING

Course Code: A 5
Contact Hours: 60
Terms: 100

Objectives
After completion of the course, the student-teacher will be able to

1. To be aware of the process of learning and information processing
2. To gain an understanding of different theoretical perspectives on learning
3. To reflect on their own implicit understanding of the nature and kinds of learning
4. To explore the possibilities of designing learning environment and experiences at school
5. To appreciate the critical role of learner differences and social contexts in making meanings and drawing implications for schools and teachers

Course outcomes

The following are the outcomes of the course

1. To be aware of the process of learning and information processing
2. To gain an understanding of different theoretical perspectives on learning
3. To reflect on their own implicit understanding of the nature and kinds of learning
4. To explore the possibilities of designing learning environment and experiences at school
5. To appreciate the critical role of learner differences and social contexts in making meanings and drawing implications for schools and teachers

Course Content

Unit-1: Process of Learning
1.1 Concept of learning, types of learning and factors influencing learning
1.2 Learning process: Attention, sensation, perception, and concept formation
1.3 Memory & forgetting: concept, types of memory, applicability to learning and strategies for better management of memory.
1.4 Transfer of learning: concept, theories and types (Horizontal and Vertical)
1.5 Role of motivation in learning; methods of improving motivation

Unit-2: Behaviorist Perspectives of Learning
2.1 Trial and error - Thorndike, Laws of learning, concept and principles and classroom implications
2.2 Classical Conditioning - Pavlov, concept and principles and classroom implications
2.3 Operant Conditioning – Skinner, concept and principles and classroom implications
2.4 Compare these perspectives in terms of their merits and applicability to classroom learning

Unit-3: Cognitive and Humanist Perspectives of Learning
3.1 Cognitive perspectives of learning (insight learning – Kohler, Discovery learning - Bruner, Developmental theory of learning - Piaget, Social Learning - Bandura, Social constructivism – Vygotsky)
3.2 Humanist perspectives of learning (Learner centered approach – Rogers)

Unit-4: Teaching Process
4.1 Concept of teaching, teaching as a profession and teacher as a professional, teaching as an art and science
4.2 Distinction between Instruction, training and teaching
4.3 Phases of teaching: planning, execution and reflection
4.4 Role of teacher in teaching learning process: teacher as a model, facilitator, negotiator, co-learner, reflective practitioner and classroom researcher
4.5 Functions of a teacher in classroom, school and community
Unit-5: Learning Environment and Learning Engagement

5.1 Meaning of learning environment and learning engagement
5.2 Creating positive and productive environment for learning - creation of emotionally safe learning environment to increase learning
5.3 Development of emotional intelligence
5.4 Role of culture in the educative process, creating culturally responsive learning environment, create cultural congruity between home and school
5.5 Assisted performance, supervised discussion and reciprocal teaching as strategies to enhance motivation and learning

Activities
1. Prepare a list of study habits prevailing among students of a particular class through interaction of students
2. A report on learning situations, learners attention, motivational status among the students of a particular class through observation
3. Conduct a group discussion on strategies of memorization – Repeated reading, writing, peer group discussion, explaining to others, etc. and prepare a report
4. Understanding the nature of interaction between teachers and students by Flander’s Interaction model and prepare a report

PEDAGOGY OF TEACHING SCIENCE

Course Code: A 6(Part I)       Credits: 04
Contact Hours: 60            Marks: 100

Introduction
The course will help the student-teachers to generate their student’s interest for learning science and develop a scientific attitude. It is designed to equip the student-teachers to teach science using innovative methods, techniques and teaching learning material to students with & without disabilities.

Objectives
After completing the course the student-teachers will be able to

• Explain the role of science in day to day life and its relevance to modern society.
• Describe the aims and objectives of teaching science at school level.
• Demonstrate and apply skills to select and use different methods of teaching the content of sciences.
• Demonstrate competencies of planning for teaching sciences, organizing laboratory facilities and equipment designing pupil centered teaching learning experiences.
• Demonstrate skills to design and use various evaluation tools to measure learner achievement in sciences.

Course outcomes

The following are the outcomes of the course

• Explain the role of science in day to day life and its relevance to modern society.
• Describe the aims and objectives of teaching science at school level.
• Demonstrate and apply skills to select and use different methods of teaching the content of sciences.
• Demonstrate competencies of planning for teaching sciences, organizing laboratory facilities and equipment designing pupil centered teaching learning experiences.
• Demonstrate skills to design and use various evaluation tools to measure learner achievement in sciences.

Unit 1: Nature and Significance of Science

1.1 Nature, Scope, Importance and Value of Science
1.2 Science As An Integrated Area of Study
1.3 Science and Modern Indian Society: Relationship of Science and Society
1.4 Impact of Science with Special Reference to Issues related with Environment, Industrialization and Disarmament
1.5 Role of Science for Sustainable Development

Unit 2: Planning for Instruction

2.1 Aims and Objectives of Teaching Science in Elementary and Secondary School
2.2 Bloom’s Taxonomy of Educational Objectives and Writing Objectives in Behavioural Terms
2.3 Lesson Planning – Importance and Basic Steps. Planning Lesson for an Explanation, Demonstration, and Numerical Problem in Teaching of Sciences
2.4 Unit Planning – Format of A Unit Plan
2.5 Pedagogical Analysis: Meaning and Need. Guidelines for Conducting Pedagogical Analysis

Unit 3: Approaches and Methods of Teaching Sciences

3.1 Process Approach, Direct Experience Approach, Inductive-Deductive Approach
3.2 Lecture, Demonstration, Discussion, Problem-solving, Concept-mapping, Programmed Instruction, Team Teaching, Seminar, Computer Assisted Learning (CAL)
3.3 Project Method and Heuristic Method
3.4 Creating Different Situations of Learning Engagement: Group Learning, Individual Learning, Small Group, Cooperative (Peer-Tutoring, Jigsaw, etc.), Situated/Contextual Learning with reference to Children with Disabilities
3.5 Constructivist Approach and its Use in Teaching Science

Unit 4: Learning Resources with reference to Children with Disabilities for Teaching Science

4.1 Teaching Learning Aids – Need, Importance, Selection, Use and Classification of Aids Based on Type of Experience, Audio Visual Aids, Multimedia, Charts, and Models (Tactile and Visual)
4.2 Importance of Co-Curricular Activities-Science Club, Science Exhibition, Science Text Books-Characteristics and Significance with reference to Children with Disabilities
4.3 The Science Laboratory-Planning Organization of Lab, Storage, Record Keeping and Safety of Scientific Equipments with reference to Children with Disabilities
4.4 Aquarium, Vivarium – Role in Teaching with Setting & Maintaining
4.5 Museum, Botanical And Zoological Garden: Role In Teaching

Unit 5: Evaluation

5.1 Evaluation- Concept, Nature and Need
5.2 Norm Referenced & Criterion Referenced Evaluation, Comprehensive and Continuous Evaluation: Concept and Significance, Scholastic and Co-Scholastic
Assessment
5.3 Tools and Techniques for Formative and Summative Assessments
5.4 Preparation of Diagnostic Test and Achievement Test
5.5 Adaptations of Evaluation Procedure With Reference To Children With Disabilities

Practical/ Field Engagement/Project Work

Any one of the following
I. Pedagogical analysis of a unit from Science content.
II. Preparation of a multimedia presentation on a topic from Science content keeping students with disabilities in view.
III. Developing an Action Research Plan on a problem related to teaching and learning of Sciences to students with disabilities to students with disabilities.
IV. Construction of a diagnostic test for unit along with a remedial plan.
V. Comparative analysis of prescribed syllabus and textbooks of different Boards Curricular adaptations for teaching Sciences to students with disabilities.
VI. Curricular adaptations for teaching Sciences to students with disabilities.

PEDAGOGY OF TEACHING MATHEMATICS
Course Code: A 6 (Part II)  Credits: 04
Contact Hours: 60  Marks: 100

Introduction
The course will help the student-teachers to generate their student’s interest for learning maths and develop dispositions towards the subject. It is designed to equip the learners to teach maths using innovative methods, techniques and teaching learning material for children with & without disabilities.

Objectives
After completing the course the student-teachers will be able to

- Explain the nature of Mathematics and its historical development with contribution of Mathematicians.
- Describe the aims and objectives of teaching Mathematics at school level.
- Demonstrate and apply skills to select and use different methods of teaching Mathematics.
- Demonstrate competencies of planning for teaching Mathematics, organizing laboratory facilities and equipment designing pupil centered teaching learning experiences.
- Demonstrate skills to design and use various evaluation tools to measure learner achievement in Mathematics.

Course outcomes
The following are the outcomes of the course

- Explain the nature of Mathematics and its historical development with contribution of Mathematicians.
- Describe the aims and objectives of teaching Mathematics at school level.
- Demonstrate and apply skills to select and use different methods of teaching Mathematics.
- Demonstrate competencies of planning for teaching Mathematics, organizing laboratory facilities and equipment designing pupil centered teaching learning experiences.
- Demonstrate skills to design and use various evaluation tools to measure learner achievement in Mathematics.

Unit 1: Nature of Mathematics
3.1 Meaning, Nature, Importance and Value of Mathematics
3.2 Axioms, Postulates, Assumptions and Hypothesis in Mathematics
3.3 Historical Development of Notations and Number Systems
3.4 Contribution of Mathematicians (Ramanujam, Aryabhata, Bhaskaracharya, Euclid, Pythagoras)
3.5 Perspectives on Psychology of Teaching and Learning of Mathematics—Constructivism, Enactivism, Vygotskyian Perspectives, and Zone of Proximal Development

Unit 2: Objectives and Instructional Planning in Mathematics
2.1 Aims and Objectives of Teaching Mathematics in Elementary and Secondary Schools
2.2 Bloom’s Taxonomy of Educational Objectives and Writing Objectives in Behavioural Terms
2.3 Lesson Planning—Importance and Basic Steps. Planning Lesson of Arithmetic, Algebra and Geometry
2.4 Unit Planning – Format of A Unit PlanPedagogical Analysis: Meaning and Need and Procedure for Conducting Pedagogical Analysis. Classification of Content, Objective, Evaluation, etc

Unit 3: Strategies for Learning and Teaching Mathematics
3.1 Concept Formation and Concept Attainment: Concept Attainment Model for Learning and Teaching of Concepts
3.2 Learning By Exposition: Advanced Organizer Model
3.3 Methods of Teaching—Lecture, Discussion, Demonstration, Inductive-Deductive, Analytic-Synthetic, Problem-Solving, And Project
3.5 Creating Different Situations of Learning Engagement: Group Learning, Individual Learning, Small-Group, Cooperative (Peer-Tutoring, Jigsaw, etc.), and Situational/Contextual Learning

Unit 4: Teaching-Learning Resources in Mathematics for Students with Disabilities
4.1 Mathematics Laboratory—Concept, Need, and Equipment for Setting Up a Mathematics Laboratory
4.2 Utilization of Learning Resources in Mathematics: Charts and Pictures, Weighing and Measuring Instruments, Drawing Instruments, Models, Concrete Materials, Surveying Instruments With Reference To Children With Disabilities
4.3 Bulletin Boards and Mathematics Club
4.4 Abacus, Cussionaire Rods, Fractional Discs, Napier Strips
4.5 Calculators, Computers, Smart Boards, Multimedia Presentations, and Special Aids and Appliances For Children With Disabilities

Unit 5: Assessment and Evaluation for Mathematics Learning
5.1 Assessment and Evaluation—Concept, Importance and Purpose
5.2 Error Analysis, Diagnostic Tests, Identification of Hard Spots and Remedial Measures
5.3 Tools and Techniques for Formative and Summative Assessments of Learner
Achievement in Mathematics, Comprehensive and Continuous Evaluation in Mathematics

5.4 Preparation of Diagnostic and Achievement Test
5.5 Adaptations in Evaluation Procedure for Students With Disabilities

Practical/ Field Engagement/ Project Work

Any one of the following

I. Pedagogical analysis of a unit of content from secondary school Mathematics Syllabus
II. Preparation of a multimedia presentation on a topic with special reference to students with disabilities
III. Construction of a question paper based on current CBSE format/concerned State Board of education, preparing its Scoring key, and marking scheme
IV. Analyzing errors committed by school children in Mathematics and preparing a remedial plan
V. Developing an Action Research proposal for a problem related to teaching and learning of Mathematics with reference to students with disabilities

Transactions

Lecture cum demonstration, Workshops and Seminars

PEDAGOGY OF TEACHING SOCIAL SCIENCE

Course Code: A 6 (Part III)  Credits: 04
Contact Hours: 60  Marks: 100

Introduction
This course explores the scope of social science. It develops competencies in designing lesson plans and evaluations tools. It addresses the knowledge and understanding of the methodologies, approaches to teach social sciences at secondary level and also modify and adapt content-area curricula, materials and techniques for students with disabilities. The course also focuses on various skills and competencies that teachers need to develop.

Objectives
After completing the course the student-teachers will be able to

• Explain the concept, nature and scope of social science.
• Develop competencies for designing unit and lesson plans, as well as tools of evaluation for social science teaching.
• Develop skills in preparation and use of support materials for effective social science teaching.
• Develop the ability to organize co-curricular activities and community resources for promoting social science learning.

Course outcomes

The following are the outcomes of the course

• Explain the concept, nature and scope of social science.
• Develop competencies for designing unit and lesson plans, as well as tools of evaluation for social science teaching.
• Develop skills in preparation and use of support materials for effective social science teaching.
• Develop the ability to organize co-curricular activities and community resources for promoting social science learning.

Unit I: Nature of Social Sciences

1.1 Concept, scope and nature of social science
1.2 Difference between social sciences and social studies
1.3 Aims and objectives of teaching social science at school level
1.4 Significance of social science as a core subject
1.5 Role of social science teacher for an egalitarian society
Unit II: Curriculum and Instructional Planning

2.1 Organization of social science curriculum at school level
2.2 Instructional Planning: Concept, need and importance
2.3 Unit plan and Lesson plan: need and importance
2.4 Procedure of Unit and Lesson Planning
2.5 Adaptation of unit and lesson plans for children with disabilities

Unit III: Approaches to teaching of Social Science

3.1 Curricular approaches: a) Coordination, b) Correlational, c) Concentric, d) Spiral, e) Integrated, f) Regressive
3.2 Methods of teaching social science: Lecture, discussion, socialized recitation, source and project method devices and techniques of teaching social studies – Narration, description, illustration, questioning, assignment, field trip, story telling, Role play, Group and self study, programmed learning, inductive thinking, Concept mapping, expository teaching and problem solving
3.3 Accommodations required in approaches for teaching children with disabilities
3.4 Instructional material for teaching of social science: Time-lines & Genealogical charts, Maps & Globes, Use of different types of Boards(Smart boards, Chalk Board, Flannel Board), Tape-records, Radio, Television, Films & Filmstrips, Overhead Projector, Social science games and Power Point Presentation
3.5 Adaptations of material for teaching children with disabilities

Unit IV: Evaluation of Learning in Social Science

4.1 Purpose of evaluation in social science
4.2 Techniques of evaluating learner achievement in social Science: Written and Oral tests, Observation Tools, Work Samples, Portfolio
4.3 Assessment: tools and techniques of Continuous and Comprehensive Evaluation (CCE) for curricular and co-curricular subjects
4.4 Construction of teacher made test
4.5 Diagnostic testing and enrichment techniques for children with disabilities

Unit V: Social Science Teacher as a Reflective Practitioner

5.1 Being a reflective practitioner- use of action research
5.2 Developing an Action Research Plan for solving a problem in teaching-learning of Social science
5.3 Case study- Need and Importance for a School Teacher
5.4 Development of a Professional Portfolio/ Teaching Journal
5.5 Competencies for teaching Social science to children with disabilities

**Transaction**

The student-teachers should be encouraged to read chapters and articles. There may be quizzes, seminars, field trips, lectures, demonstrations, school visits and observations to teach this course.

**Course Work/ Practical/ Field Engagement**

- Prepare a unit of social science content for a given child with disabilities
- Develop an Action Research Plan on a problem related to teaching and learning in Social Science
- Adapt teaching learning materials for a child with disabilities
- Develop questions and achievement tests in social science
- Organize activities like quiz, mock-parliament, field trips, exhibitions and any other co-curricular activities in schools

**Essential Readings**

**Suggested Readings**

PEDAGOGY OF TEACHING ENGLISH

Course Code: A 6 (Part IV)          Credits: 04
Contact Hours: 60                   Marks: 100

Introduction
This course will enable the student-teachers to gain a strong knowledge base in nature of English language & literature, instructional planning and evaluation. It will help in applying theory to practice to design your own materials and plan lessons in preparation for teaching real classes. The course offers you the opportunity to explore in-depth aspects of English and to find out about the approaches and current practices of language teaching in relation to Indian and international contexts. The course also equips you with analytical and investigative skills and provides a foundation in issues related to English language teaching, second language pedagogy and language acquisition.

Objectives
After completing the course the student-teachers will be able to

- Explain the principles of language teaching, and evolution and trends in English literature.
- Prepare an instructional plan in English.
- Adapt various approaches and methods to teach English language.
- Use various techniques to evaluate the achievement of the learner in English.

Course outcomes
The following are the outcomes of the course

- Explain the principles of language teaching, and evolution and trends in English literature.
- Prepare an instructional plan in English.
- Adapt various approaches and methods to teach English language.
- Use various techniques to evaluate the achievement of the learner in English.

Unit I: Nature of English Language & Literature
1.1 Principles of Language Teaching
1.2 Language Proficiency: Basic Interpersonal Communication Skills (BICS) and Cognitive Academic Language Proficiency (CALP)
1.3 English Language in the school context: An Evolutionary Perspective
1.4 Current Trends in Modern English Literature in Indian context
1.5 Teaching as second language in Indian context.

Unit II: Instructional Planning
2.1 Aims and objectives of Teaching English at different stages of schooling
2.2 Instructional Planning: Need and Importance
2.3 Unit and lesson plan: Need and Importance
2.4 Procedure of Unit and Lesson Planning
2.5 Planning and adapting units and lessons for children with disabilities

Unit III: Approaches and Methods of Teaching English
3.1 Difference between an approach and a method
3.2 Task based approach, co-operative learning, language across curriculum, communicative language teaching, Bilingual, Eclectic and Constructive approach
3.3 Method Teaching of Prose, Poetry, Drama, Grammar and Vocabulary- i) Translation method. ii) Structural – Situational method. iii) Direct method
3.4 Development of four basic language skills: Listening, Speaking, Reading, and Writing
3.5 Accommodation in approaches and techniques in teaching children with disabilities

Unit IV: Instructional Materials
4.1 Importance of instructional material and their effective use
4.2 The use of the instructional aids for effective teaching of English: Smart boards, Chalk Board, Flannel Board, Pictures/ Picture-cut-outs, Charts, Tape-records, Radio, Television, Films & Filmstrips, Overhead Projector, Language Laboratory, Language games, reading cards, Worksheets, Handouts, and Power Point Presentation
4.3 Construction of a teacher made test for English proficiency
4.4 Teaching portfolio
4.5 Adaptations of teaching material for children with disabilities

Unit V: Evaluation
5.1 Evaluation - Concept and Need
5.2 Testing Language skills and Language elements (Vocabulary, Grammar and Phonology)
5.3 Adaptation of Evaluation Tools for Children with Disabilities
5.4 Individualized assessment for Children with Disabilities
5.5 Error analysis, Diagnostic tests and Enrichment measures

Transaction
This course should be taught through a series of workshops, seminars and presentations. Lectures, demonstrations and discussions for theory based topics. Students should be encouraged to use
instructional material in their practice of teaching lessons. Adaptations in pedagogy, material and evaluation should be taught through workshops and specific case studies.

**Course Work/ Practical/ Field Engagement**

- Design teaching programme based on error analysis
- Develop an Action Research Plan for measuring the effectiveness of a given teaching approach in English
- Develop work sheet (interactive including language games)
- Prepare worksheets to enrich vocabulary among secondary students with disabilities
- Develop lesson plans for the teaching of prose and poetry
- Critically analyze any one poem or essay of a well known poet or writer

**Essentital Readings**

**Suggested Readings**

PEDAGOGY OF TEACHING TELUGU

Course Code: A 6 (Part V)  
Credits: 04
Contact Hours: 60  
Marks: 100
Introduction

The course is designed to develop an understanding about inclusive education and addressing diversity in the mainstream classroom. It is also formulated in a way that the learners will know the pedagogical practices and recognises ways in which different stakeholders can collaborate for the success of inclusive education.

Objectives

After completing the course the student-teachers will be able to

- Explain the construct of inclusive education & the progression from segregation towards valuing & appreciating diversity in inclusive education.
- Explicate the national & key international policies & frameworks facilitating inclusive education.
- Enumerate the skills in adapting instructional strategies for teaching in mainstream classrooms.
- Describe the inclusive pedagogical practices & its relation to good teaching.
- Expound strategies for collaborative working and stakeholders support in implementing inclusive education.

Course outcomes

The following are the outcomes of the course

- Explain the construct of inclusive education & the progression from segregation towards valuing & appreciating diversity in inclusive education.
- Explicate the national & key international policies & frameworks facilitating inclusive education.
- Enumerate the skills in adapting instructional strategies for teaching in mainstream classrooms.
- Describe the inclusive pedagogical practices & its relation to good teaching.
- Expound strategies for collaborative working and stakeholders support in implementing inclusive education.

Unit 1: Introduction to Inclusive Education 5 Hours

1.1 Marginalisation vs. Inclusion: Meaning & Definitions
1.2 Changing Practices in Education of Children with Disabilities: Segregation, Integration & Inclusion
1.3 Diversity in Classrooms: Learning Styles, Linguistic & Socio-Cultural Multiplicity
1.4 Principles of Inclusive Education: Access, Equity, Relevance, Participation & Empowerment
1.5 Barriers to Inclusive Education: Attitudinal, Physical & Instructional

Unit 2: Polices & Frameworks Facilitating Inclusive Education 5 Hours
2.1 International Declarations: Universal Declaration of Human Rights (1948), World Declaration for Education for All (1990)

Unit 3: Adaptations Accommodations and Modifications 7 Hours

3.1 Meaning, Difference, Need & Steps
3.2 Specifics for Children with Sensory Disabilities
3.3 Specifics for Children with Neuro-Developmental Disabilities
3.4 Specifics for Children with Loco Motor & Multiple Disabilities
3.5 Engaging Gifted Children

Unit 4: Inclusive Academic Instructions 8 Hours

4.1 Universal Design for Learning: Multiple Means of Access, Expression, Engagement & Assessment
4.2 Co-Teaching Methods: One Teach One Assist, Station-Teaching, Parallel Teaching, Alternate Teaching & Team Teaching
4.3 Differentiated Instructions: Content, Process & Product
4.4 Peer Mediated Instructions: Class Wide Peer Tutoring, Peer Assisted Learning Strategies
4.5 ICT for Instructions

Unit 5: Supports and Collaborations for Inclusive Education 5 Hours

5.1 Stakeholders of Inclusive Education & Their Responsibilities
5.2 Advocacy & Leadership for Inclusion in Education
5.3 Family Support & Involvement for Inclusion
5.4 Community Involvement for Inclusion
5.5 Resource Mobilisation for Inclusive Education

Practical & Field Engagement

I. Visit Special Schools of any two Disabilities & an Inclusive school & write observation report highlighting pedagogy
II. Prepare a Checklist for Accessibility in Mainstream Schools for Children with Disabilities

III. Design a Poster on Inclusive Education

IV. Prepare a Lesson Plan on any one School subject of your choice using any one Inclusive Academic Instructional Strategy

Transactions

Group discussions following videos and visits. Debate for Inclusion vs. Segregation & Self study for legislations and frameworks

Suggested Readings

INTRODUCTION

This course is meant to enable student-teachers to understand the approaches to curriculum development, its types and process. The course is designed to help the learners acquire knowledge and skills to adapt curriculum and select evaluative methods to suit the needs of children with ASD in different educational settings.

OBJECTIVES

After completing the course the student-teachers will be able to

• Discuss the principles, approaches and types of curriculum.
• Explain the process of developing a curriculum and educational program.
• Develop suitable content for curricular areas in special education.
• Apply the process for modification and accommodation for adapting general school curriculum.
• Describe the methods used for evaluation of learning.

COURSE OUTCOMES

The following are the outcomes of the course

• Discuss the principles, approaches and types of curriculum.
• Explain the process of developing a curriculum and educational program.
• Develop suitable content for curricular areas in special education.
• Apply the process for modification and accommodation for adapting general school curriculum.
• Describe the methods used for evaluation of learning.

UNIT 1: DEVELOPMENT OF CURRICULUM

1.1 Curriculum: concept, aims and principles
1.2 Orientations to Curriculum Development
   a. Child centred
   b. Society-centred
   c. Knowledge-centred
   d. Eclectic
1.3 Approaches: child-centred, activity-centred, Ecological approach
1.4 Types of curriculum: core, support, collateral, hidden and co-curriculum
1.5 Person Centred Program and Individualized Educational Program

Unit 2: Curriculum Development and Teaching

2.1 Community and learner needs assessment
2.2 Aims, Goals and Objectives
2.3 Selection of teaching methods and material
   - Microteaching
   - Scaffolding
   - T-L aids
2.4 Implementation and recording
2.5 Evaluation

Unit 3: Curricular Focus for Children with ASD

3.1 Language and social communication
3.2 Self-care
3.3 Social behaviour
3.4 Academic skills
3.5 Pre-vocational and leisure

Unit 4: Curricular Adaptation for Inclusive Education of Children with ASD

4.1 Adaptation of curriculum for children with ASD
4.2 Types of adaptation needed for children with ASD
   a. Content
   b. Instructional
   c. Ecological
4.3 Stages of adaptation
   a. General adaptation
   b. Specific adaptation
4.4 Accommodation & modification
   a. Perceptual style
   b. Cognitive style
   c. Social style
4.5 Accommodation of co-curricular activities and learning material

Unit 5: Methods of Evaluating Children with ASD

5.1 Evaluation: definition and purpose
5.2 Observation
5.3 Record Review
5.4 Teacher made test tests
5.5 Standardized rating scales

Practicum/ Field Engagement

- Development of curriculum for given pre-school child with autism using suitable
approach
• Adaptation of curriculum for a child with high functioning autism
• Development of a teacher made test in a selected area
• Adaptation of teaching aid for a given content area

Transaction
- Lectures
- Presentations
- Self-study and use of Online Education Resources
- Project
- Workshops/ Seminars

UNDERSTANDING THE SELF

Course Code: A 8
Contact Hours: 30

Credits: 02
Marks: 50

Objectives
After completion of the course, the student-teacher will be able to
1. understand that any Self is a human resource to exercise all the resources: cognitive, affective and psychomotor resources.
2. make them realize that the Self does not have independent existence but related to Nature, other selves and the ‘Unknown’ causing it and this great design of the Universe.
3. make the student-teacher perform one’s function to the possible extent as any part of the Nature is silently doing so; thereby developing self-actualization and self-esteem.
4. realize that one is responsible as a person and as a teacher for the integrated development of oneself and one’s pupils: Physical, cognitive, social, emotional, aesthetic, moral, and spiritual developments.
5. realize the commonness and uniqueness prevalent in Nature and human nature and feel equality as the reality and contribute to the furtherance of evolution at mental level.

Course outcomes

The following are the outcomes of the course

1. understand that any Self is a human resource to exercise all the resources: cognitive, affective and psychomotor resources.
2. make them realize that the Self does not have independent existence but related to Nature, other selves and the ‘Unknown’ causing it and this great design of the Universe.
3. make the student-teacher perform one’s function to the possible extent as any part of the Nature is silently doing so; thereby developing self-actualization and self-esteem.
4. realize that one is responsible as a person and as a teacher for the integrated development of oneself and one’s pupils: Physical, cognitive, social, emotional, aesthetic, moral, and spiritual developments.

5. realize the commonness and uniqueness prevalent in Nature and human nature and feel equality as the reality and contribute to the furtherance of evolution at mental level.

**Purpose of the Course**

It aims at student-teachers’ understanding of themselves as person and teacher through conscious ongoing reflection. This course is intended to transact through a workshop mode by more than one teacher educator / resource person. The resource persons can be identified from those who have philosophical outlook, psychological orientation and social consciousness. It enables to develop sensibilities, dispositions, values and skills that facilitate personal growth in relation to different identities and professional identity as a teacher. The core life skills are to be developed with relevant exercises. It may use yoga, meditation, case studies, biographies, and stories of children like Prahlada, Dhruva, Markandeya, etc. and the holistically developed people. Its expected outcome is to promote self-actualization and also healthy, happy and peaceful coexistence wherever they are as a being, a citizen and as a global citizen.

**Course Content**

**Unit-1: Self as a human resource:**

1.1 Cognitive resources of the self: Self-critical awareness about one’s abilities and opportunities to develop independent thinking-critical thinking and creative thinking, decision making and problem solving and develop them as skills.

1.2 Affective resources: Feelings of love, joy, appreciation; emotions like fear, anger, jealousy, affection, happiness to be understood both as assets and threats or limiting factors.

1.3 Sensitize the ability to identify the structural and functional commonality of the human body except the organs of reproduction and allied features of the human kind.

1.4 Empathic understanding of geographical, climatic and genetic conditions causing physical differences.

**Unit-2: Self in relation to social identities:**

2.1 Self-critical awareness of the causes for one’s positive and negative relations with the people based on caste, class, language, religion, nation, region etc.,

2.2 Self-critical understanding of the basic realities of the man-made divisions over the time-scale.
2.3 Critical understanding of the Nature’s necessity of gender difference for the onset and continuity of human race.
2.4 Critical understanding of the basic realities of cultural differences across the time-scale and across the globe.

Unit-3: Self (person) as a part of the Nature:
3.1 Nature, harmony in existence and co-existence
3.2 Dependence of Self on the Nature for the very life; dependence of self on other selves for comfortable living.
3.3 Responsibility of self towards conservation, protection and enrichment of plant and animal life.
3.4 Responsibility of self towards other human beings in the family, society, and people across the globe.

Unit-4: Self in relation to profession:
4.1 Self-critical awareness of teaching competency: adequacy of subject matter knowledge, professional skills, and effective communication to the students.
4.2 Self-critical awareness of one’s attitudes towards students, teaching, teaching material, interest in students and subject and one’s aptitude in the inculcation of interest in students and in tapping their abilities to realize the values identified in the lesson.
4.3 Self-critical awareness of suitability of one’s role being performed contextually to enrich learners’ capabilities and guiding them for self-actualization while interacting.
4.4 Self-critical awareness of involvement in team work with colleagues, head of the institution parents of learners and management for the development of the learners.

Unit-5: Self development through self-learning (Self-knowledge):
5.1 Development of self and social identities in the learners to enrich human resources and self-esteem; Realistic understanding of any self as depending on the source of the whole existence for spiritual awakening free of any religious identity.
5.2 Objective view of beliefs, prejudices and stereotypes to liberate from irrational tendencies.
5.3 Understanding human roots in animal and possibility of heights in the divinity through the philosophers like Swamy Vivekananda, Sri Aurobindo and J. Krishnamurti to awaken oneself to Truth, beauty and goodness both inside and outside.
5.4 Yogic practices for physical, mental and spiritual health and to lay the seeds or foundations for Self-realization.

Activities
During the transaction of this course, through workshop mode, student teachers will be asked to come out with the following documents. Student teachers are required to submit only five documents, one from each unit. These documents
will be assessed by a minimum of two faculty members to award 25 marks for activities.

1. Self-critical awareness about one’s abilities and assets in different contexts of life and limitations in terms of knowledge, attitudes, skills and values which may be revised or developed.
2. Activities that develop cognitive skills-independent thinking to promote critical thinking and creative thinking; decision making and problem solving with all their components.
3. Visits to the slums and natural calamities and stories of different children to tap empathy which is inherent.
4. Group discussion on the current issues to develop psycho-social skills like interpersonal relationship skills and effective communication skills.
5. Introducing yoga exercises to be done with ease and meditation which starts with self-knowledge with let come and let go spirit to experience spells of silence for healthy body and mind and to awaken the hidden faculties.
6. Exercises to have inner observation for self knowing while in stress or in emotions and to develop skills of self management.
7. Use of brain storming, value clarification and group discussion techniques to arrive at the realities free of habitual modes of thoughts, attitudes and action tendencies.

EDUCATIONAL INTERVENTION AND TEACHING STRATEGIES

Course Code: C 14 Credit: 04
Contact Hours: 60 Marks: 100

Introduction
This course will provide insight into the conceptual framework of the area of interventions and strategies. It will familiarize the student-teachers with the approaches and tools of assessment and seeks to develop an understanding of how interventions in the areas affected can be instrumental in enhancing performance. The course will prepare the student-teachers in helping children with learning disabilities by developing appropriate strategies and intervention plans for them. This will prepare them to work with students in clinical as well as classroom set-ups and arm them with programmes for assessment, goal setting, reviewing and reporting the success of the intervention targets.

Objectives
After completing the course the student-teachers will be able to

• Explain the purpose and define the principles of educational intervention.
• Discuss the various Teaching Strategies across the curricular hierarchies.
• Link the teaching Strategies to the curricular areas.
• Provide specific strategies for core and collateral curriculum.
• Plan Programme for skill, process and curricular deficits.

Course outcomes
The following are the outcomes of the course

• Explain the purpose and define the principles of educational intervention.
• Discuss the various Teaching Strategies across the curricular hierarchies.
• Link the teaching Strategies to the curricular areas.
• Provide specific strategies for core and collateral curriculum.
• Plan Programme for skill, process and curricular deficits.
Unit 1: Conceptual Framework of Educational Interventions

1.1 Definition, purpose, scope and principles of educational intervention
1.2 Curriculum intervention: gap analysis and linkages with demands of school curriculum (Diagnostic Prescriptive Teaching)
1.3 Steps of intervention
1.4 Cascade of services and Response to Intervention
1.5 Issues and ethics in educational intervention

Unit 2: Educational Interventions for Processing Deficit

2.1 Attention
2.2 Perception
2.3 Memory
2.4 Thinking
2.5 Meta-cognition

Unit 3: Reading and Writing Interventions

3.1 Principles of intervention in reading and writing
3.2 Strategies for developing word recognition skills, fluency and comprehension
3.3 Strategies for developing handwriting, spelling and written expression
3.4 Strategies for Reading and writing across the curriculum
3.5 Strategies for differentiation and inclusion in the classroom

Unit 4: Interventions for Mathematics

4.1 Principles for interventions in mathematics
4.2 Strategies for developing mathematical concepts
4.3 Strategies for developing computation, automaticity [timed tasks] and application
4.4 Strategies for problem solving
4.5 Accommodations [Calculators, Computers] in the mainstream classroom

Unit 5: Intervention in Life Skills

5.1 Strategies for developing of Social skills
5.2 Strategies for developing Study skills
5.3 Strategies for self-assessment and advocacy
5.4 Strategies for soft skills [presenting self, time management, decision making]
5.5 Preparation for Independent Living; Career Planning, leisure and recreation

Transactions

This course will be dealt with using lectures followed by projects in specific processing
deficits and specific curricular deficits. Assignments in order to align the strategies of intervention to the curriculum across grades can be taken up. Presentations based on educational intervention for a specific child can be examined. Discussion on issues in intervention and goal setting for educational intervention can be organized. The use and success of specific strategies and teaching technique can be observed using field work. Actual demonstration of the technique can be provided to ensure hands on experience.

**Course Work/ Practical/ Field Engagement**

- Prepare an educational intervention plan\tool for a given process
- Prepare an educational intervention plan\tool for a given skill
- Plan a parental meet to discuss the intervention goal.
- Collaborate with a specific subject teacher to set an intervention goal
- Conduct a workshop for mainstream teachers on educational interventions/classroom Strategies

TECHNOLOGY AND DISABILITY

Course Code: C 15
Contact Hours: 60
Credit: 04
Marks: 100

Introduction

This course covers the integration of technology in the teaching learning process of the students with learning disability. It’s important to remember that the assistive technology is to support or reduce the barrier to learning. The focus must be on what the device or software does for the individual/student not on the device itself. The units progress from understanding the meaning scope, to the use of technology for teaching and learning and ends with the issues that one faces while dealing with technology.

Objectives

After completing the course the student-teachers will be able to

• Explain the meaning, scope and use of Technology.
• Analyse the learning needs in relation to Technology.
• Understand and use the various types of technology for presenting, engaging and evaluating.
• Discuss the trends and issues related to the use of technology.

Course outcomes

The following are the outcomes of the course

• Explain the meaning, scope and use of Technology.
• Analyse the learning needs in relation to Technology.
• Understand and use the various types of technology for presenting, engaging and evaluating.
• Discuss the trends and issues related to the use of technology.

Unit 1: Concept of Technology

1.1 Meaning, Nature, Scope and Significance of Technology
1.2 Types /tools of technology – Projector, Smart board, Software and ipad, ipod, Tablets, Mobiles
1.3 Technology integration vs technology use in the curriculum
1.4 Assistive technology: Meaning and scope
1.5 Role & Use of AT for children with LD

Unit 2: Learning Needs of CWLD

2.1 Communication
2.2 Reading
2.3 Writing
2.4 Mathematics
2.5 Self management

Unit 3: Technology for Presentation & Expression (Input and Output)

3.1 Classroom Presentation & Expression: Concept & scope
3.2 Visual presentation - Large print displays, alternative colours to the screen, colour coding, smart boards, Multimedia Presentations, screen magnifiers
3.3 Auditory - text to voice, screen readers, FM Listening Systems, podcast
3.4 Cognitive – graphic organisers
3.5 Consideration for selection of tools – no tech, low tech, high tech, low cost, high cost

Unit 4: Technology for Classroom Engagement

4.1 Classroom engagement – Meaning and components
4.2 Reading, Writing & Mathematics - Talking books, recorder, Optical character recognition, Speech recognition systems, Alternative writing surfaces, pencil grips, podcast, Proof reading software, Talking calculators, Electronic math worksheets, fluidity software
4.3 Organising - sticky notes, highlighter pens, or highlighter tape, graphic organisers, digital organisers
4.4 Types programme - drill & practice, Simulations, Games, Tutorial
4.5 Consideration for selection of programmes and tools in an inclusive class

Unit 5: Trends & Issues in Using Technology

5.1 Digital natives & Immigrants
5.2 From isolation to inclusion
5.3 Parent/family involvement
5.4 Cyber Safety
5.5 Evaluation of impact of technology – Social, ethical and human

Transaction

This unit focuses on assistive technology, hence while taking it ahead, its important to focus on the kind of needs that are present in an LD student and the matching of those with the technology used.

Transaction for all units must be through experiential learning, discussion, debate, research & review, design and problem solve (Unit 2 & 3), colloquia (with instructional designers, software developers).

CourseWork/ Practical/ Field Engagement

- Develop a tool to assess the learning needs for planning compensatory and remedial instruction
- Develop low cost material for presentation (for teachers)
- Develop low cost material for engagement
- Develop low cost material for expression
- Conduct a survey on the kind of assistive technology used in the schools for students with learning disability and present the findings

PSYCHO-SOCIAL AND FAMILY ISSUES

Course Code: C 16  
Credits: 02

Contact Hours: 30  
Marks: 50

Introduction
This course gives an overview of psychosocial domains, stages, characteristics and manifestations of psychosocial behaviours at home and in community settings. It also deals with family dynamics and parenting styles and parent empowerment. It also lays stress on the importance of stress management, family counselling and social and emotional wellbeing.

Objectives
After completing the course the student-teachers will be able to

- Explain the concept of psycho-social issues.
- Reflect on various dimensions of Psycho-social issues among children with learning disabilities.
- Understand various Family issues children with LD.
- Learn the importance of intervening strategies and ways of handling issues.
- Discuss the concept of networking and liaising with the parents, community, family, school and NGO’s.

Course outcomes
The following are the outcomes of the course

- Explain the concept of psycho-social issues.
- Reflect on various dimensions of Psycho-social issues among children with learning disabilities.
- Understand various Family issues children with LD.
- Learn the importance of intervening strategies and ways of handling issues.
- Discuss the concept of networking and liaising with the parents, community, family, school and NGO’s.

Unit 1: Overview of Psycho-social Domains
1.1 Psychosocial domains- Meaning and components- Cognitive, Affective, Social
1.2 Stages of Psychosocial development
1.3 Psycho-social characteristics of children with LD
1.4 Manifestations of psychosocial behaviour at home, school and society
1.5 Causative factors – self and others
Unit 2: Family Dynamics
   2.1 Family structure and its functioning
   2.2 Parenting styles and home environment
   2.3 Needs and concerns of family
   2.4 Needs and concerns of child with LD
   2.5 Empowering Parents- Resource management, legal provisions

Unit 3: Nurturing Social Emotional Wellbeing
   3.1 Strategies for developing positive self-concept
   3.2 Social skill training
   3.3 Stress management
   3.4 Family counselling
   3.5 Networking and liaisoning with students, parents, community and NGO’s

Transaction
This paper should be taught through review of research papers, seminars, discussions, debates, presentations, field trips, u-tubes and movies to understanding of the issues at hand.

Course Work/ Practical/ Field Engagement
   • Observe and identify psycho-social problems of any LD student of the class during school internship programme. Givedetailed description along with intervention performed.
   • Design a Scrapbook on news related to psycho-social and adult issues among CWLD. Analyse them and present a report with detailed write-up.
   • Collect and compile articles from various sources and present in class for critical analysis and understanding.

READING AND REFLECTING ON TEXTS

Course code: D 17  
Credits: 02

Contact Hours: 30  
Marks: 50

Introduction

One of the core areas that schools focus upon is age appropriate and fluent literacy skills. Hence, aspirant graduates who intend to make career in education must be good readers and good writers (in literally sense). Due to several reasons a student teacher like you may not have adequate skills, interest and motivation for reading and writing. Here is a skill based and activity oriented course designed to give you an opportunity to look at reading writing seriously, relearn it as a professional activity, apply it for students with special needs and enjoy it like never before.

Objectives

After completing the course student-teachers will be able to

• Reflect upon current level of literacy skills of the self.
• Show interest and begin working upon basic skills required to be active readers in control of own comprehension.
• Show interest and begin working upon basic skills required to be independent writers understanding adequate intent, audience and organization of the content.
• Prepare self to facilitate good reading writing in students across the ages.
• Find reading writing as learning and recreational tools rather than a course task.

Course outcomes

The following are the outcomes of the course

• Reflect upon current level of literacy skills of the self.
• Show interest and begin working upon basic skills required to be active readers in control of own comprehension.
• Show interest and begin working upon basic skills required to be independent writers understanding adequate intent, audience and organization of the content.
• Prepare self to facilitate good reading writing in students across the ages.
• Find reading writing as learning and recreational tools rather than a course task.

Unit 1: Reflections on Literacy

1.1 Literacy and Current University Graduates: Status and Concerns
1.2 Role of Literacy in Education, Career and Social Life
1.3 Literacy, Thinking and Self Esteem
1.4 Literacy of Second Language/ English: Need and Strategies
1.5 Basic Braille Literacy
Unit 2: Reflections on Reading Comprehension

2.1 Practicing Responses to Text: Personal, Creative and Critical
2.2 Meta Cognitive Awareness of Reading Processes and Strategies Applied for Meaning Making
2.3 Developing Good Reading Skills and Habits in Primary Level Students: Activities and Strategies
2.4 Basic Understanding of Reading Comprehension of Children with Disabilities

Unit 3: Skill Development in Responding to Text

3.1 Indicators of Text Comprehension: Retelling, Summarizing, Answering, Predicting, Commenting and Discussing
3.2 Practicing Responding to Text (Using The Indicators) for Recreational Reading Material (Narrations) and School Textbooks (Description)
3.3 Practicing Responding to Text (Using The Indicators) for Reports, Policy Documents and News (Expositions) and Editorial, Academic Articles, Advertisement Copy, Resume (Argumentation)
3.4 Practicing Web Search, Rapid Reading and Comprehensive Reading

Unit 4: Reflecting Upon Writing as a Process and Product

4.1 Understanding writing as a Process: Content (Intent, Audience and Organization)
4.2 Understanding writing as a Process: Language (Grammar, Vocabulary, Spelling)
4.3 Understanding writing as a Process: Surface Mechanics (Handwriting, Neatness, Alignment and Spacing)
4.4 Practicing Self Editing and Peer Editing of Sample Texts
4.5 Practicing Evaluating Students Writing Using Parameters: Productivity, Correctness, Complexity, Text Organization and Literary Richness

Unit 5: Practicing Independent Writing

5.4 Practicing Writing: Picture Description/ Expansion of Ideas/ Essays/ Stories
5.5 Practicing Daily Leaving Writing: Applications/ Agenda - Minutes/ Note Taking
5.6 Practicing Converting Written Information into Graphical Representation
5.7 Practicing Filling up Surveys, Forms, Feedback Responses, Checklists
5.8 Reflections on the Course: From Theory to Practice to Initiating Process to Improve Self

Course Work/ Practical/ Field Engagement

- Have a peer editing of independently written essays and discuss your reflections upon this experience
- Prepare a feedback form for parents and for teachers focussing on differences in the
two forms due to different intent and audience

- Develop a short journal of graphical representation of 3 newspaper articles on school education using the options given in 2.4
- Visit a book store for young children, go through the available reading material including exercise books, puzzles, etc. and make a list of useful material for developing early literacy skills

Drama and Arts in Education

Course code: D 18
 Credits: 02
Contact Hours: 30
 Marks: 50

Introduction

India has an excellent historical backdrop as well as contemporary talents in the field of art. However, it is debatable whether the same has been translated into our school system effectively. Do most of our students get exposure to a variety of activities involving knowing, exploring and appreciating art? Most probably they do not. It is time that we take a fresh look at what art education is and what role it plays in school education. More than anything, art education is also expected to enhance learning. And do teachers know how to go about it to achieve it? Here is an opportunity to facilitate the art within you which in turn will reflect art in within students.

For a student-teacher with disability appropriate learning alternatives are to be given by the college. For example, a candidate with blindness must get alternative learning opportunities and evaluative tasks for visual art or a candidate with deafness for music art – if and when needed.

Objectives

After completing the course student-teachers will be able to

• Exhibit Basic understanding in art appreciation, art expression and art education.
• Plan and implement facilitating strategies for students with and without special needs.
• Discuss the adaptive strategies of artistic expression.
• Discuss how art can enhance learning.

Course outcomes

The following are the outcomes of the course

• Exhibit Basic understanding in art appreciation, art expression and art education.
• Plan and implement facilitating strategies for students with and without special needs.
• Discuss the adaptive strategies of artistic expression.
• Discuss how art can enhance learning.

Unit 1: Introduction to art Education

1.1 Art and art education: Meaning, scope and difference
1.2 Artistic expression: Meaning and strategies to facilitate
1.3 Art therapy: Concept and application to students with and without disabilities
1.4 Linking Art Education with Multiple Intelligences
1.5 Understanding emerging expression of art by students

Unit 2: Performing Arts: Dance and Music

2.1 Range of art activities related to dance and music
2.2 Experiencing, responding and appreciating dance and music
2.3 Exposure to selective basic skills required for dance and music
2.4 Dance and Music: Facilitating interest among students: planning and implementing activities
2.5 Enhancing learning through dance and music for children with and without special needs: Strategies and Adaptations

Unit 3: Performing Arts: Drama

1.1 Range of art activities in drama
3.2 Experiencing, responding and appreciating drama
3.3 Exposure to selective basic skills required for drama
3.4 Drama: Facilitating interest among students: planning and implementing activities
3.5 Enhancing learning through drama for children with and without special needs: strategies and adaptations

Unit 4: Visual Arts

4.1 Range of art activities in visual arts
4.2 Experiencing, responding and appreciating visual art
4.3 Exposure to selective basic skills in visual art
4.4 Art education: Facilitating interest among students: planning and implementing activities
4.5 Enhancing learning through visual art for children with and without special needs: strategies and adaptations

Unit 5: Media and Electronic Arts

5.1 Range of art activities in media and electronic art forms
5.2 Experiencing, responding and appreciating media and electronic arts
5.3 Exposure to selective basic skills in media and electronic arts
5.4 Media and electronic arts: Facilitating interest among students: planning and implementing activities
5.5 Enhancing learning through media and electronic art for children with and without special needs: strategies and adaptations

Course Work/ Practical/ Field Engagement

- ‘hot seating’ activity for historical / contemporary personalities wherein students play the role of that personality to advocate his/her opinions/decisions/thought processes (for example, Akbar, Hitler, Galileo, Bhagat Singh etc)
- Portfolio submission of the basic skills exposed in any one of the art forms of choice
• Write a self reflective essay on how this course on art will make you a better teacher
• Learn and briefly explain how music notations are made. Submit a brief report OR learn and explain the concept of composition in visual art. Submit a brief report. OR make and submit a sample advertisement for a product OR Learn Mudras of a classical dance forms and hold a session for the students on that. Submit photo report of the same OR Carry out web search on Indian sculpture and submit a brief compilation
• Observe an art period in a special school and briefly write your reflections on it

CONTEMPORARY INDIA AND EDUCATION

Course Code: A 9  
Credit: 04

Contact Hours: 60  
Marks: 100

Objectives
After completion of the course, the student-teacher will be able to
1. Understand and Contextualize ideals of the Constitution of India;
2. Appreciate humanistic agenda of the Constitution on India;
3. Value and recognize the role of education in realizing the ideals of the Constitution;
4. Develop critical awareness about the issues of education that are coming in the way of realization of the values of the Constitution;
5. Understanding and develop positive attitudes towards various forms of exclusion;
6. Appreciate the need for education for Peace;
7. Reflects on the issues of secondary school stage education/

Course outcomes

The following are the outcomes of the course

1. Understand and Contextualize ideals of the Constitution of India;
2. Appreciate humanistic agenda of the Constitution on India;
3. Value and recognize the role of education in realizing the ideals of the Constitution;
4. Develop critical awareness about the issues of education that are coming in the way of realization of the values of the Constitution;
5. Understanding and develop positive attitudes towards various forms of exclusion;
6. Appreciate the need for education for Peace;
7. Reflects on the issues of secondary school stage education/

Course Content

Unit-1 Normative Vision of Indian Education: Indian Constitution
1.1 Constitution of India Basic Features
   i. Fundamental Rights
   ii. Directive principles of state policy
   iii. Federal Structure
1.2 Preamble of the Constitution : The ideals
   i. Sovereign Nation
   ii. Democratic and Secular polity
   iii. Liberty equality and fraternity
   iv. Justice : Social, Economic and political

Unit- 2 Education as Fundamental Right
2.1 Human Rights; Meaning Nature , and Classification;
2.2 Right of Children : International convention and Indian Constitution;
   Education as Fundamental Right of Children-2009
2.3 Issues in Implementing RTE-2009: A critical understanding
   i. Issues that affect and negate the children’s right to education (Child Labor: Street children, abandoned and orphans)
   ii. Differently abled children: Attitude towards the girl child and her participation in schooling, punishment, abuse and violence in Schools).

Unit-3 Contemporary Indian Schooling: Concerns and Issues
3.1 Equality of Educational Opportunity : Meaning and nature : Forms of inequality : Religion, Regional, Caste, Gender and other marginalized groups.
3.2 Inequality in Schooling: Public – Private schools , Rural – urban schools, Mass-elite schools , single teacher schools and many other forms of in-equal school systems. Critical understanding of Paradox of Equal opportunity and in-equal schooling: positive discrimination ; concept and issues and policy interventions.

3.3 Schooling: Quality concerns and issues
   i. Universal access
   ii. Universal Enrollment
   iii. Universal retention
   iv. Universal success

Unit-4 Understanding Exclusion in schooling
4.1 Exclusion: Meaning and Nature
4.2 Forms of Exclusion: a) physical / Psychological Exclusion
4.3 Different types of differently abled children: Nature of problems and their impact on learning
4.4 Measure to address the issue of learning of differently abled children and professional preparedness of Institutions;

4.5 Socio-cultural and economic exclusion: Understanding different forms of socio-culture and economic exclusion in schooling – Caste, Class, Gender, Minority, and other Marginalized sections of the society.

**Unit-5 Secondary Education: Concerns and Issues**

5.1 Secondary School stage: its linkages with primary and higher secondary stages of education;

5.2 Aims of Secondary School Stages of Education

5.3 Universalisation of Secondary School stages of Education: Its Status
   i. Quantitative expansion, Qualitative consolidation and Equity perspective – A sociological understanding;
   ii. Issues in Secondary school stages of Education: Privatization, Vocationalization
   iii. Reforms in Secondary School Stages Education: Curricular, Pedagogical and Examinations;

5.4 Rashtriya Madhyamika Shiksha Abhiyan (RMSA): Goals and policy intervention for Quality Secondary School Stages of Education

**Activities**

1. A Critical Study with the help of Survey and Observation of alternative schools - Night schools, Mobile schools, Child labor Schools and prepare a report
2. Conduct a Survey of schools of different quality in different milieu and make a presentation
3. A critical review of school textbooks based on socio-cultural and economic exclusion
4. Conduct a survey on street children/orphan children and make a presentation
5. Conduct a survey (a minimum of 10 schools) and critically analyze the RMSA intervention for enhancing the quality of secondary education and prepare a report

GUIDANCE & COUNSELLING

Course Code: B 10(A) Credits: 02
Contact Hours: 30 Marks: 50

Objectives
After completing this course the student-teachers will be able to

* Apply the skills of guidance and counselling in classroom situations.
* Describe the process of development of self-image and self-esteem.
* Appreciate the types and issues of counselling and guidance in inclusive settings.

Course outcomes

The following are the outcomes of the course

* Apply the skills of guidance and counselling in classroom situations.
* Describe the process of development of self-image and self-esteem.
* Appreciate the types and issues of counselling and guidance in inclusive settings.
Unit 1: Introduction to Guidance and Counselling

1.1 Guidance and Counselling: Definition and Aims
1.2 Areas of Guidance and Counselling
1.3 Core Conditions in Counselling
1.4 Skills and Competencies of a Counsellor
1.5 Role of Teacher in Guiding and Counselling Students with Special Needs

Unit 2: Enhancing Self Image and Self Esteem

2.1 Concept of Self as Human
2.2 Understanding of Feelings and Changes
2.3 Growth to Autonomy
2.4 Personality Development
2.5 Role of Teacher in Developing Self-Esteem in Children

Unit 3: Guidance and Counselling in Inclusive Education

3.1 Current Status with reference to Indian School
3.2 Types of Counselling: Child-Centred, Supportive, Family
3.3 Guidance in Formal and Informal Situations: Within and Outside Classroom, Vocational Guidance
3.4 Group Guidance: Group Leadership Styles and Group Processes
3.5 Challenges in Group Guidance

Practicum/ Field engagement

I. Counselling and report writing on a selected case
II. Simulation of a parent counselling session
III. Report of critical observation of a given counselling session

Transaction

The transaction for this course should be done with a perspective to enhance in the student-teachers the ability to become a “People-helper”. They should be able to appreciate the role of a guide and counsellor in the school setting.

Essential Readings

**Suggested Readings**

EARLY CHILDHOOD CARE AND EDUCATION

Course Code: B 10(B)  
Credits: 02  
Contact Hours: 30  
Marks: 50

Introduction
The course is designed to provide the student-teachers with an insight into developmental milestones of typical children. This will enable the learners to understand deviations and strategies to address them in the critical phase of development. It will also help the learners understand the importance of transitions and its requirements.

Objectives
After undertaking the course the student-teachers will be able to

• Explain the biological & sociological foundations of early childhood education.
• Describe the developmental systems approach and role responsibilities of interdisciplinary teams for early education of children with disabilities.
• Enumerate the inclusive early education pedagogical practices.

Course outcomes
The following are the outcomes of the course

• Explain the biological & sociological foundations of early childhood education.
• Describe the developmental systems approach and role responsibilities of interdisciplinary teams for early education of children with disabilities.
• Enumerate the inclusive early education pedagogical practices.

Unit 1: The Early Years: An Overview
1.1 Facts about Early Childhood Learning & Development
1.2 Neural Plasticity
1.3 Critical Periods of Development of Motor, Auditory, Visual, Linguistic & Cognitive Skills
1.4 Sensitive Periods of Learning: Maria Montessori’s Framework & Windows of Opportunity & Learning Timelines of Development in Young Children
1.5 Integrating Theories of Development & Learning for Early Childhood Education Curricula

Unit 2: Early Education of Children with Disabilities
2.1 Young Children at Risk & Child Tracking
2.2 Interdisciplinary Assessments & Intervention Plans
2.3 Developmental Systems Model for Early Intervention (Oguralnick, 2001)
2.4 Curricular Activities for Development of Skills of: Imagination, Joy, Creativity, Symbolic Play, Linguistic, Emergent Literacy, Musical, Aesthetic, Scientific & Cultural Skills
2.5 Evidenced Based Practices for Early Intervention

Unit 3: Inclusive Early Childhood Educational (ECE) Practices

3.1 Natural Environments, Service Delivery Models & Importance of Universal Designs of Learning (UDL)
3.3 Principles of Inclusive ECE Practices: Full Participation, Open Ended Activities, Collaborative Planning
3.4 Collaborating with Parents, Family Education & Developing Individualised Family Service Plan (IFSP)
3.5 School Readiness and Transitions

Practical/ Field Engagements

I. Developing a journal on developmental milestones & learning timelines of children from 0 to 8 years
II. Participation in workshop & develop five creative teaching learning materials for children in inclusive early childhood education programs

Transactions
Visits, Observations & Workshops.

Essential Readings

Suggested Readings

APPLIED BEHAVIOUR ANALYSIS

Course Code: B 10(C)  
Credits: 02  
Contact Hours: 30  
Marks: 50

Objectives

After undertaking the course the student-teachers will be able to

• Develop an understanding of the underlying principles and assumptions of Applied Behavioural Analysis (ABA).
• Use various measures of behavioural assessment.
• Apply methods of ABA in teaching and learning environments.
• Integrate techniques of ABA in teaching programs.
• Select suitable strategies for managing challenging behaviours.

Course outcomes

The following are the outcomes of the course

• Develop an understanding of the underlying principles and assumptions of Applied Behavioural Analysis (ABA).
• Use various measures of behavioural assessment.
• Apply methods of ABA in teaching and learning environments.
• Integrate techniques of ABA in teaching programs.
• Select suitable strategies for managing challenging behaviours.

Unit 1: Introduction to Applied Behaviour Analysis (ABA)

1.1 Principles of Behavioural Approach
1.2 ABA - Concept and Definition
1.3 Assumptions of ABA – Classical and Operant Conditioning
1.4 Behaviour- Definition and Feature
1.5 Assessment of Behaviour – Functional Analysis of Behaviour, Behaviour Recording Systems

Unit 2: Strategies for Positive Behaviour Support

2.1 Selection of Behavioural Goals
2.2 Reinforcement
   - Types: Positive and Negative, Primary and Secondary
   - Schedules: Continuous, Fixed Ratio, Fixed Interval, Variable Ratio, Variable Interval
2.3 Discrete Trial Teaching
- Discriminative Stimulus - Characteristics
- Response
- Prompts: Physical, Gestural, Pointing, Visual, Positional, Verbal
- Consequence - Characteristics
- Inter-Trial Interval

2.4 Application of ABA in Group Setting
- Negotiation and contract
- Token economy
- Response cost
- Pairing and fading

2.5 Leadership role of teacher in promoting positive behaviour

**Unit 3: Management of Challenging Behaviour**

**Practicum**

I. Observation and functional analysis of behaviour of a given case.
II. Development of ABA program for management of a challenging behaviour.

**Transaction**

The course consists of several concepts from behavioural theories. The concepts should be explained through real life examples and selected case studies. Students should be encouraged to conduct systematic observations of behaviour and suggest suitable plan of action for dealing with behavioural deficits in children.

**Essential Readings**

**Suggested Readings**

COMMUNITY BASED REHABILITATION

Course Code: B 10(D)          Credits: 02
Contact Hours: 30            Marks: 50

Objectives

After completing this course the student-teachers will be able to

- Explain the concept, principles and scope of community based rehabilitation.
- Learn the strategies for promoting public participation in CBR.
- Apply suitable methods for preparing persons with disability for rehabilitation within the community.
- Provide need-based training to persons with disabilities.
- Develop an understanding of the role of government and global agencies in CBR.

Course outcomes

The following are the outcomes of the course

- Explain the concept, principles and scope of community based rehabilitation.
- Learn the strategies for promoting public participation in CBR.
- Apply suitable methods for preparing persons with disability for rehabilitation within the community.
- Provide need-based training to persons with disabilities.
- Develop an understanding of the role of government and global agencies in CBR.

Unit 1: Introduction to Community Based Rehabilitation (CBR)

1.1 Concept and Definition of CBR
1.2 Principles of CBR
1.3 Difference between CBR and Institutional Living
1.4 Socio-cultural and Economic Contexts of CBR
1.5 Scope and Inclusion of CBR in Government Policies and Programs

Unit 2: Preparing Community for CBR

2.1 Awareness Program-Types and Methods
2.2 Advocacy - Citizen and Self
2.3 Focus Group Discussion
2.4 Family Counselling and Family Support Groups
2.5 CBR and Corporate Social Responsibility

Unit 3: Preparing Persons with Disability for CBR
3.1 School Education: Person Centred Planning, and Peer Group Support
3.2 Transition: Individual Transition Plan, Development of Self Determination and Self Management Skills
3.3 Community Related Vocational Training
3.4 Skill Training for Living within Community
3.5 Community Based Employment and Higher Education

Practicum/ Field Engagement

I. Visit an ongoing CBR program and write a report on its efficacy
II. Organize a community awareness program
III. Conduct a focus group discussion on a selected disability issue with school/college students

transaction

Besides lecture method the topics in this course may be transacted through discussion on selected case studies, classroom seminar/debates.

Essential Readings

- Scheme of Assistance to Disabled for Purposes of Fitting of Aids/Appliances(2014). Ministry of Social Welfare, Govt. of India, New Delhi.
- Scheme of Assistance to Organizations for Disabled Persons, Ministry of Social Welfare, Govt. of India, New Delhi.
APPLICATION OF ICT IN CLASSROOM

Course Code: B 10(E)  
Contact Hours: 30  
Credits: 02  
Marks: 50

Course Description
This course has dual purpose: firstly it aims to orient the teacher trainee to various applications of Information and Communication Technology in teaching learning process; and secondly it intends to orient the learners to understand the scope and application of ICT for students with disabilities. The course includes uses of all kinds of media and computer in order to give hands on experience of applying ICT in various learning environments as well to familiarize the student teacher with different modes of computer based learning.

Objectives
After completing the course the student teacher will be able to
- Gauge the varying dimensions in respect of ICT and Applications in Special Education.
- Delineate the special roles of ICT Applications.
- Acquire Familiarity with Different Modes of Computer-Based Learning.

Course outcomes
The following are the outcomes of the course
- Gauge the varying dimensions in respect of ICT and Applications in Special Education.
- Delineate the special roles of ICT Applications.
- Acquire Familiarity with Different Modes of Computer-Based Learning.

Unit 1: Information Communication Technology (ICT) and Special Education
1.1 Meaning and Scope of ICT and Its Role in 'Construction of Knowledge'
1.2 Possible Uses of Audio-Visual Media and Computers (Radio, Television, Computers)
1.3 Integrating ICT in Special Education With Reference To Articles 4 and 9 of UNCRPD and Goal 3 of Incheon Strategy
1.4 Three as of ICT Application—Access, Availability, Affordability
1.5 Overview of WCAG (Web Content Access Guidelines)

Unit 2: Using Media and Computers
2.1 Media: Radio and Audio Media- Script Writing, Storytelling, Songs, etc.,  
Television and Video in Education, Importance of Newspaper in Education
2.2 Computers: Functional Knowledge of Operating Computers—On/Off, Word Processing, Use Of Power Point, Excel, ICT Applications for Access to Print
2.3 Computer as a Learning Tool: Effective Browsing Of The Internet for Discerning and Selecting Relevant Information, Survey of Educational Sites and Downloading Relevant Material; Cross Collating Knowledge from Varied Sources

2.4 Computer-Aided Learning: Application of Multimedia in Teaching and Learning, Programmed Instruction; Computer-Assisted Instruction; Interactive Learning

2.5 E-Classroom: Concept, Organizing E-Classroom and Required Adaptations for Students with Disabilities

Unit 3: Visualising Technology-Supported Learning Situations

3.1 Preparation of Learning Schemes and Planning Interactive Use of Audio-Visual Programme

3.2 Developing PPT Slide Show for Classroom Use and Using of Available Software or CDs with LCD Projection for Subject Learning Interactions

3.3 Generating Subject-Related Demonstrations Using Computer Software and Enabling Students to Plan and Execute Projects

3.4 Interactive Use of ICT: Participation in Social Groups on Internet, Creation of 'Blogs', Organizing Teleconferencing and Video-Conferencing

3.5 Identifying and Applying Software for Managing Disability Specific Problems

Course Work/ Practical/ Field Engagement (any Two of the following)

I. Develop a script on any topic of your choice. Conduct an interview with an expert on the selected topic to prepare an audio or video program of 15 minutes duration

II. Prepare a PPT by inserting photos and videos on a topic of your choice

III. Create your email account as well as design a blog

Essential Readings

Suggested Reading

GENDER AND DISABILITY

Course Code: B 10(F)  
Credits: 02
Contact Hours: 30  
Marks: 50

Objectives

After completion of this course the student-teachers will be able to

- Develop an understanding of human rights based approach in context of disability.
- Explain the impact of gender on disability.
- Describe the personal and demographic perspectives of gender and disability.
- Analyse the issues related to disabled women and girl children.

Course outcomes

The following are the outcomes of the course

- Develop an understanding of human rights based approach in context of disability.
- Explain the impact of gender on disability.
- Describe the personal and demographic perspectives of gender and disability.
- Analyse the issues related to disabled women and girl children.

Unit 1: Human Right-based Approach and Disability  
6 Hours

1.1 Human Rights-Based Approach: Concept and History
1.2 Principles of Human Rights-Based Approach
   - Equality and Non-Discrimination
   - Universality & Inalienability
   - Participation and Inclusion
   - Accountability and Rule of Law
1.3 Elements of Human Rights System
   - Legal Framework
   - Institutions
- Development Policies & Programs
- Public Awareness
- Civil Society

1.4 Advantage of Human Rights-Based Approach

1.5 Implications for Disability
- Empowerment
- Enforceability
- Indivisibility
- Participation

**Unit 2: Gender and Disability** 10 Hours

2.1 Sex & Gender: Concept & Difference
2.2 Impairment & Disability: Concept & Difference
2.3 Gendered Experience of Disability
   - Public Domain: School and Outside School
   - Private and Familial Domain
   - Normalization and Social Role Valorisation
2.4 Gender and Disability Analysis: Techniques and Strategies
2.5 Psyche and Gender: Implications for Teaching

**Unit 3: Women and Girl Child with Disability** 10 Hours

3.1 Inclusive Equality
   - Access to Family Life
   - Access to Education, Vocational Training and Employment
   - Access to Political Participation
3.2 Factors Contributing to Disability
   - Gender-Based Violence in School and Within Family
   - Traditional Practices
3.3 Sexual and Reproductive Health
3.4 Teacher’s Role in Promoting Gender Equality
3.5 Gender Critique of Legislation, Government Policy and Schemes

**Practicum/Field Engagement**

I. Study the case of a woman with disability and submit a report
II. Review selected paper/s authored by women with disability
III. Conduct a gender analysis of a selected disability Act/Policy

**Transaction**

This course has been designed to provide the student teachers a socio-cultural perspective to disability. It aims to promote awareness about the space for disability equity and rehabilitation within the human rights system. As such the transaction of the course topics should be done through focus group discussions, and issue-based classroom interactions in addition to lectures and seminars.
Essential Readings

Suggested Readings

BRAILLE AND ASSISTIVE DEVICES

Course Code: B 10(G) Credit: 02
Contact Hours: 30 Marks: 50

Introduction

Braille, the embossed system of reading and writing for the blind along with its inventor, Louis Braille (1809-1852), has opened a wide range of avenues and opportunities for effective mainstreaming and empowerment for Persons with Visual Impairment. In addition, a plethora of devices are now available which help the visually impaired to access meaningful education in all school-subjects as also skills of independent living and economic activities.

This course familiarizes the student-teachers with the importance and operational aspects of Braille, which has stood the test of time and competition for the last about 185 years. It also introduces them to basic devices used for teaching blind and low vision children.

It is hoped that through the study of the course, the learners will be motivated to know more about these and various other devices and technologies and be in a position to help children with visual impairment/their parents to procure the needed devices with ease and speed.

Objectives

After completing the course the student-teachers will be able to

• Acquire basic information about Braille, its relevance and some important functional aspects.
• Get basic information on types and significance of different Braille devices.
• Get acquainted with the types and significance of basic devices relating to Mathematics, Science, Geography and Low Vision as also on sources of their availability.

Course outcomes

The following are the outcomes of the course

• Acquire basic information about Braille, its relevance and some important functional aspects.
• Get basic information on types and significance of different Braille devices.
• Get acquainted with the types and significance of basic devices relating to Mathematics, Science, Geography and Low Vision as also on sources of their availability.

Unit 1: Braille

1.1 Louis Braille and the Evolution of Braille
1.2 Continuing Relevance of Braille vis-a-vis Audio Material
1.3 Braille Signs, Contractions and Abbreviations—English Braille
1.4 Braille Signs and Symbols—Hindi/Regional Language
1.5 Braille Reading and Writing Processes

Unit 2: Braille Devices -- Types, Description, Relevance

2.1 Slate and Stylus
2.2 Braille Writer
2.3 Electronic Devices—Note takers and Refreshable Braille Displays
2.4 Braille Embossers
2.5 Braille Translation Software

Unit 3: Other Devices – Types, Description, Relevance

3.1 Mathematical Devices: Taylor Frame and Types, Abacus, Geometry Kit, Algebra Types
3.2 Geography: Maps—Relief, Embossed, Models
3.3 Science Material
3.4 Low Vision Aids—Optical, Non-Optical, Vision Training Material
3.5 Schemes and Sources of Availability

Course Work/Practical/Field Engagement (Any Two)

Each Student-Teacher will
a. Observe at least five devices in use in at least five school periods.
b. Draw up an item-wise price list of at least ten devices from different sources.
c. Prepare a presentation – Oral/ Powerpoint – on the relevance of Braille for children with visual impairment.
d. Prepare a report on the availability and use of Mathematical devices (at least two) in one special school and on inclusive school.
e. Make a report on the application of at least two non-optical devices for children with low vision.

Essential Readings

Suggested Readings

ORIENTATION AND MOBILITY

Course Code: B 11(A) Credit: 02
Contact Hours: 30 Marks: 50
Introduction

Movement with independence in the environment has been stated to be one of the major challenges of vision loss. In order to facilitate their meaningful empowerment, therefore, it is necessary to provide students with visual impairment skills and techniques which enable them to cope with these challenges. Developments, especially during and after World War II, have led to the emergence of a large variety of such strategies, skills and technologies, which are covered under the discipline titled Orientation and Mobility.
So, the present course carrying the same title introduces the learners to various crucial aspects of this vital subject. It is hoped that through the study of the course, the student-teachers would be in a better position to understand the implications of vision loss with reference to independent movement. It would also enable them to get insights into basic skills and components essential for meaningful orientation and easy and graceful movement for the visually impaired.

**Objectives**

After completing the course the student-teachers will be able to

- *Describe the nature and scope of O&M as also the O&M related responsibilities of the special teacher.*
- *Acquire basic knowledge of human guide techniques.*
- *Describe pre-cane and cane travel skills and devices.*
- *Get acquainted with the importance and skills of training in independent living for the visually impaired.*

**Course outcomes**

The following are the outcomes of the course

- *Describe the nature and scope of O&M as also the O&M related responsibilities of the special teacher.*
- *Acquire basic knowledge of human guide techniques.*
- *Describe pre-cane and cane travel skills and devices.*
- *Get acquainted with the importance and skills of training in independent living for the visually impaired.*

**Unit 1: Introduction to Orientation and Mobility**

1.1 Orientation and Mobility -- Definition, Importance and Scope
1.2 Basic Terminologies Associated with O&M: Trailing, Landmarks, Clues, Cues, Shoreline, Squaring Off, Clockwise Direction, Sound Masking, Sound Shadow
1.3 Roles of Other Senses in O&M Training
1.4 Special Responsibilities of Special Teacher/Educator with reference to O&M Training
1.5 Blindfold -- Rationale and Uses for the Teacher

**Unit 2: Human/ Sighted Guide Technique**

2.1 Grip
2.2 Stance
2.3 Hand Position
2.4 Speed Control
2.5 Negotiating: Narrow Spaces, Seating Arrangements, Staircases, Muddy paths
Unit 3: Pre-Cane Skills

3.1 Upper and Lower Body protection
3.2 Room Familiarization
3.3 Using Oral Description for Orientation
3.4 Search Patterns
3.5 Building Map Reading Skills

Unit 4: Cane Travel Techniques and Devices

4.1 Canes -- Types, Parts, Six Considerations
4.2 Cane Travel Techniques: Touch Technique, Touch and Drag Technique, Diagonal Cane Technique
4.3 Use of Public Transport
4.4 Asking for Help: When and How
4.5 Electronic Devices, Tactile and Auditory Maps -- Description and Uses

Unit 5: Training In Independent Living Skills

5.1 Self Care, Gait and Posture
5.2 Personal Grooming
5.3 Eating Skills and Etiquette
5.4 Identification of Coins and Currency Notes
5.5 Basics of Signature Writing

Course Work/Practical/ Field Engagement

Undertake any two of the following

a. Act as a sighted guide in different situations/settings.
b. Prepare a list of canes and other devices available with various sources along with prices.
c. Undergo an experience of moving under a blindfold for a few minutes and describe it (about 200 words).
d. Make a short PowerPoint/ oral presentation for about 5 minutes on the importance of O&M for the visually impaired.
e. Draw up a list of important clues/cues/landmarks which the visually impaired student can use in the school.

COMMUNICATION OPTIONS: ORALISM

Course Code: B 11(B)  
Credits: 02  
Contact Hours: 30  
Marks: 50

Introduction

Communication, language and speech have always been at the centre stage when education of children with deafness is being discussed. Without going into much of judgemental discussions in the direction of ‘either – or’ options to be the ‘best’, this syllabus intends to expose the student-teachers to all the dominant options. However, over and above the said exposure offered through compulsory courses, this optional course offers the student-teachers an additional opportunity to sharpen the skills in one of the categories of options. This is expected to emphasize use of appropriate options rather than advocating one among the many. Moreover, learning this optional course is also expected to provide wider career choices for the student teachers.

Objectives

After learning this course the student-teachers will be able to

• Discuss the Aural Oral Options with reference to persons with hearing impairment in the context of India.
• Discuss the relevant issues like literacy, inclusion and training with reference to Oralism /Oral Rehabilitation.
• Exhibit beginner level hands on skills in using these options.
• Motivate self to learn and practice more skills leading to linguistic adequacy and fluency to be used while developing spoken language in children with hearing losses.

Course outcomes

The following are the outcomes of the course

• Discuss the Aural Oral Options with reference to persons with hearing impairment in the context of India.
• Discuss the relevant issues like literacy, inclusion and training with reference to Oralism /Oral Rehabilitation.
• Exhibit beginner level hands on skills in using these options.
• Motivate self to learn and practice more skills leading to linguistic adequacy and fluency to be used while developing spoken language in children with hearing losses.

Unit 1: Understanding Hearing Loss in Real Life Context
1.1 Basic Awareness on Paradigms of D/Deafness (Medical and Social)
1.2 Basic Awareness on Deafness and Communicative Access: Challenges and Concerns
1.3 Basic Awareness on Autonomy, Inclusion and Identity with reference to Oral Options
1.4 Oral/ Aural Verbal Options and Realistic Expectations of Family and Teachers
1.5 Importance of Neural Plasticity and Early Listening Opportunities

Unit 2: Advance Understanding of Oral Options

2.1 Difference Between Uni Sensory and Multi Sensory Approach in Oralism
2.2 Oracy To Literacy: Why and How
2.3 Speech Reading: Need, Role and Strategies in All Communication Options
2.4 Training and Guidance on Aural Oral Practices for Families and Tuning Home Environment: Current Scenario, Importance And Strategies
2.5 Tuning Mainstream Schools/Classrooms for Aural Oral Communication: Do’s and Don’ts

Unit 3: Skill Development Required for Oralism

3.1 Practicing Interpreting Audiograms and Exposure to Goal Setting in Listening Skills
3.2 Practicing Motherese (Addressing/Talking to Young Children) and Age Appropriate Discourse with Children Using Appropriate Language, Turn Taking and Eye Contact
3.3 Practicing Fluency Skills in Verbal Communication: Spontaneous Conversations, Narrations and Loud Reading
3.4 Practicing Skills in Story Telling/ Narrations/ Jokes/ Poems/ Nursery Rhymes
3.5 Ongoing Monitoring and Assessing Auditory Functioning and Speech Development: Reading Model Formats Used for the Purpose (Checklists, Recordings, Developmental Scales)

Unit 4: Skill Development Auditory Verbal (AV) Approach

4.1 AV Approach: Meaning, Misconcepts and Justification
4.2 Stages of Auditory Hierarchy
4.3 Understanding Listening Strategies, Techniques of AV Approach and Their Relation to Listening Environment
4.4 Reading Model Plans and Observing a Few Weekly Individual Sessions
4.5 Developing Instructional Material for AVT Sessions Linking Listening, Language and Cognition

Unit 5: Implementing Oralism and AV Approach in Indian Special Schools & Summing up

5.1 Use Of Oralism and AV Approach in Indian Special Schools: Current Scenario
5.2 Oralism / AV Approach: Prerequisites for Special Schools
5.3 Strategies of Implementation Oral Communication Policy and Fulfilling Prerequisites
5.4 Resource Mobilization For Listening Devices: (ADIP, Organized Charity, CSR, Fund Raising Events, Web Based Fund Raising)

5.5 Reflections On The Course: From Theory to Practice to Initiating Change

Course Work/ Practical/ Field Engagement

I. Watching Video’s of Individual Sessions and Classroom Teaching
II. Role Play and Dramatization
III. Developing Learning Material for Facilitating Connectivity Among Listening, Language and Cognition
IV. Recording Self Narrated Stories / Poems and Writing Reflections Upon it V. Interacting with Non Disabled Children for Practicing Expansion of Ideas

Essential Readings

• Dhvani (English). Balvidyalaya Publication, Chennai.
• Communication Options and Students with Deafness (2010). Rehabilitation Council of India, New Delhi.

Suggested Readings

Verbal Therapy. Learning to Listen Foundation. Washington, DC.

- Unpublished Dissertations and Thesis on Profiling Communication Options in Special Schools in India.
COMMUNICATION OPTIONS: MANUAL (INDIAN SIGN LANGUAGE)

Course Code: B 11(C) Credits: 02
Contact Hours: 30 Marks: 50

Introduction

Communication, language and speech have always been at the centre stage when education of children with deafness is being discussed. Without going into much of judgemental discussions in the direction of ‘either – or’ options to be the ‘best’, this syllabus intends to expose the student-teachers to all the dominant options. However, over and above the said exposure offered through compulsory courses, this optional course offers the student-teachers an additional opportunity to sharpen the skills in one of the categories of options. This is expected to emphasize use of appropriate options rather than advocating one among the many. Moreover, learning this optional course is also expected to provide wider Career Choices for the Student Teachers.

Objectives

After learning this course the student-teachers will be able to

- Discuss the two manual options with reference to Indian special schools.
- Discuss the relevant issues like literacy, inclusion and training with reference to manual options.
- Describe manual options in the light of issues like language, culture and identify.
- Exhibit beginner level hands on skills in using manual options.
- Motivate self to learn and practice more skills leading to linguistic adequacy and fluency.

Course outcomes

The following are the outcomes of the course

- Discuss the two manual options with reference to Indian special schools.
- Discuss the relevant issues like literacy, inclusion and training with reference to manual options.
- Describe manual options in the light of issues like language, culture and identify.
- Exhibit beginner level hands on skills in using manual options.
- Motivate self to learn and practice more skills leading to linguistic adequacy and fluency.

Unit 1: Understanding Deafness in Real Life Context

1.1 Basic Awareness of Paradigms of D/Deafness (Medical and Social)
1.2 Basic Awareness of Deafness and Communicative Challenges / Concerns
1.3 Basic Awareness on Deafness with Reference to Culture, Language, Identity, Minority Status, Deaf Gain, Literacy and Inclusion
1.4 Basic Awareness of Difference between ISL and ISS; Myths and Facts
1.5 Importance of Neural Plasticity and Early Language Opportunities

**Unit 2: Advance Understanding of Manual Options and Indian Scenario**

2.1 Use of Simcom and Educational Bilingualism in Indian Schools: Current Scenario
2.2 Challenges, Prerequisites and Filling Prerequisites
2.3 Monitoring and Measuring Development of ISL/ISS in Students: Receptive and Expressive Mode
2.4 Training and Guidance for Families and Tuning Home Environment: Current Scenario and Strategies
2.5 Tuning Mainstream Schools/Classrooms for Students Using Manual Communication: Do’s and Don’ts

**Unit 3: ISL Skill Development: Middle Order Receptive and Expressive Skills**

3.1 Practicing ‘Motherese’ (Tuning Language to Suit Young Children) and Age Appropriate Discourse with Children with Appropriate Language, Turn Taking and Eye Contact
3.2 Practicing Natural Signing in Short Common Conversations
3.3 Practicing Natural Signing in Stories/Poems/Narrations/Jokes
3.4 Practicing Natural Signing in Discussing Emotions, Expansion of Ideas and Current Affairs
3.5 Practicing Group Dynamics

**Unit 4: ISL Skill Development: Towards Higher Order Receptive and Expressive Skills**

4.1 Learning to Express Gender, Number, Person, Tense, Aspect
4.2 Practicing Sentence Types: Affirmative, Interjections, Imperative and Interrogative and Negativization
4.3 Practicing Sentence Types: Simple, Complex, Compound
4.4 Observing Using ISL in Classrooms – Social Science
4.5 Observing Using ISL in Classrooms – Science / Mathematics

**Unit 5: ISS/ ISL Skill Development and Course Conclusions**

5.1 Practicing Markers (Local Language)
5.2 Practicing Syntax in Conversations and Discussions
5.3 Observing Using ISS/ISL in Classrooms for School Subjects
5.4 Resource Mobilization for Skill Development Training (Organized Charity Sources, CSR, Fund Raising Events, Web Based Fund Raising)
5.5 Reflections on the Course: From Theory to Practice to Initiating Change

**Course Work/ Practical/ Field Engagement**

I. Watching Videos of Individual Sessions and Classroom Teaching of Signing II. Role Play and Dramatization in ISL
III. Developing Learning Material for Facilitating Connectivity among Signing, Language and Cognition
IV. Recording Self Narrated Stories/ Poems and Writing Reflections
V. Interacting with Deaf for Practicing Expansion of Ideas

Essential Readings

- ISS Learning Material and Dictionaries
- Teaching Learning ISL Material Developed at AYJNIHH, Mumbai, SRKV, Coimbatore and NISH, Trivandrum

Suggested Readings

AUGMENTATIVE AND ALTERNATIVE COMMUNICATION

Course Code: B 11(D)  
Contact Hours: 30

Credits: 02  
Marks: 50

Objectives
The student-teachers will be equipped with a basic knowledge of AAC, AAC systems, AAC assessment, programme planning and strategies:

Course outcomes
The following are the outcomes of the course
The student-teachers will be equipped with a basic knowledge of AAC, AAC systems, AAC assessment, programme planning and strategies

Unit 1: Organizational framework for Communication:
1.1 Normal development of speech, language and communication
1.2 Factors that influence communication, speech and language in relation to each other
1.3 Levels of communication in children
   1.3.1 Functional (Emergent)
   1.3.2 Situational (Context Dependent)
   1.3.3 Independent (Creative)

Unit 2: Basic principles of AAC interventions:
2.1 Child - Child capacity
2.2 Child capacity and context
2.3 Working towards symbolic expression
2.4 Communication skills and
2.5 Functions

Unit 3: Areas of AAC Assessment:
3.1 Sensory areas
3.2 Cognition, communication and language
3.3 Posture and positioning. Motor planning and control
3.4 Scanning
3.5 Environment, Interaction & Symbols

Unit 4: Context of Communication:

4.1 Partner /skills, user skills and environment
4.2 Competency development - types of competencies and its development
   4.2.1 Linguistic competence
   4.2.2 Operational Competence
   4.2.3 Social competence
   4.2.4 Strategic competence

Unit 5: Introduction to communication tools and Access Mode:

5.1 Types of AAC devices and systems
   5.1.1 No Technology
   5.1.2 Low Technology
   5.1.3 High Technology
5.2 Access to communication charts - hand, finger, eye point
5.3 Access to devices:
   5.3.1 Switches - hand switch, blow switch, infrared devices etc
   5.3.2 Software - scan mode combined with a switch
5.4 Selection of AAC
5.4.1 Child competency and environment
5.4.2 Design, Access, Motor, Devices
5.5 Challenges in the development of AAC and Literacy
   5.5.1 Grammar; spelling
   5.5.2 Building Vocabulary: and richness of language
   5.5.3 Motor expression

Suggested Reading:

• Warrick, A., & Kaul, S. (1997). Their manner of speaking: augmentative communication for children and young adults with severe speech disorders, Indian Institute of Cerebral Palsy, Kolkata
• Communication, compiler: T.N. Southgate. BA, Ormerod School, Oxford, Editor, G.M. Cochrane MA, FRCP, Equipment for Disabled People, Mary Mariborough Lodge, Nuffield Orthopaedic Centre, Oxford OX3 7 LD
MANAGEMENT OF LEARNING DISABILITY

Course Code: B 11(E)  
Credits: 02
Contact Hours: 30  
Marks: 50

Introduction

This course will provide an understanding of the types and characteristics of Children with Learning Disabilities and their associated condition. The course will include assessment of basic curricular skills, standardized tests and interpretation of test report. This course, grounded in research based interventions, is designed to assess all who work with students in special and regular education in developing skills to teach and support acceptable behavior that is demonstrated in home, school and community settings.

Objectives

After completing the course the student-teachers will be able to

• Explain the concept, causes and characteristics of learning disabilities.
• Discuss different types of learning disabilities and its associated conditions.
• Develop teacher made assessment test in curricular areas.
• Plan appropriate teaching strategies as per the specific needs of children with learning disability.

Course outcomes

The following are the outcomes of the course

• Explain the concept, causes and characteristics of learning disabilities.
• Discuss different types of learning disabilities and its associated conditions.
• Develop teacher made assessment test in curricular areas.

Plan appropriate teaching strategies as per the specific needs of children with learning disability.

Unit 1: Learning Disabilities: Types

1.1 Verbal learning disabilities: Dyslexia, Dysgraphia, Dyscalculia.
1.2 Non-verbal learning disabilities
1.3 Language Disorders
1.4 Associated Conditions: ADHD & ADD
1.5 Emotional & Behavioral problems.

Unit 2: Assessment of Basic Curricular Skills

2.1 Assessment of Readiness Skills
2.2 Assessment of Reading, Writing and Math skills
2.3 Teacher made test  
2.4 Standardized Tests: Need, Types & Purpose  
2.5 Interpretation of Test report  

Unit 3: Intervention Strategies in Basic Skills of Learning  
3.1 Language skills  
3.2 Reading  
3.3 Writing  
3.4 Maths skills  
3.5 Study skills  

Transaction  
This activity-based approach should allow the teacher to step back and allow the student-teachers to self-facilitate. The student-teachers must be given experience in the various settings such as clinics, schools, resource centres etc, for exposure to actual assessment. Discussions, debates, simulations, collaborative methods, must be used for transaction.  

Course Work/ Practical/ Field Engagement  
• Prepare of checklist for screening LD  
• Develop teacher made assessment test in any one curricular area for a given child  
• Plan appropriate teaching strategies as per the specific needs of a given child with learning disability  

Essential Readings  

Suggested Readings  

VOCATIONAL TRAINING, TRANSITION & JOB PLACEMENT

Course Code: B 11(F)  
 Credits: 02

Contact Hours: 30  
 Marks: 50

Objectives

After completing the course the student-teachers will be able to

- Develop an understanding of vocational education & its relevance for PWD’s.
- Carry out vocational assessment and make vocational training plan.
- Plan for transition from School to job.
- Identify various avenues for job placement.
- Facilitate PWD’s in making choice of vocational trades.
- Acquire the concept of independent living and empowerment.

Course outcomes

The following are the outcomes of the course

- Develop an understanding of vocational education & its relevance for PWD’s.
- Carry out vocational assessment and make vocational training plan.
- Plan for transition from School to job.
- Identify various avenues for job placement.
- Facilitate PWD’s in making choice of vocational trades.
- Acquire the concept of independent living and empowerment.

Unit 1: Fundamentals & Assessment of Vocational Rehabilitation

1.1. Definition, meaning and scope of Vocational Education
1.2. Legislations, policies, agencies, schemes, concessions & benefits for PWDs with respect to employment
1.3. Approaches and models of Vocational training
1.4. Assessment, Evaluation of Generic skills & Specific job skills using various tools
1.5. Approaches & Principles of vocational assessment

Unit 2: Vocational Transition & Curriculum Planning

2.1. Concept, meaning, importance of transition
2.2. Vocational transition models
2.3. Transitional Planning at pre-vocational & post-vocational level
2.4. Development of Individualized Vocational Transitional Plan
2.5. Development of Vocational Curriculum

**Unit 3: Process of Vocational Rehabilitation & Placement**

3.1. Types of Employment Settings
3.2. Process of Job Placement & Creation of Need-based Employment Settings
3.3. Adaptations, Accommodation, Safety Skills and First Aid
3.4. Self Advocacy & Self Determination Skill Training
3.5. Equal opportunities and attitudes towards persons with disabilities

**Hands on Experience**

- Developing curriculum on any vocational skill
- Administering any vocational assessment tool
- Visit to any vocational Institution

**Suggested Readings**

BASIC RESEARCH AND STATISTICS

Course code: D 19
Contact Hours: 30

Objectives

After completing the course student-teachers will be able to

• Describe the concept and relevance of research in education and special education.
• Develop an understanding of the research process and acquire competencies for conducting a research.
• Apply suitable measures for data organization and analysis.

Course outcomes

The following are the outcomes of the course

• Describe the concept and relevance of research in education and special education.
• Develop an understanding of the research process and acquire competencies for conducting a research.
• Apply suitable measures for data organization and analysis.

Unit 1: Introduction to Research

1.1 Scientific Method
1.2 Research: Concept and Definition
1.3 Application of Scientific Method In Research
1.4 Purpose of Research
1.5 Research in Education and Special Education

Unit 2: Types and Process of Research

2.1 Types of Research
   - Basic/Fundamental
   - Applied
   - Action
2.2 Process of Research
   - Selection of Problem
   - Formulation of Hypothesis
   - Collection of Data
   - Analysis of Data & Conclusion
2.3 Tools of Research: Tests, Questionnaire, Checklist and Rating Scale
2.4 Action Research in Teaching Learning Environment
2.5 Professional Competencies for Research

Unit 3: Measurement and Analysis of Data
3.1 Scale for measurement: Nominal, Ordinal, Interval and Ratio
3.2 Organization of data: Array, Grouped distribution
3.3 Measures of central tendency and Dispersion: Mean, Median and Mode, Standard deviation and Quartile deviation
3.4 Correlation: Product Moment and Rank Order Correlation
3.5 Graphic representation of data

Practicum/ Field Engagement

• Develop a teacher made test for a given subject matter
• Develop a questionnaire/checklist
• Develop an outline for conducting action research

</tr>
</tbody>
</table>
Note:

1. The qualifications prescribed above are valid for five years only i.e., up to May 2020.
2. The teacher – student ratio is 1:10.
3. The specific disability area mentioned in this document refers to Visual Impairment, Hearing Impairment, Mental Retardation, Learning Disability, Multiple Disability, Locomotor Disability, etc. The specific disability areas are not interchangeable as a measure of maintenance of standards in Special Education. For example, a person who has specialized in B.Ed. Special Education in visual impairment cannot get admission in M.Ed. mental retardation, etc. The above condition applies to the Lecturers also who are recruited in these programmes.
4. For specialization in VI area, Masters degree in school subject will be required. Similarly for specialization areas in Mental Retardation and Hearing Impairment, Masters Degree in Psychology, Child Development/ Human Development, Sociology, Linguistics and Education will be preferred.
5. Part-time faculty is one who is on the rolls of the institute for taking a fixed number of classes per week/per month basis whereas a visiting faculty is invited as and when required or as per the availability of the faculty on hourly basis.
6. There is no separate designations such as Coordinator, Director, Administrator, etc., prescribed by the RCI for running teacher preparation courses. The qualifications of the head/co-ordinator of the B.Ed.Spl.Ed. and M.Ed.Spl.Ed. programme should be as that of the Professor/Reader as laid down by the RCI.
7. For Institutes offering only B.Ed. (Special Education) programme, the senior faculty will be treated as Head of the Department/Coordinator.
8. For M.Ed. Special Education course, appointment of faculty on contract basis should be for minimum of 24 months. Appointment of faculty on contract basis will be allowed for running M.Ed.Spl.Ed. course only if regular fulltime faculty for B.Ed.Spl.Ed. course already exists as per the RCI norms.
9. In case of non-availability of a candidate with M.Ed. (Special Education) in particular disability specialization for faculty position at B.Ed. (Special Education) level, M.Ed. (Special Education) in some other disability specialization may be considered for three years i.e., up to 2017-18.
10. The Board of Studies of affiliating/concerned university to have a member nominated by RCI.

Faculty {Assistant Professor/ Lecturer (Disability papers)} for B.Ed.Spl.Ed. (Autism Spectrum Disorders) and B.Ed.Spl.Ed. (Multiple Disabilities)

   a) Post Graduate degree
   b) M.Ed (Special Education) with either a dissertation in the field of ASD or a Diploma in ASD
   c) Two years experience of teaching in special schools for children with ASD
   d) Having valid RCI registration
(This would be applicable for next five years, to be revised as per need)

II. Essential qualifications for faculty: B.Ed.Spl.Ed. (Multiple Disabilities) -

a) Post Graduate degree

b) M.Ed (Special Education) with either a dissertation in the field of MD or B.Ed. (Special Education)
   MD/ B.Ed. Special Education (Locomotor and Neurological Disorder)/ P.G. Diploma in Special
   Education (Mult.Dis.:Physical and Neuro.) / P.G. Dipl. in Developmental Therapy (Mult.
   Dis.:Physical and Neuro.)

c) Two years experience of teaching in special schools for children with MD

d) Having valid RCI registration

(This would be applicable for next five years, to be revised as per need)

Note: For running Open and Distance Education programme, per disability per programme, one additional faculty will be required.
Bachelor of Education - Special Education

(Visual Impairment)

Norms, Regulations & Course Content

Effective from Academic Session 2015-16
(Two Years Duration)

Department of Education
Andhra University
Visakhapatnam-530003
and also the CGPA required to qualify for a degree taking into consideration the recommendations of the statutory professional councils such as AICTE, MCI, BCI, NCTE, etc.

d. The statutory requirement for eligibility to enter as assistant professor in colleges and universities in the disciplines of arts, science, commerce, etc., is a minimum average mark of 50% and 55% in relevant postgraduate degree respectively for reserved and general category. Hence, it is recommended that the cut-off marks for grade B shall not be less than 50% and for grade B+, it should not be less than 55% under the absolute grading system. Similarly cut-off marks shall be fixed for grade B and B+ based on the recommendation of the statutory bodies (AICTE, NCTE, etc.) of the relevant disciplines.

**RCI as a Statutory body recommends that the cut-off marks for grade B shall not be less than 50% and for grade B+, it should not be less than 55% under the absolute grading system. Internal assessment for Theory Courses will not exceed 20% and 50% in the practicum wherever applicable.**

**Duration**

The programme will be of two years with 2 semesters in each year. Each semester will be of 16-18 weeks; 2 weeks in summer and 2 weeks in inter semester break will also be utilized for covering the courses. In this way, the following operational weeks will be available for transacting the course:

- Year 1- 16-18 weeks for two semesters + 2 weeks in summer
- Year 2- 16-18 weeks for two semesters + 2 weeks in inter-semester breaks

This comes to 64-72 weeks + 6 weeks for field activities/skill development with 40 credits in each year.

**V. PROGRAMME STRUCTURE**

Bachelor of Education - Special Education

(Visual Impairment)

Norms, Regulations & Course Content

Effective from Academic Session 2015-16
(Two Years Duration)

Department of Education
Andhra University
Visakhapatnam-530003
Bachelor of Education - Special Education (B.Ed. Spl.Ed.)
Programme

I. PREAMBLE

Both, Indian society (and hence) the Indian school system are full of strengths and challenges the essence of which is diversity. Coming together with diverse background is part of our growing up and functioning in the society as adults. But how are the classrooms which are known to be miniature societies and future societies handling this coming together currently? This is one of the key questions waiting to be addressed at macro as well as micro level today. As we take the credit (and pride) of managing some of the obviously visible diversities quite well, it is high time that we move on to dealing with lesser visible diversities in classrooms. Various subtle diversities are waiting to be identified by classroom teachers if not by theorists and experts – dealing with these will come only after acknowledging them systematically. Diversities related to learning styles, multiple intelligences, personality profiles or study habits are a few of the factors yet to take their due places in classroom activities. Similarly diversity of abilities and hence of the related educational needs, too are waiting to be addressed properly in Indian classrooms.

With this backdrop the current B. Ed. Special Education curriculum is revisited. After a lot of brainstorming this curriculum has been developed to empower the special teachers/educators to ensure education of students with disabilities in an inclusive, right based and barrier free environment. It is in tune with the reforms in Indian education and teacher education system in general with specific reference to NCTE Notification of December 2014. It intends to place teacher education preparation in special education in the rights- perspective of the larger picture. **The prime intention is to develop a task force of the special teachers/educators who can deliver the best in all settings: inclusive, special, open or home based and in all the roles: classroom teacher, resource teacher, itinerant teacher or cross disability teacher facilitators.**

This document proposes the program structure for the duration of two years so that a wide range of knowledge and skills can be inculcated in trainee teachers during the program. Difference in philosophies and theories between special and general education need to be bridged and special educators and teachers trained to collaborate to meet diverse needs in the classroom. The program structure readies them for embarking on a fulfilling professional journey spurred by refection and practices. Moving away from ‘show and tell’ to ‘learning by doing’, the course will be skill oriented, and offer various opportunities of interaction with self, students, schools and communities.

The curriculum attempts at striking a balance between core knowledge (theory and pedagogy) and skills; cross disability knowledge and skills, as well as disability specific knowledge and skills. The role of special educators has changed dramatically, with a shift from direct provider of instruction to facilitator and consultant.

---

1 This Degree is as per UGC Notification on Specifications of Degrees March 2014 as published in the Gazette of India, July 5, 2014.
A teacher would need the first set of skills to develop a basic understanding of curriculum transaction and content pedagogical knowledge as well as change agent, collaboration, communication and time management skills. Provision of the second set would be required, since cross disability expertise is more relevant within the framework of inclusion; and a teacher would need the third set to specialise in one of the disabilities particularly for serving the needs of children with specific disability in inclusive as well as special setting.

Inclusion is at the educational centre stage today and hence the role of special and general teachers needs to be operationalized systematically. To give the program more pragmatic relevance, issues related to projected needs, employability, career and higher education options and entry level eligibility are given serious consideration so the opportunities for a special educator are at par with teachers in general education. It is expected that so far separated general and special education would initiate more bilateral collaborations with each other to fulfil the global objective of EDUCATION FOR ALL.

As per the NCTE Regulations 2014 Notification 346 dated 1.12.2014 and subsequent letter No8-A/ Recog. / Policy /2014-RCI dated 28th January 2015 and letter # 7-128 RCI/ 2015 from Rehabilitation Council of India (RCI), New Delhi, the B.Ed.-Special Education (Visual Impairment) program of one academic year is revised to two years in the Andhra University. The said program is Credit Based Grading System. It has semester system comprising of four semesters and offers choice based optional courses in theory component. It is implemented from academic year 2015-2016. The syllabus of B.Ed.- Special Education (Visual Impairment) is based on the syllabus prescribed by the Rehabilitation Council of India, New Delhi.

II. OBJECTIVES

The B.Ed.Spl.Ed. Programme aims to develop Special Education teachers/Educators for children with disabilities for various settings (including Inclusive, Special, Open School and Home Based Education). The B.Ed. (Special Education) programme will prepare human resources to enable them to acquire knowledge and develop competencies and skills to impart education and training effectively to children with disability as well as all other children and this being teachers for all children. After completing the B.Ed. (Special Education) programme the student-teachers will:

a. Acquire knowledge & skills about human development, contemporary Indian education, and pedagogy of various school subjects and assessment for learning.
b. Acquire knowledge & skills about nature and educational needs of children with disabilities as well as of few select specific disabilities.
c. Develop conceptual understanding of education provisions and skills for working with children with various disabilities in Special and inclusive settings.
d. Enhance knowledge and skills for professional development.
III. NOMENCLATURE

Nomenclature of B.Ed. Special Education programmes should be as per UGC Notification of 2009 and 2014 and the new nomenclature will be B.Ed.Spl.Ed. Such as for Visual Impairment the nomenclature will be B.Ed.Spl.Ed.(VI).

IV. GENERAL FRAMEWORK OF THE COURSE

The programme is planned on the Choice Based Credit System (CBCS). According to UGC guidelines one credit is equivalent to one hour of teaching (lecture or tutorial) or two hours of practical work/field work per week. RCI also recommends practical work for each theory course besides these contact hours including self study, assignments, etc. That may involve same number of hours as are the contact hours specified for each course.

The Programme structure has three sets of courses:

1. Core courses in every semester
2. Elective course which can be chosen from pool of papers in order to:
   a. Support the discipline of study
   b. Provide an expanded scope
   c. Exposure to some other discipline/domain (this will depend on the options available with the implementing university and institution)
   d. Nurturing student proficiency/skills
3. Elective Foundation courses are value-based

RCI will follow the 10-point grading system following letter grades recommended by the UGC as given below:

Table 1: Grades and Grade Points

<table>
<thead>
<tr>
<th>Letter Grade</th>
<th>Grade Point</th>
</tr>
</thead>
<tbody>
<tr>
<td>O (Outstanding)</td>
<td>10</td>
</tr>
<tr>
<td>A+ (Excellent)</td>
<td>9</td>
</tr>
<tr>
<td>A (Very Good)</td>
<td>8</td>
</tr>
<tr>
<td>B+ (Good)</td>
<td>7</td>
</tr>
<tr>
<td>B (Above Average)</td>
<td>6</td>
</tr>
<tr>
<td>C (Average)</td>
<td>5</td>

<tr>
<td>P (Pass)</td>
<td>4</td>
</tr>
<tr>
<td>F (Fail)</td>
<td>0</td>
</tr>
<tr>
<td>Ab (Absent)</td>
<td>0</td>
</tr>
</tbody>
</table>

a. A student obtaining Grade F shall be considered fail and will be required to reappear in the examination.

b. For non-credit courses ‘Satisfactory’ or ‘Unsatisfactory’ shall be indicated instead of the letter grade and this will not be counted for the computation of SGPA/CGPA.

c. The Universities can decide on the grade or percentage of marks required to pass in a course...
and also the CGPA required to qualify for a degree taking into consideration the recommendations of the statutory professional councils such as AICTE, MCI, BCI, NCTE, etc.

d. The statutory requirement for eligibility to enter as assistant professor in colleges and universities in the disciplines of arts, science, commerce, etc., is a minimum average mark of 50% and 55% in relevant postgraduate degree respectively for reserved and general category. Hence, it is recommended that the cut-off marks for grade B shall not be less than 50% and for grade B+, it should not be less than 55% under the absolute grading system. Similarly cut-off marks shall be fixed for grade B and B+ based on the recommendation of the statutory bodies (AICTE, NCTE, etc.) of the relevant disciplines.

RCI as a Statutory body recommends that the cut-off marks for grade B shall not be less than 50% and for grade B+, it should not be less than 55% under the absolute grading system. Internal assessment for Theory Courses will not exceed 20% and 50% in the practicum wherever applicable.

Duration

The programme will be of two years with 2 semesters in each year. Each semester will be of 16-18 weeks; 2 weeks in summer and 2 weeks in inter semester break will also be utilized for covering the courses. In this way, the following operational weeks will be available for transacting the course:

- Year 1: 16-18 weeks for two semesters + 2 weeks in summer
- Year 2: 16-18 weeks for two semesters + 2 weeks in inter-semester breaks

This comes to 64-72 weeks + 6 weeks for field activities/skill development with 40 credits in each year.

V. PROGRAMME STRUCTURE

**STRUCTURE FOR 2 YEARS**

<table>

Each theory course (A, B, C, D) will have up to 5 units. Each practical course (E1 and E2) will have 4 units. Each field Engagement/internship (F1, F2 and F3) will have 2 units. All courses as specified in the structure include lecture, tutorials as contact hours besides assignment, field work including observation, seminar, workshop and practicum relating to the concerned course.

Specialisation offered (with specific reference to Area C)

The B. Ed. Spl. Ed. programme is offered in following specializations:

I. Autism Spectrum Disorders (ASD)
II. Hearing Impairment (HI)
III. Learning Disability (LD)
IV. Mental Retardation/Intellectual Disability (MR/ID)
V. Multiple Disabilities (MD)
VI. Visual Impairment (VI)

AREA B: CROSS DISABILITY AND INCLUSION

Note:

a. All student-teachers will be learning about all disabilities (theory, practical as well as field engagement) and specialization in any one disability other than selected for Area C.
b. Institutions/organizations offering B.Ed.Spl.Ed. are expected to decide other than specialization area out of VI / HI / MR / LD / MR (ID) / ASD / MD.
c. In case of student-teachers with disability: the choice of two optional courses from B-10 or B-11 can be on case to case basis (e.g. Student-teachers with VI and HI may opt for courses that are appropriate for them across/only from B10 & B11).

</tbody>
</table>

It may be noted:

1. **Observations and Lessons should be on Primary and Secondary level of classes in all three areas, i.e., Disability Specialisation, Other disability and in Special and Inclusive Settings.**
2. **Practical are focused on school subject teaching. Every student is expected to opt for and teach any two school subject as offered by the Institution/ University.**
3. **Practical in Other disability should be for other than disability specialisation.**
4. **Practical in Inclusive settings should be preferably with various disabilities.**

**VI. ADEQUACY OF THE SPECIAL EDUCATION SYLLABI**

The syllabus prescribed for the B.Ed.Spl.Ed. Is on the basis of minimum requirements and therefore, Universities and Colleges of Education/Institutes implementing the B.Ed course can exercise flexibility in opting the number of papers without compromising on the adequacy and validity of the contents prescribed by the RCI.

**VII. DURATION OF THE COURSE**

The duration of the Course is two academic years, which can be completed in a maximum of three years from the date of admission to the programme.

**VIII. WORKING DAYS & ATTENDANCE**

The programme will be conducted for **at least 200 working** days each year exclusive of the period of examination and admission. The institution shall work for a minimum of thirty six hours in a week (five or six days), during which physical presence in the institution of all the teachers and student-teachers is necessary to ensure their availability for advice, guidance, dialogue and consultation as and when needed.

The minimum attendance of Student-Teachers shall have to be 80% for all course work, 90% for all practicum, and 100% for school internship (5% attendance may be condoned by the head of institution on genuine grounds).
IX. ELIGIBILITY FOR ADMISSION

(a) Candidates with at least fifty percent marks either in the Bachelors Degree and/or in the Masters degree in Sciences/ Social Sciences/ Humanities, Bachelor’s in Engineering or Technology with specialization in Science and Mathematics with 55 % marks or any other qualification equivalent thereto, are eligible for admission to the programme.

(b) The reservation and relaxation for SC/ST/OBC/PWD and other categories shall be as per the rules of the Central Government/ State Government, whichever is applicable.

X. ADMISSION

Admission Procedure: Through Education Common Entrance Test conducted by Government of Andhra Pradesh.

XI. PROGRAMME PATTERN

The programme has been developed on Semester basis. The Programme has proposed 2400 marks in view of disability specific specialization.

XII. PASSING MINIMUM

Minimum 50% marks are essential in all courses for passing in the programme (Grace Marks as per University norms).

XIII. NATURE OF EVALUATION

Internal & External as per University norms; RCI as Statutory body recommends that the (i) cut-off marks for grade B shall not be less than 50% and for grade B+, it should not be less than 55% under the absolute grading system, and (ii) Internal assessment for Theory Courses will not exceed 20% and 50% in the practicum wherever applicable.

XIV. TRANSITORY REGULATIONS

Whenever a course or scheme of instruction is changed in a particular year, two more examinations immediately following thereafter shall be conducted according to the old syllabus/ regulations. Candidates not appearing at the examinations or failing shall take the examinations subsequently according to the changed syllabus/ regulations/ as per University norms.

XV. FACULTY-STUDENT RATIO

The faculty-student ratio in the area of B.Ed.Spl.Ed. may be 1:10, as per the RCI norms. Considering the infrastructural facilities needed for Special Education and based on the tasks such as supervising practicum, a minimum number of 20 and maximum of 30 students may be admitted for the B.Ed.Spl.Ed. programme.
XVI. FACULTY NORMS

The existing faculty norms will be applicable only for the first year of the academic session 2015-16. Revised norms will be applicable from the academic session 2016-17 onwards (second year of the course starting in 2015-16 onwards). Faculty norms are attached herewith at Annexure - I.

XVII. INFRASTRUCTURAL FACILITIES

It is desirable that institutions have their own building. The building & the plot should ideally be in the name of Institution/ Society/ Trust. In case of rented building, the institution must have a rent agreement for a period extending up to the date of completion of the proposed training program (whenever the training program is proposed to be started). However, in either case, the institution should have minimum 1000 sq. meters area and shall consist of 500 sq. meters built up area for the first proposed training program. For each additional course, 300 sq. meters additional built up area is required. For example, for one course 500 sq. meters built up area, for two courses (500+300) sq. meters and so on.

- Lecture Hall / Classrooms – 3 basic requirements (minimum one Additional classroom for each additional programme)
- Multipurpose Hall – 1
- Staff Room – 1
- Resource Room* – 1
- HOD / Principal Room – 1
- Administrative Room - 1
- Library – 1
- ICT - 1
- Disabled Friendly gender-wise washrooms

*Space for Resource Room- it should be large enough to include disability as well as health, physical education, yoga, drama, etc. with respect to children with disabilities.

XVIII. CERTIFICATION AS A REGISTERED PROFESSIONAL

It is mandatory as per Section 13 of RCI Act for every teacher of special education to obtain a “Registered Professional Certificate” from the Rehabilitation Council of India to work in the field of special education in India. As continuous professional growth is necessary for the renewal of the certificate, the teachers as well as educators in special education should undergo in-service programme periodically to update their professional knowledge. Amendments, if any, to the regulations of the course will be made periodically by the Rehabilitation Council of India. Any deviation from the above regulations should have the prior approval of the Rehabilitation Council of India. The successful students will be registered as Special Educator (Professional). The training institution/organization should ensure that all passed out students are registered with the Council.
XIX. AWARD OF DEGREE

The affiliating Universities will award degree in Bachelor of Education Special Education (Area of Specialisation). The areas of specialisation provided are Autism Spectrum Disorders (ASD), Hearing Impairment (HI), Learning Disability (LD), Mental Retardation/Intellectual Disability (MR/ID), Multiple Disabilities (MD) and Visual Impairment (VI). For example in the area of Hearing Impairment the degree awarded will be B.Ed.Spl.Ed. (HI). While issuing degree certificate, the Universities are advised to clearly spell out the area of specialization and mention as a statement that the passed out can teach in all settings and other disabilities (cross disabilities).

XX. PRACTICING SCHOOLS

Special & Inclusive School - Own Special School/ MoU with Special & Inclusive Schools, preferably up to senior secondary school level recognised by State Government for the main disability area and permission to carry out practical in other disability. Special Schools for ASD and LD is not an essential condition. With a precaution that students with disability should not be overstressed. Institutions offering more than one programme in Special Education must have own Special School and MoU with other Special/Inclusive School for school engagement and field experience.
PHILOSOPHICAL FOUNDATIONS OF EDUCATION

Course Code: A1 Credits: 04
Contact Hours: 60 Marks: 100

Objectives
After completion of the course, the student-teacher will be able to
1. understand the concepts of Education and Philosophy
2. understand the Indian Philosophical thought on Education
3. understand the Implications of various western schools of thought on Education
4. understand the implications made by recent thinkers on education.
5. appreciate the nobility of teaching as a profession.
6. understand the need and importance of values and their role in making an individual a humane.

Course Content
Unit-1: Introduction to Philosophy and Education
1.1 Concept and Scope of Philosophy
1.2 Concept and Scope of Education
1.3 Types and Functions of Education
1.4 Relationship between Philosophy and Education.
1.5 Philosophy and aims of Education

Unit-2: Indian Education: Historical Perspective
2.1 Education during Ancient Period (Vedic Education, Buddhist Education and Jains)
2.2 Education during Medieval Period (Including Islamic Education)
2.3 Education during Modern Period (Pre-Independent and Post Independent era)
   i. Rabindranath Tagore
   ii. Sri Aurobindo Gosh
   iii. Mohandas Karamchand Gandhi
   iv. Jiddu Krishna Murthy
   v. Dr.BR.Ambeddkar
   vi. Moulana Abdul Kalam Azad

Unit-3: Eastern Systems and Western Schools of Philosophy
3.1 Eastern Systems of Philosophy
   i. Sankhya ii. Yoga iii. Nyaya iv. Vedanta
3.2 Western Schools of Philosophy
   i. Idealism ii. Naturalism iii. Pragmatism iv. Existentialism

Unit-4: Value Education
4.1 Concept of Value
4.2 Classification of Values
4.3 Value Crisis
4.4 Approaches to inculcate Values
4.5 Values and Harmonious Life
Unit-5: Teaching as a Profession

5.1 Teacher: Professional Competencies and Commitments
5.2 Teacher as a Nation Builder
5.3 Teacher as a Creator and Facilitator of Knowledge
5.4 Professional ethics of teachers
5.5 Teacher and the Future Society

Activities

1. Critically review a selected book written by Contemporary Educationalist in India.
2. Thoughts and reflections of Western Philosophical schools and its relevance to the present day Indian Education – A Report
3. Identify the different roles played by an ideal teacher in the classroom, school and community and report
4. Visit nearby schools under different managements and describe the functioning of the schools
5. List out the values which make an individual a righteous human being

Text Books

Foundations of education, Neelkamal publications, 2013, Hyderabad

Reference Books

PERSPECTIVES IN CHILD DEVELOPMENT

Course Code: A 2  Credits: 04
Contact Hours: 60  Marks: 100

Objectives

After completion of the course, the student-teacher will be able to

1. compare relative merits and applications of different Approaches of Human Development
2. recognize that childhood is a period of socialization and how socialization practices affect their development
3. critically analyze developmental variations among children placed and exposed to different socio-cultural contexts
4. appreciate the process of development with special focus on childhood and adolescence
5. recognize that adolescence as a period of transition and threshold of adulthood
6. examine characteristics of adolescents and reflect on how their needs act as genesis of certain unique problems
7. illustrate different factors influencing on child development and their applications to education
8. examine different theories of development and their relevance to understand the nature of child

Course Content

Unit-1: Approaches of Human Development

1.1 Concept of Growth, Development and Maturation
1.2 Principles of Development
1.3 Stages of Growth and Development (Infancy Childhood, Adolescence)
1.4 Dimensions of Growth and Development (Physical, Cognitive, Emotional, Social, Moral, language)
1.5 Longitudinal and cross sectional approaches of understanding development

Unit-2: Theories of Development

2.1 Cognitive theory of Development (Piaget’s)
2.2 Psycho-social theory of development (Erikson).
2.3 Theory of Moral Development (Kohlberg’s).
2.4 Theory of psycho- sexual development (Freud).
2.5 Theory of Emotional Development (Goldstein).

Unit-3: Childhood as a period of Socialization

3.1 Characteristics of childhood – developmental tasks.
3.2 Child development – Physical, cognitive, social, emotional, moral and language development during childhood.
3.3 Child in different socio-cultural contexts.
3.4 Process of socialization – conflicts resolution and social development.
3.5 Stages of Social development – Isolated play, parallel play and social play.
   Characteristics of socially matured person.
Unit-4: Adolescence as a period of transition
4.1 Characteristics and needs in Adolescence
4.2 Genesis of problems during adolescence-Physical, cognitive, emotional, social, moral and language development
4.3 Adolescent Groups – Gangs
4.4 Mechanisms of adjustment with special reference to defense mechanisms and holistic development
4.5 Leadership: Types of Leadership, Development of Leadership qualities in adolescents and its educational implications.

Unit-5: Individual Differences
1.1 Dimensions of Individual differences-cognitive abilities, interests, aptitude, creativity, personality and values
1.2 Theory of multiple intelligence (Gardner) – Implications for understanding differences in children
1.3 Difference in children based on learning styles and socio cultural context (home language and Instructional language)
1.4 Individual differences based on cognitive abilities – learning difficulties, slow learners and intellectually challenged, intellectual giftedness - implications for catering to individual variations in view of “differences” rather than “deficits” perspective.
1.5 Fostering creativity among children.

Activities
1. Visit a balwadi centre/ NGO centers for orphans/ street children homes and prepare a detailed report on the care taken by these centers
2. Description of cases – 1. A Child with any type of disability and 2. A child from disadvantaged section of the society
3. Describe the salient features of Child Rights Act 2005
4. Interact with five adolescents and collect information about their attitudes, interests, aspirations in respect of their educational and occupational choices

CLASSROOM MANAGEMENT LEADERSHIP AND ACTION RESEARCH

Course Code: A 3
Credits: 02
Contact Hours: 30
Marks: 50

Objectives
After completion of the course, the student-teacher will be able to
1. Understand the importance of classroom organization
2. Understand the importance of classroom Management
3. Develop ability to face the problems in managing the classroom.
4. Understand the role of leadership of a teacher
5. Undertake different action research projects to improve professional practices

Course Content

Unit-1: Classroom Organization
1.1 Classroom organization – Meaning and purpose
1.2 Classroom Seating Arrangement for different purposes
1.3 Technology integration – OHP/ LCD, Smart board, Chalk board, White board, Display boards, multimedia, E-Classroom.
1.4 Characteristics of Classroom Environment - Learner friendly and inclusive
1.5 Management and maintenance of physical and material resources to optimize access to learning; Sharing of resources – School Complex

Unit-2: Classroom Management
2.1 Classroom management – concept, need and approaches .
2.2 Managing with different types of students – Leader, Follower, passive
2.3 Classroom behavior management – problems, mistakes, disciplinary practices, corporal punishments, classroom rules, routines and regulations.
2.4 Violation of rights of children – legal consequences.
2.5 Strategies to manage behavior problems- preventive, supportive and corrective.
2.6 Time management in a classroom – Allocated time, instructional time, engaged time and Academic learning time.

Unit-3: Role of Teacher in School Functions
3.1 Teacher as a facilitator of learning
3.2 Perspective planning and coordination with authorities for support.
3.3 Accountability and self assessment of teachers and feedback mechanisms.
3.4 Conducive school environment – team work, transparency, self esteem among head teacher, teachers, students.

Unit-4: Teacher as a Leader
4.1 Concept, Nature and Characteristics of a Leader
4.2 Types of Leadership
4.3 Strategies to develop leadership qualities
4.4 Role of a teacher as a leader in managing classroom dynamics
Unit-5: Action Research in Education

5.1 Action Research – Meaning, Need and Scope
5.2 Steps in Action Research
5.3 Action Research Cycle
5.4 Action Research Problem Areas – Student, Classroom, School, Teacher, Administration, etc.

Activities
1. Prepare a detailed record describing the role of the teacher in organizing the classroom at least by observing a teacher for five periods.
2. Identify a problem for action research and prepare a proposal for action research
3. Collection of articles from newspapers relating to classroom management problems
4. Collection of cases of indiscipline and corporal punishment from newspapers
5. Observe a minimum of five school teachers and describe their leadership characteristics

INTRODUCTION TO SENSORY DISABILITIES

Course Code: B 7  Credits: 02
Contact Hours: 30  Marks: 50

Introduction

The course is designed to provide a basic understanding to the student-teachers about the nature and needs of different types of sensory disabilities. It will also equip them in undertaking screening, planning and instructing students with sensory disabilities.

Objectives

After completing this course, the student-teachers will be able to

- Name the different types of sensory impairments and its prevalence and describe the process of hearing & implications of various types of hearing loss.
- Explain the issues & ways to address challenges in educating students with hearing loss.
- Describe nature, characteristics & assessment of students with low vision & visual impairment.
- Suggest educational placement and curricular strategies for students with low vision & visual impairment.
- Explicate the impact of deaf-blindness & practices for functional development.

Unit 1: Hearing Impairment: Nature & Classification  5 Hours

1.1 Types of sensory impairments: Single (Hearing Impairment & Visual Impairment) & Dual sensory impairment (Deaf-blindness)
1.2 Importance of hearing
1.3 Process of hearing & its impediment leading to different types of hearing loss
1.4 Definition of hearing loss, demographics & associated terminologies: deaf/ Deaf/ deafness/ hearing impaired/ disability/ handicapped
1.5 Challenges arising due to congenital and acquired hearing loss

Unit 2: Impact of Hearing Loss  5 Hours

2.1 Characteristics of learners with hearing loss and impact of different degrees of hearing impairment on communication
2.2 Language & communication issues attributable to hearing loss and need for early Intervention
2.3 Communication options, preferences & facilitators of individuals with hearing loss
2.4 Issues & measures in literacy development and scholastic achievement of students with hearing loss
2.5 Restoring techniques using human (interpreter) & technological support (hearing device)
Unit 3: Visual Impairment- Nature and Assessment 5 Hours

3.1. Process of Seeing and Common Eye Disorders in India
3.2. Blindness and Low Vision--Definition and Classification
3.2. Demographic Information--NSSO and Census 2011
3.4. Importance of Early Identification and Intervention
3.5. Functional Assessment Procedures

Unit 4: Educational Implications of Visual Impairment 5 Hours

4.1. Effects of Blindness- Primary and Secondary
4.2. Selective Educational Placement
4.3. Teaching Principles
4.4. Expanded Core Curriculum- Concept and Areas
4.5. Commonly Used Low Cost and Advanced Assistive Devices

Unit 5: Deaf-blindness 10 Hours

5.1 Definition, causes, classification, prevalence and characteristics of deaf-blindness
5.2 Effects and implications of deaf-blindness on activities of daily living & education
5.3 Screening, assessment, identification & interventional strategies of deaf-blindness
5.4 Fostering early communication development: Methods, assistive devices and practices including AAC
5.5 Addressing orientation, mobility & educational needs of students with deaf-blindness

Course Work/ Practical/ Field Engagement

• Develop a checklist for screening of children for hearing impairment
• Develop a checklist for screening of children for low vision
• Develop a checklist for screening of children for blindness
• Develop a checklist for screening of children for deaf blindness
• Journal based on observations of teaching children with sensory disabilities

Transactions
Visits, Observations, Videos and Interactions with Students with Disabilities

Essential Readings

Suggested Readings

INTRODUCTION TO NEURO DEVELOPMENTAL DISABILITIES

Course Code: B 8  
Credits: 02
Contact Hours: 30  
Marks: 50

Introduction
The course integrates relevant subject matter in the areas of Learning Disability, intellectual Disability and Autism Spectrum Disorder. This course will prepare preservice teachers to work with students with Neuro Developmental disabilities in inclusive and specialized settings. It fosters the acquisition of the broad-based knowledge and skills needed to provide effective educational programs for students with learning and behavior characteristics. The course emphasizes implications for educational and vocational programming, curriculum, and instruction.

Objectives
After completing the course the student-teachers will be able to

- Discuss the characteristics and types of learning disability.
- Describe the tools, areas of assessment and apply intervention strategies to enhance learning.
- Explain the characteristics and types of Intellectual disability.
- Describe the tools, areas of assessment and prepare and apply intervention strategies for independent living.
- Explain the characteristics and types of Autism Spectrum Disorder.
- Describe the tools, areas of assessment and apply intervention strategies.

Unit 1: Learning Disability: Nature, Needs and Intervention

1.1 Definition, Types and Characteristics
1.2 Tools and Areas of Assessment
1.3 Strategies for reading, Writing and Maths
1.4 Curricular Adaptation, IEP, Further Education,
1.5 Transition Education, Life Long Education

Unit 2: Intellectual Disability: Nature, Needs and Intervention

2.1 Definition, Types and Characteristics
2.2 Tools and Areas of Assessment
2.3 Strategies for Functional Academics and Social Skills
2.4 Assistive Devices, Adaptations, Individualized Education Plan, Person Centered Plan, Life Skill Education
2.5 Vocational Training and Independent Living

3.1 Definition, Types and Characteristics
3.2 Tools and Areas of Assessment
3.3 Instructional Approaches
3.4 Teaching Methods
3.5 Vocational Training and Career Opportunities

Transaction

This course should be taught through lectures, discussion, demonstrations, presentations and workshops. They should be given hands on training in assessments of specific needs of children; interpretation of test reports and develops strategies for classroom intervention

Course Work/ Practical/ Field Engagement

• Develop an Assessment Tool for a child with learning disability in the given area
• Prepare a transition plan from school to college for an LD Child
• Prepare a life skill curriculum
• Prepare a screening tool for children with Autism Spectrum Disorder
• Prepare teacher made test for functional assessment of a given child with ID/ Autism
• Plan an educational program on the basis of an assessment report of a child with ID/Autism

Essential Readings

Suggested Readings

INTRODUCTION TO LOCOMOTOR AND MULTIPLE DISABILITIES

Course Code: B 9
Credits: 02
Contact Hours: 30
Marks: 50

Introduction

The course aims to develop understanding about planning effective educational programme and functional activities for students with locomotor and multiple disabilities. This course intends to develop required skills in teacher trainee to identify the children with locomotor and multiple disabilities and also plan an effective programme education as well as for creating awareness on these conditions. Teacher is also expected to plan an effective therapeutic and programme and also refer for medical intervention whenever if necessary.

Objectives

After completing the course the student-teachers will be able to

• Identify the persons with Locomotor disabilities such as Cerebral Palsy, Amputees, Polio, Leprosy cured, Muscular dystrophies, Neural and spinal defects and Multiple disabilities.
• Plan an effective programme for creating awareness about the persons with Locomotor disabilities and Multiple disabilities.
• Plan an effective therapeutic and programme for the persons with Locomotor disabilities and Multiple disabilities and to refer for medical intervention if necessary.
• Plan an effective educational programme and functional activities for the persons with Locomotor disabilities and Multiple disabilities.

Unit 1: Cerebral Palsy (CP)

1.1. CP: Nature, Types and Its Associated Conditions
1.2. Assessment of Functional Difficulties of CP including Abnormalities of Joints and Movements (Gaits)
1.3. Provision of Therapeutic Intervention and Referral of Children with CP
1.4. Implications of Functional Limitations of Children with CP in Education and Creating Prosthetic Environment in School and Home: Seating Arrangements, Positioning and Handling Techniques at Home and School
1.5. Facilitating Teaching-Learning of Children with CP in School, IEP, Developing TLM; Assistive Technology to Facilitate Learning and Functional Activities

Unit 2: Amputees, Polio, Spinal Cord Injuries Spina-bifida and Muscular Dystrophy

2.1. Definition, Meaning and Classification
2.2. Assessment of Functional Difficulties
2.3. Provision of Therapeutic Intervention and Referral
2.4. Implications of Functional Limitations for Education and Creating Prosthetic Environment in School and Home: Seating Arrangements, Positioning and Handling Techniques at Home and School
2.5. Facilitating Teaching-Learning: IEP, Developing TLM; Assistive technology
Unit 3: Multiple Disabilities and Other Disabling Conditions

3.1 Multiple Disabilities: Meaning and Classifications

3.2 Various Combinations of Multiple Disabilities and Associated Conditions Such as Epilepsy, Motor and Sensory Conditions

3.3 Other Disabling Conditions such as Leprosy Cured Students, Tuberous Sclerosis and Multiple Sclerosis

3.4 Implications of Functional Limitations for Education and Creating Prosthetic Environment in School and Home: Seating Arrangements, Positioning and Handling Techniques at Home and School

3.5 Facilitating Teaching-Learning: IEP, Developing TLM; Assistive technology

Course Work/ Practical/ Field Engagement (any one of the following)

- Undertake a case study after identifying a child with cerebral palsy or a child with Multiple Disabilities. Assess the child’s difficulties in activities of daily living and academic activities and develop an intervention plan.
- Undertake a survey on 50 children with different disabilities and find out how many children are affected with cerebral palsy and multiple disabilities. Find out the causes of their disabling conditions and what difficulties these children are facing in attending their schools.

Essential Readings

ASSESSMENT AND IDENTIFICATION OF NEEDS

Course Code: C 12  
Credits: 04  
Contact Hours: 60  
Marks: 100

Introduction
Hearing loss needs to be identified at the earliest in order to provide timely intervention to children with hearing impairment. This in turn would help them to develop adequate speech and language to function similar to typically developing children in school and beyond. The course is designed to provide inputs to learners about various assessment to be undertaken for identifying needs in order to plan the intervention program.

Objective
After completing the course student-teachers will be able to

- Explain the need and techniques for early identification of hearing loss in children.
- Acquire knowledge in the area of audiological assessment and its relevance in education.
- To discuss communicative and language related needs with the understanding of its development and assessment.
- Understand the need for assessment of various processes involved in production of speech.
- Describe and identify different components of educational assessment and analyse various educational needs of individuals with hearing impairment.

Unit 1: Early Identification of Hearing Loss: Need and Strategies

1.1 Need for early identification of hearing loss
1.2 Overview to behavioural and objective techniques in screening for hearing loss
1.3 Team members involved in hearing screening and their role
1.4 Use of checklists and behavioural observation in early identification of hearing loss by school teachers (congenital & acquired)
1.5 Referral of children based on signs and symptoms of hearing loss

Unit 2: Audiological Assessment

2.1 Orientation: Sound, Physical and psychological parameters/attributes, concept of dBHL vs dBSPL, Auditory milestones in typical children (0-2 years)
2.2 Assessment & methods of assessment: Subjective & Objective tests; Orientation to these tests and their importance
2.3 Audiometer: Block diagram, parts & use; Types of audiometry [sound field (BOA, VRA) & close field]; role of special educators in conditioning for pure tone audiometry
2.4 Audiogram: Understanding of audiogram and its implication in assessing the educational needs of children with different types and degrees of hearing loss.
2.5 Concept of unaided, aided audiograms, Speech spectrum and its applications
Unit 3: Assessment of Language & Communication

3.1 Communication: Concepts and types (Linguistic versus Non Linguistic)
3.2 Receptive and Expressive Language: Concept, Types (verbal and manual) and Structure
3.3 Developmental milestones in typically growing children; Impact of deafness on communication and language with reference to clinical (type, degree, onset) and environmental (parental participation, access to language early intervention services) factors
3.4 Assessing communication and language: Developmental checklists, Scales, Standardized tools and assessing language samples using parameters of measurement (productivity, complexity, correctness and communicativeness)
3.5 Identification of needs related to communication and language

Unit 4: Assessment of Speech

4.2 Respiration and Phonation: Pre-requisites, process, types and need for assessment
4.2 Basics of Articulation and phonology (active and passive articulators; classification of vowels and consonants; assessment of articulation)
4.3 Suprasegmental aspects of speech and its assessment
4.4 Milestones of speech development in typically developing children
4.5 Speech Intelligibility: Concept, Factors & Assessment

Unit 5: Educational Assessment and Identification of Needs

5.1 Educational assessment: Concept and Scope
5.2 Factors affecting educational performance: individual, family and environment
5.3 Types of Assessment: Norm referenced and Criterion Referenced test, Comprehensive and Continuous assessment, Summative and Formative, Formal and Informal, Conventional & alternate, Performance based and Curriculum based
5.4 Tools and techniques of Educational Assessment: Observations, Interviews, Developmental scales, Standardized and Criterion based tests, Teacher Made Tests at different levels and classroom assessment techniques (Conventional and Modern)
5.5 Current trends and challenges in assessment: Independent, dual purpose and constructivist perspective and adaptations

Course work/ Practical/ Field Engagement

- Compiling checklists (at least two) to identify hearing impairment in children
- Using the audiograms of children (at least two), identify the audiological needs of each
- Profiling the speech of children (at least two) by using a speech assessment kit
- Record the interaction with the three year old typically developing child and write your brief reflections in terms of use of vocabulary and syntax
- Compile various tools used for educational assessment of children

SOCIOLOGICAL FOUNDATIONS OF EDUCATION

Semester-II

Course Code: A 4  
Credits: 04

Contact Hours: 60  
Marks: 100

Objectives
After completion of the course, the student-teacher will be able to
1. understand the sociological basis of Education
2. understand the impact of culture and socialization on Education
3. sensitize the student teacher about the impact of Education on the quality of life
4. understand the preamble of the constitution in the light of Education
5. organize various programmes to achieve national integration and international understanding

Course Content

Unit-I: Sociology and Education
1.1 Meaning, nature and scope of sociology
1.2 Relationship between sociology and Education
1.3 Agencies of socialization (Family, peer group, school, Media, Religion
1.4 Role of Teacher in Socialisation process
1.5 Impact of Socialisation on Education

Unit-II: Culture and Education
2.1 Meaning and definitions of culture
2.2 Characteristics of culture
2.3 Dimensions of culture, cultural lag, cultural pluralism
2.4 Impact of culture on Education
2.5 Role of Education in preservation, transmission and promotion of culture

Unit-III: Social Change and Education
3.1 Meaning and factors responsible for Social change
3.2 Concept and attributes of Modernization
3.3 Social stratification, Social Mobility and Education
3.4 Education as a facilitator for social change
3.5 Social Networking its implications on social cohesion and education

Unit-IV: Democracy and Education
4.1 Concept and Principles of Democracy
4.2 Equality and equity in Education
4.3 Preamble of the Constitution in relation to Education
4.4 Role of Education in strengthening democracy and democratic citizenship
Teacher as a democrat
Unit-V: Education and National Integration

5.1 Concept, Need for National Integration
5.2 Education as an instrument for national integration
5.3 Programmes to promote National Integration and International understanding,
5.4 Peace education in schools
5.5 Social Crisis and its Management

Activities

1. Study the cultural practices prevailing in the local community and submit a report
2. Study the diversities existing in the community and describe the root causes for such diversities.
3. Study the social stratification in a village/ward and prepare a report on it.
4. Education and social mobility – Conduct a survey in a village/ward and prepare a report

LEARNING AND TEACHING

Course Code: A 5  Credits: 04
Contact Hours: 60  Marks: 100

Objectives
After completion of the course, the student-teacher will be able to

1. To be aware of the process of learning and information processing
2. To gain an understanding of different theoretical perspectives on learning
3. To reflect on their own implicit understanding of the nature and kinds of
   learning
4. To explore the possibilities of designing learning environment and experiences
   at school
5. To appreciate the critical role of learner differences and social contexts in
   making meanings and drawing implications for schools and teachers

Course Content

Unit-1: Process of Learning
   1.1 Concept of learning, types of learning and factors influencing learning
   1.2 Learning process: Attention, sensation, perception, and concept formation
   1.3 Memory & forgetting: concept, types of memory, applicability to learning and
      strategies for better management of memory.
   1.4 Transfer of learning: concept, theories and types (Horizontal and Vertical)
   1.5 Role of motivation in learning; methods of improving motivation

Unit-2: Behaviorist Perspectives of Learning
   2.1 Trial and error - Thorndike, Laws of learning, concept and principles and
      classroom implications
   2.2 Classical Conditioning - Pavlov, concept and principles and classroom
      implications
   2.3 Operant Conditioning – Skinner, concept and principles and classroom
      implications
   2.4 Compare these perspectives in terms of their merits and applicability to
      classroom
      learning

Unit-3: Cognitive and Humanist Perspectives of Learning
   3.1 Cognitive perspectives of learning (insight learning – Kohler, Discovery
      learning - Bruner, Developmental theory of learning - Piaget, Social Learning
      - Bandura, Social constructivism – Vygotsky)
   3.2 Humanist perspectives of learning (Learner centered approach – Rogers)
Unit-4: Teaching Process
4.1 Concept of teaching, teaching as a profession and teacher as a professional, teaching as an art and science
4.2 Distinction between Instruction, training and teaching
4.3 Phases of teaching: planning, execution and reflection
4.4 Role of teacher in teaching learning process: teacher as a model, facilitator, negotiator, co-learner, reflective practitioner and classroom researcher
4.5 Functions of a teacher in classroom, school and community

Unit-5: Learning Environment and Learning Engagement
5.1 Meaning of learning environment and learning engagement
5.2 Creating positive and productive environment for learning - creation of emotionally safe learning environment to increase learning
5.3 Development of emotional intelligence
5.4 Role of culture in the educative process, creating culturally responsive learning environment, create cultural congruity between home and school
5.5 Assisted performance, supervised discussion and reciprocal teaching as strategies to enhance motivation and learning

Activities
1. Prepare a list of study habits prevailing among students of a particular class through interaction of students
2. A report on learning situations, learners attention, motivational status among the students of a particular class through observation
3. Conduct a group discussion on strategies of memorization – Repeated reading, writing, peer group discussion, explaining to others, etc. and prepare a report
4. Understanding the nature of interaction between teachers and students by Flander’s Interaction model and prepare a report

PEDAGOGY OF TEACHING SCIENCE

Course Code: A 6(Part I)  Credits: 04
Contact Hours: 60  Marks: 100

Introduction

The course will help the student-teachers to generate their student’s interest for learning science and develop a scientific attitude. It is designed to equip the student-teachers to teach science using innovative methods, techniques and teaching learning material to students with & without disabilities.

Objectives

After completing the course the student-teachers will be able to

- Explain the role of science in day to day life and its relevance to modern society.
- Describe the aims and objectives of teaching science at school level.
- Demonstrate and apply skills to select and use different methods of teaching the content of sciences.
- Demonstrate competencies of planning for teaching sciences, organizing laboratory facilities and equipment designing pupil centered teaching learning experiences.
- Demonstrate skills to design and use various evaluation tools to measure learner achievement in sciences.

Unit 1: Nature and Significance of Science

1.1 Nature, Scope, Importance and Value of Science
1.2 Science As An Integrated Area of Study
1.3 Science and Modern Indian Society: Relationship of Science and Society
1.4 Impact of Science with Special Reference to Issues related with Environment, Industrialization and Disarmament
1.5 Role of Science for Sustainable Development

Unit 2: Planning for Instruction

2.1 Aims and Objectives of Teaching Science in Elementary and Secondary School
2.2 Bloom’s Taxonomy of Educational Objectives and Writing Objectives in Behavioural Terms
2.3 Lesson Planning – Importance and Basic Steps. Planning Lesson for an Explanation, Demonstration, and Numerical Problem in Teaching of Sciences
2.4 Unit Planning – Format of A Unit Plan
2.5 Pedagogical Analysis: Meaning and Need. Guidelines for Conducting Pedagogical Analysis
Unit 3: Approaches and Methods of Teaching Sciences

3.1 Process Approach, Direct Experience Approach, Inductive-Deductive Approach
3.2 Lecture, Demonstration, Discussion, Problem-solving, Concept-mapping, Programmed Instruction, Team Teaching, Seminar, Computer Assisted Learning (CAL)
3.3 Project Method and Heuristic Method
3.4 Creating Different Situations of Learning Engagement: Group Learning, Individual Learning, Small Group, Cooperative (Peer-Tutoring, Jigsaw, etc.), Situated/Contextual Learning with reference to Children with Disabilities
3.5 Constructivist Approach and its Use in Teaching Science

Unit 4: Learning Resources with reference to Children with Disabilities for Teaching Science

4.1 Teaching Learning Aids – Need, Importance, Selection, Use and Classification of Aids Based on Type of Experience, Audio Visual Aids, Multimedia, Charts, and Models (Tactile and Visual)
4.2 Importance of Co-Curricular Activities-Science Club, Science Exhibition, Science Text Books-Characteristics and Significance with reference to Children with Disabilities
4.3 The Science Laboratory-Planning Organization of Lab, Storage, Record Keeping and Safety of Scientific Equipments with reference to Children with Disabilities
4.4 Aquarium, Vivarium – Role in Teaching with Setting & Maintaining
4.5 Museum, Botanical And Zoological Garden: Role In Teaching

Unit 5: Evaluation

5.1 Evaluation- Concept, Nature and Need
5.2 Norm Referenced & Criterion Referenced Evaluation, Comprehensive and Continuous Evaluation: Concept and Significance, Scholastic and Co-Scholastic Assessment
5.3 Tools and Techniques for Formative and Summative Assessments
5.4 Preparation of Diagnostic Test and Achievement Test
5.5 Adaptations of Evaluation Procedure With Reference To Children With Disabilities

Practical/ Field Engagement/Project Work

Any one of the following
I. Pedagogical analysis of a unit from Science content.
II. Preparation of a multimedia presentation on a topic from Science content keeping students with disabilities in view.
III. Developing an Action Research Plan on a problem related to teaching and learning of Sciences to students with disabilities to students with disabilities.
IV. Construction of a diagnostic test for unit along with a remedial plan.
V. Comparative analysis of prescribed syllabus and textbooks of different Boards
Curricular innovations in respective subject areas
VI. Curricular adaptations for teaching Sciences to students with disabilities.

Essential Readings

- NCERT (1982). Teaching Science in secondary schools, New Delhi: NCERT.

PEDAGOGY OF TEACHING MATHEMATICS

Course Code: A 6 (Part II)  Credits: 04
Contact Hours: 60  Marks: 100

Introduction

The course will help the student-teachers to generate their student’s interest for learning maths and develop dispositions towards the subject. It is designed to equip the learners to teach maths using innovative methods, techniques and teaching learning material for children with & without disabilities.

Objectives

After completing the course the student-teachers will be able to

- *Explain the nature of Mathematics and its historical development with contribution of Mathematicians.*
- *Describe the aims and objectives of teaching Mathematics at school level.*
- *Demonstrate and apply skills to select and use different methods of teaching Mathematics.*
- *Demonstrate competencies of planning for teaching Mathematics, organizing laboratory facilities and equipment designing pupil centered teaching learning experiences.*
- *Demonstrate skills to design and use various evaluation tools to measure learner achievement in Mathematics.*

Unit 1: Nature of Mathematics

3.1 Meaning, Nature, Importance and Value of Mathematics
3.2 Axioms, Postulates, Assumptions and Hypothesis in Mathematics
3.3 Historical Development of Notations and Number Systems
3.4 Contribution of Mathematicians (Ramanujam, Aryabhatta, Bhaskaracharya, Euclid, Pythagoras)
3.5 Perspectives on Psychology of Teaching and Learning of Mathematics- Constructivism, Enactivism, Vygotskyian Perspectives, and Zone of Proximal Development

Unit 2: Objectives and Instructional Planning in Mathematics

2.1 Aims and Objectives of Teaching Mathematics in Elementary and Secondary Schools
2.2 Bloom’s Taxonomy of Educational Objectives and Writing Objectives in Behavioural Terms
2.3 Lesson Planning– Importance and Basic Steps. Planning Lesson of Arithmetic, Algebra and Geometry
2.4 Unit Planning – Format of A Unit Plan
2.5 Pedagogical Analysis: Meaning and Need and Procedure for Conducting Pedagogical Analysis. Classification of Content, Objective, Evaluation, etc
Unit 3: Strategies for Learning and Teaching Mathematics

3.1 Concept Formation and Concept Attainment: Concept Attainment Model for Learning and Teaching of Concepts
3.2 Learning By Exposition: Advanced Organizer Model
3.3 Methods of Teaching- Lecture, Discussion, Demonstration, Inductive-Deductive, Analytic-Synthetic, Problem-Solving, And Project
3.5 Creating Different Situations of Learning Engagement: Group Learning, Individual Learning, Small-Group, Cooperative (Peer-Tutoring, Jigsaw, etc.), and Situational/Contextual Learning

Unit 4: Teaching-Learning Resources in Mathematics for Students with Disabilities

4.1 Mathematics Laboratory- Concept, Need, and Equipment for Setting Up a Mathematics Laboratory
4.2 Utilization of Learning Resources in Mathematics: Charts and Pictures, Weighing and Measuring Instruments, Drawing Instruments, Models, Concrete Materials, Surveying Instruments With Reference To Children With Disabilities
4.3 Bulletin Boards and Mathematics Club
4.4 Abacus, Cussionaire Rods, Fractional Discs, Napier Strips
4.5 Calculators, Computers, Smart Boards, Multimedia Presentations, and Special Aids and Appliances For Children With Disabilities

Unit 5: Assessment and Evaluation for Mathematics Learning

5.1 Assessment and Evaluation- Concept, Importance and Purpose
5.2 Error Analysis, Diagnostic Tests, Identification of Hard Spots and Remedial Measures
5.3 Tools and Techniques for Formative and Summative Assessments of Learner Achievement in Mathematics, Comprehensive and Continuous Evaluation in Mathematics
5.4 Preparation of Diagnostic and Achievement Test
5.5 Adaptations in Evaluation Procedure for Students With Disabilities

Practical/ Field Engagement/ Project Work

Any one of the following

I. Pedagogical analysis of a unit of content from secondary school Mathematics Syllabus
II. Preparation of a multimedia presentation on a topic with special reference to students with disabilities
III. Construction of a question paper based on current CBSE format/concerned State Board of education, preparing its Scoring key, and marking scheme
IV. Analyzing errors committed by school children in Mathematics and preparing a remedial plan

V. Developing an Action Research proposal for a problem related to teaching and learning of Mathematics with reference to students with disabilities

Transactions

Lecture cum demonstration, Workshops and Seminars

Essential Readings

PEDAGOGY OF TEACHING SOCIAL SCIENCE

Course Code: A 6 (Part III)  Credits: 04
Contact Hours: 60  Marks: 100

Introduction

This course explores the scope of social science. It develops competencies in designing lesson plans and evaluations tools. It addresses the knowledge and understanding of the methodologies, approaches to teach social sciences at secondary level and also modify and adapt content-area curricula, materials and techniques for students with disabilities. The course also focuses on various skills and competencies that teachers need to develop.

Objectives

After completing the course the student-teachers will be able to

- Explain the concept, nature and scope of social science.
- Develop competencies for designing unit and lesson plans, as well as tools of evaluation for social science teaching.
- Develop skills in preparation and use of support materials for effective social science teaching.
- Develop the ability to organize co-curricular activities and community resources for promoting social science learning.

Unit I: Nature of Social Sciences

1.1 Concept, scope and nature of social science
1.2 Difference between social sciences and social studies
1.3 Aims and objectives of teaching social science at school level
1.4 Significance of social science as a core subject
1.5 Role of social science teacher for an egalitarian society

Unit II: Curriculum and Instructional Planning

2.1 Organization of social science curriculum at school level
2.2 Instructional Planning: Concept, need and importance
2.3 Unit plan and Lesson plan: need and importance
2.4 Procedure of Unit and Lesson Planning
2.5 Adaptation of unit and lesson plans for children with disabilities
Unit III: Approaches to teaching of Social Science

3.1 Curricular approaches: a) Coordination, b) Correlational, c) Concentric, d) Spiral, e) Integrated, f) Regressive

3.2 Methods of teaching social science: Lecture, discussion, socialized recitation, source and project method devices and techniques of teaching social studies – Narration, description, illustration, questioning, assignment, field trip, story telling, Role play, Group and self study, programmed learning, inductive thinking, Concept mapping, expository teaching and problem solving

3.3 Accommodations required in approaches for teaching children with disabilities

3.4 Instructional material for teaching of social science: Time-lines & Genealogical charts, Maps & Globes, Use of different types of Boards(Smart boards, Chalk Board, Flannel Board), Tape-records, Radio, Television, Films & Filmstrips, Overhead Projector, Social science games and Power Point Presentation

3.5 Adaptations of material for teaching children with disabilities

Unit IV: Evaluation of Learning in Social Science

4.1 Purpose of evaluation in social science

4.2 Techniques of evaluating learner achievement in social Science: Written and Oral tests, Observation Tools, Work Samples, Portfolio

4.3 Assessment: tools and techniques of Continuous and Comprehensive Evaluation (CCE) for curricular and co-curricular subjects

4.4 Construction of teacher made test

4.5 Diagnostic testing and enrichment techniques for children with disabilities

Unit V: Social Science Teacher as a Reflective Practitioner

5.1 Being a reflective practitioner- use of action research

5.2 Developing an Action Research Plan for solving a problem in teaching-learning of Social science

5.3 Case study- Need and Importance for a School Teacher

5.4 Development of a Professional Portfolio/Teaching Journal

5.5 Competencies for teaching Social science to children with disabilities

Transaction

The student-teachers should be encouraged to read chapters and articles. There may be quizzes, seminars, field trips, lectures, demonstrations, school visits and observations to teach this course.
Course Work/ Practical/ Field Engagement

- Prepare a unit of social science content for a given child with disabilities
- Develop an Action Research Plan on a problem related to teaching and learning in Social Science
- Adapt teaching learning materials for a child with disabilities
- Develop questions and achievement tests in social science
- Organize activities like quiz, mock-parliament, field trips, exhibitions and any other co-curricular activities in schools

Essential Readings

Suggested Readings

PEDAGOGY OF TEACHING ENGLISH

Course Code: A 6 (Part IV)  Credits: 04
Contact Hours: 60  Marks: 100

Introduction

This course will enable the student-teachers to gain a strong knowledge base in nature of English language & literature, instructional planning and evaluation. It will help in applying theory to practice to design your own materials and plan lessons in preparation for teaching real classes. The course offers you the opportunity to explore in-depth aspects of English and to find out about the approaches and current practices of language teaching in relation to Indian and international contexts. The course also equips you with analytical and investigative skills and provides a foundation in issues related to English language teaching, second language pedagogy and language acquisition.

Objectives

After completing the course the student-teachers will be able to

- Explain the principles of language teaching, and evolution and trends in English literature.
- Prepare an instructional plan in English.
- Adapt various approaches and methods to teach English language.
- Use various techniques to evaluate the achievement of the learner in English.

Unit I: Nature of English Language & Literature

1.1 Principles of Language Teaching
1.2 Language Proficiency: Basic Interpersonal Communication Skills (BICS) and Cognitive Academic Language Proficiency (CALP)
1.3 English Language in the school context: An Evolutionary Perspective
1.4 Current Trends in Modern English Literature in Indian context
1.5 Teaching as second language in Indian context.

Unit II: Instructional Planning

2.1 Aims and objectives of Teaching English at different stages of schooling
2.2 Instructional Planning: Need and Importance
2.3 Unit and lesson plan: Need and Importance
2.4 Procedure of Unit and Lesson Planning
2.5 Planning and adapting units and lessons for children with disabilities
Unit III: Approaches and Methods of Teaching English

3.1 Difference between an approach and a method
3.2 Task based approach, co-operative learning, language across curriculum, communicative language teaching, Bilingual, Eclectic and Constructive approach
3.3 Method Teaching of Prose, Poetry, Drama, Grammar and Vocabulary- i) Translation method. ii) Structural – Situational method. iii) Direct method
3.4 Development of four basic language skills: Listening, Speaking, Reading, and Writing
3.5 Accommodation in approaches and techniques in teaching children with disabilities

Unit IV: Instructional Materials

4.1 Importance of instructional material and their effective use
4.2 The use of the instructional aids for effective teaching of English: Smart boards, Chalk Board, Flannel Board, Pictures/ Picture-cut-outs, Charts, Tape-records, Radio, Television, Films & Filmstrips, Overhead Projector, Language Laboratory, Language games, reading cards, Worksheets, Handouts, and Power Point Presentation
4.3 Construction of a teacher made test for English proficiency
4.4 Teaching portfolio
4.5 Adaptations of teaching material for children with disabilities

Unit V: Evaluation

5.1 Evaluation - Concept and Need
5.2 Testing Language skills and Language elements (Vocabulary, Grammar and Phonology)
5.3 Adaptation of Evaluation Tools for Children with Disabilities
5.4 Individualized assessment for Children with Disabilities
5.5 Error analysis, Diagnostic tests and Enrichment measures

Transaction

This course should be taught through a series of workshops, seminars and presentations. Lectures, demonstrations and discussions for theory based topics. Students should be encouraged to use instructional material in their practice of teaching lessons. Adaptations in pedagogy, material and evaluation should be taught through workshops and specific case studies

Course Work/ Practical/ Field Engagement

• Design teaching programme based on error analysis
• Develop an Action Research Plan for measuring the effectiveness of a given teaching approach in English
• Develop work sheet (interactive including language games)
• Prepare worksheets to enrich vocabulary among secondary students with disabilities
• Develop lesson plans for the teaching of prose and poetry
• Critically analyze any one poem or essay of a well known poet or writer
Essentital Readings

• IGNOU EEG – 02 Elective Course in English (1989). The Structure of Modern English Blocks (1 to 7). IGNOU, New Delhi.

Suggested Readings

INCLUSIVE EDUCATION

Course Code: B 6
Contact Hours: 30
Marks: 50

Introduction

The course is designed to develop an understanding about inclusive education and addressing diversity in the mainstream classroom. It is also formulated in a way that the learners will know the pedagogical practices and recognises ways in which different stakeholders can collaborate for the success of inclusive education.

Objectives

After completing the course the student-teachers will be able to

- Explain the construct of inclusive education & the progression from segregation towards valuing & appreciating diversity in inclusive education.
- Explicate the national & key international policies & frameworks facilitating inclusive education.
- Enumerate the skills in adapting instructional strategies for teaching in mainstream classrooms.
- Describe the inclusive pedagogical practices & its relation to good teaching.
- Expound strategies for collaborative working and stakeholders support in implementing inclusive education.

Unit 1: Introduction to Inclusive Education

1.1 Marginalisation vs. Inclusion: Meaning & Definitions
1.2 Changing Practices in Education of Children with Disabilities: Segregation, Integration & Inclusion
1.3 Diversity in Classrooms: Learning Styles, Linguistic & Socio-Cultural Multiplicity
1.4 Principles of Inclusive Education: Access, Equity, Relevance, Participation & Empowerment
1.5 Barriers to Inclusive Education: Attitudinal, Physical & Instructional

Unit 2: Polices & Frameworks Facilitating Inclusive Education

2.1 International Declarations: Universal Declaration of Human Rights (1948), World Declaration for Education for All (1990)
Unit 3: Adaptations Accommodations and Modifications 7 Hours

3.1 Meaning, Difference, Need & Steps
3.2 Specifics for Children with Sensory Disabilities
3.3 Specifics for Children with Neuro-Developmental Disabilities
3.4 Specifics for Children with Loco Motor & Multiple Disabilities
3.5 Engaging Gifted Children

Unit 4: Inclusive Academic Instructions 8 Hours

4.1 Universal Design for Learning: Multiple Means of Access, Expression, Engagement & Assessment
4.2 Co-Teaching Methods: One Teach One Assist, Station-Teaching, Parallel Teaching, Alternate Teaching & Team Teaching
4.3 Differentiated Instructions: Content, Process & Product
4.4 Peer Mediated Instructions: Class Wide Peer Tutoring, Peer Assisted Learning Strategies
4.5 ICT for Instructions

Unit 5: Supports and Collaborations for Inclusive Education 5 Hours

5.1 Stakeholders of Inclusive Education & Their Responsibilities
5.2 Advocacy & Leadership for Inclusion in Education
5.3 Family Support & Involvement for Inclusion
5.4 Community Involvement for Inclusion
5.5 Resource Mobilisation for Inclusive Education

Practical & Field Engagement

I. Visit Special Schools of any two Disabilities & an Inclusive school & write observation report highlighting pedagogy
II. Prepare a Checklist for Accessibility in Mainstream Schools for Children with Disabilities
III. Design a Poster on Inclusive Education
IV. Prepare a Lesson Plan on any one School subject of your choice using any one Inclusive Academic Instructional Strategy

Transactions

Group discussions following videos and visits. Debate for Inclusion vs. Segregation & Self study for legislations and frameworks
Suggested Readings

CURRICULUM DESIGNING, ADAPTATION AND EVALUATION

Course Code: C 13
Contact Hours: 60

Introduction
This course is meant to enable student-teachers to understand the approaches to curriculum development, its types and process. The course is designed to help the learners acquire knowledge and skills to adapt curriculum and select evaluative methods to suit the needs of children with ASD in different educational settings.

Objectives
After completing the course the student-teachers will be able to

- Discuss the principles, approaches and types of curriculum.
- Explain the process of developing a curriculum and educational program.
- Develop suitable content for curricular areas in special education.
- Apply the process for modification and accommodation for adapting general school curriculum.
- Describe the methods used for evaluation of learning.

Unit 1: Development of Curriculum

1.1 Curriculum: concept, aims and principles
1.2 Orientations to Curriculum Development
   a. Child centred
   b. Society-centred
   c. Knowledge-centred
   d. Eclectic
1.3 Approaches: child-centred, activity-centred, Ecological approach
1.4 Types of curriculum: core, support, collateral, hidden and co-curriculum
1.5 Person Centred Program and Individualized Educational Program

Unit 2: Curriculum Development and Teaching

2.1 Community and learner needs assessment
2.2 Aims, Goals and Objectives
2.3 Selection of teaching methods and material
   - Microteaching
   - Scaffolding
   - T-L aids
2.4 Implementation and recording
2.5 Evaluation
Unit 3: Curricular Focus for Children with ASD

3.1 Language and social communication
3.2 Self-care
3.3 Social behaviour
3.4 Academic skills
3.5 Pre-vocational and leisure

Unit 4: Curricular Adaptation for Inclusive Education of Children with ASD

4.1 Adaptation of curriculum for children with ASD
4.2 Types of adaptation needed for children with ASD
   a. Content
   b. Instructional
   c. Ecological
4.3 Stages of adaptation
   a. General adaptation
   b. Specific adaptation
4.4 Accommodation & modification
   a. Perceptual style
   b. Cognitive style
   c. Social style
4.5 Accommodation of co-curricular activities and learning material

Unit 5: Methods of Evaluating Children with ASD

5.1 Evaluation: definition and purpose
5.2 Observation
5.3 Record Review
5.4 Teacher made test tests
5.5 Standardized rating scales

Practicum/ Field Engagement

- Development of curriculum for given pre-school child with autism using suitable approach
- Adaptation of curriculum for a child with high functioning autism
- Development of a teacher made test in a selected area
- Adaptation of teaching aid for a given content area

Transaction

- Lectures
- Presentations
- Self-study and use of Online Education Resources
- Project
- Workshops/ Seminars

UNDERSTANDING THE SELF

Course Code: A 8  
Contact Hours: 30

Objectives
After completion of the course, the student-teacher will be able to
1. understand that any Self is a human resource to exercise all the resources: cognitive, affective and psychomotor resources.
2. make them realize that the Self does not have independent existence but related to Nature, other selves and the ‘Unknown’ causing it and this great design of the Universe.
3. make the student-teacher perform one’s function to the possible extent as any part of the Nature is silently doing so; thereby developing self-actualization and self-esteem.
4. realize that one is responsible as a person and as a teacher for the integrated development of oneself and one’s pupils: Physical, cognitive, social, emotional, aesthetic, moral, and spiritual developments.
5. realize the commonness and uniqueness prevalent in Nature and human nature and feel equality as the reality and contribute to the furtherance of evolution at mental level.

Purpose of the Course
It aims at student-teachers’ understanding of themselves as person and teacher through conscious ongoing reflection. This course is intended to transact through a workshop mode by more than one teacher educator / resource person. The resource persons can be identified from those who have philosophical outlook, psychological orientation and social consciousness. It enables to develop sensibilities, dispositions, values and skills that facilitate personal growth in relation to different identities and professional identity as a teacher. The core life skills are to be developed with relevant exercises. It may use yoga, meditation, case studies, biographies, and stories of children like Prahlada, Dhruva, Markandeya, etc. and the holistically developed people. Its expected outcome is to promote self-actualization and also healthy, happy and peaceful coexistence wherever they are as a being, a citizen and as a global citizen.
Course Content

Unit-1: Self as a human resource:
  1.1 Cognitive resources of the self: Self-critical awareness about one’s abilities and opportunities to develop independent thinking-critical thinking and creative thinking, decision making and problem solving and develop them as skills.
  1.2 Affective resources: Feelings of love, joy, appreciation; emotions like fear, anger, jealousy, affection, happiness to be understood both as assets and threats or limiting factors.
  1.3 Sensitize the ability to identify the structural and functional commonality of the human body except the organs of reproduction and allied features of the human kind.
  1.4 Empathic understanding of geographical, climatic and genetic conditions causing physical differences.

Unit-2: Self in relation to social identities:
  2.1 Self-critical awareness of the causes for one’s positive and negative relations with the people based on caste, class, language, religion, nation, region etc.,
  2.2 Self-critical understanding of the basic realities of the man-made divisions over the time-scale.
  2.3 Critical understanding of the Nature’s necessity of gender difference for the onset and continuity of human race.
  2.4 Critical understanding of the basic realities of cultural differences across the time-scale and across the globe.

Unit-3: Self (person) as a part of the Nature:
  3.1 Nature, harmony in existence and co-existence
  3.2 Dependence of Self on the Nature for the very life; dependence of self on other selves for comfortable living.
  3.3 Responsibility of self towards conservation, protection and enrichment of plant and animal life.
  3.4 Responsibility of self towards other human beings in the family, society, and people across the globe.

Unit-4: Self in relation to profession:
  4.1 Self-critical awareness of teaching competency: adequacy of subject matter knowledge, professional skills, and effective communication to the students.
  4.2 Self-critical awareness of one’s attitudes towards students, teaching, teaching material, interest in students and subject and one’s aptitude in the inculcation of interest in students and in tapping their abilities to realize the values identified in the lesson.
  4.3 Self-critical awareness of suitability of one’s role being performed contextually to enrich learners’ capabilities and guiding them for self-actualization while interacting.
  4.4 Self-critical awareness of involvement in team work with colleagues, head of the institution parents of learners and management for the development of the learners.
Unit-5: Self-development through self-learning (Self-knowledge):

5.1 Development of self and social identities in the learners to enrich human resources and self-esteem; Realistic understanding of any self as depending on the source of the whole existence for spiritual awakening free of any religious identity.

5.2 Objective view of beliefs, prejudices and stereotypes to liberate from irrational tendencies.

5.3 Understanding human roots in animal and possibility of heights in the divinity through the philosophers like Swamy Vivekananda, Sri Aurobindo and J. Krishnamurti to awaken oneself to Truth, beauty and goodness both inside and outside.

5.4 Yogic practices for physical, mental and spiritual health and to lay the seeds or foundations for Self-realization.

Activities

During the transaction of this course, through workshop mode, student teachers will be asked to come out with the following documents. Student teachers are required to submit only five documents, one from each unit. These documents will be assessed by a minimum of two faculty members to award 25 marks for activities.

1. Self-critical awareness about one’s abilities and assets in different contexts of life and limitations in terms of knowledge, attitudes, skills and values which may be revised or developed.

2. Activities that develop cognitive skills-independent thinking to promote critical thinking and creative thinking; decision making and problem solving with all their components.

3. Visits to the slums and natural calamities and stories of different children to tap empathy which is inherent.

4. Group discussion on the current issues to develop psycho-social skills like interpersonal relationship skills and effective communication skills.

5. Introducing yoga exercises to be done with ease and meditation which starts with self-knowledge with let come and let go spirit to experience spells of silence for healthy body and mind and to awaken the hidden faculties.

6. Exercises to have inner observation for self knowing while in stress or in emotions and to develop skills of self management.

7. Use of brain storming, value clarification and group discussion techniques to arrive at the realities free of habitual modes of thoughts, attitudes and action tendencies.

EDUCATIONAL INTERVENTION AND TEACHING STRATEGIES

Course Code: C 14                Credit: 04
Contact Hours: 60                Marks: 100

Introduction
This course will provide insight into the conceptual framework of the area of interventions and strategies. It will familiarize the student-teachers with the approaches and tools of assessment and seeks to develop an understanding of how interventions in the areas affected can be instrumental in enhancing performance. The course will prepare the student-teachers in helping children with learning disabilities by developing appropriate strategies and intervention plans for them. This will prepare them to work with students in clinical as well as classroom set-ups and arm them with programmes for assessment, goal setting, reviewing and reporting the success of the intervention targets.

Objectives
After completing the course the student-teachers will be able to

- Explain the purpose and define the principles of educational intervention.
- Discuss the various Teaching Strategies across the curricular hierarchies.
- Link the teaching Strategies to the curricular areas.
- Provide specific strategies for core and collateral curriculum.
- Plan Programme for skill, process and curricular deficits.

Unit 1: Conceptual Framework of Educational Interventions

1.1 Definition, purpose, scope and principles of educational intervention
1.2 Curriculum intervention: gap analysis and linkages with demands of school curriculum (Diagnostic Prescriptive Teaching)
1.3 Steps of intervention
1.4 Cascade of services and Response to Intervention
1.5 Issues and ethics in educational intervention

Unit 2: Educational Interventions for Processing Deficit

2.1 Attention
2.2 Perception
2.3 Memory
2.4 Thinking
2.5 Meta-cognition
Unit 3: Reading and Writing Interventions

3.1 Principles of intervention in reading and writing
3.2 Strategies for developing word recognition skills, fluency and comprehension
3.3 Strategies for developing handwriting, spelling and written expression
3.4 Strategies for Reading and writing across the curriculum
3.5 Strategies for differentiation and inclusion in the classroom

Unit 4: Interventions for Mathematics

4.1 Principles for interventions in mathematics
4.2 Strategies for developing mathematical concepts
4.3 Strategies for developing computation, automaticity [timed tasks] and application
4.4 Strategies for problem solving
4.5 Accommodations [Calculators, Computers] in the mainstream classroom

Unit 5: Intervention in Life Skills

5.1 Strategies for developing of Social skills
5.2 Strategies for developing Study skills
5.3 Strategies for self-assessment and advocacy
5.4 Strategies for soft skills [presenting self, time management, decision making]
5.5 Preparation for Independent Living; Career Planning, leisure and recreation

Transactions

This course will be dealt with using lectures followed by projects in specific processing deficits and specific curricular deficits. Assignments in order to align the strategies of intervention to the curriculum across grades can be taken up. Presentations based on educational intervention for a specific child can be examined. Discussion on issues in intervention and goal setting for educational intervention can be organized. The use and success of specific strategies and teaching technique can be observed using field work. Actual demonstration of the technique can be provided to ensure hands on experience.

Course Work/ Practical/ Field Engagement

• Prepare an educational intervention plan\tool for a given process
• Prepare an educational intervention plan\tool for a given skill
• Plan a parental meet to discuss the intervention goal.
• Collaborate with a specific subject teacher to set an intervention goal
• Conduct a workshop for mainstream teachers on educational interventions/classroom Strategies

TECHNOLOGY AND DISABILITY

Course Code: C 15
Credit: 04

Contact Hours: 60
Marks: 100

Introduction

This course covers the integration of technology in the teaching learning process of the students with learning disability. It's important to remember that the assistive technology is to support or reduce the barrier to learning. The focus must be on what the device or software does for the individual/student not on the device itself. The units progress from understanding the meaning scope, to the use of technology for teaching and learning and ends with the issues that one faces while dealing with technology.

Objectives

After completing the course the student-teachers will be able to

- Explain the meaning, scope and use of Technology.
- Analyse the learning needs in relation to Technology.
- Understand and use the various types of technology for presenting, engaging and evaluating.
- Discuss the trends and issues related to the use of technology.

Unit 1: Concept of Technology

1.1 Meaning, Nature, Scope and Significance of Technology
1.2 Types /tools of technology – Projector, Smart board, Software and ipad, ipod, Tablets, Mobiles
1.3 Technology integration vs technology use in the curriculum
1.4 Assistive technology: Meaning and scope
1.5 Role & Use of AT for children with LD

Unit 2: Learning Needs of CWLD

2.1 Communication
2.2 Reading
2.3 Writing
2.4 Mathematics
2.5 Self management

Unit 3: Technology for Presentation & Expression (Input and Output)

3.1 Classroom Presentation & Expression: Concept & scope
3.2 Visual presentation - Large print displays, alternative colours to the screen, colour coding, smart boards, Multimedia Presentations, screen magnifiers
3.3 Auditory - text to voice, screen readers, FM Listening Systems, podcast
3.4 Cognitive – graphic organisers
3.5 Consideration for selection of tools – no tech, low tech, high tech, low cost, high cost
Unit 4: Technology for Classroom Engagement

4.1 Classroom engagement – Meaning and components
4.2 Reading, Writing & Mathematics - Talking books, recorder, Optical character recognition, Speech recognition systems, Alternative writing surfaces, pencil grips, podcast, Proof reading software, Talking calculators, Electronic math worksheets, fluidity software
4.3 Organising - sticky notes, highlighter pens, or highlighter tape, graphic organisers, digital organisers
4.4 Types programme - drill & practice, Simulations, Games, Tutorial
4.5 Consideration for selection of programmes and tools in an inclusive class

Unit 5: Trends & Issues in Using Technology

5.1 Digital natives & Immigrants
5.2 From isolation to inclusion
5.3 Parent/family involvement
5.4 Cyber Safety
5.5 Evaluation of impact of technology – Social, ethical and human

Transaction
This unit focuses on assistive technology, hence while taking it ahead, its important to focus on the kind of needs that are present in an LD student and the matching of those with the technology used.

Transaction for all units must be through experiential learning, discussion, debate, research & review, design and problem solve (Unit 2 & 3), colloquia (with instructional designers, software developers).

CourseWork/ Practical/ Field Engagement

• Develop a tool to assess the learning needs for planning compensatory and remedial instruction
• Develop low cost material for presentation (for teachers)
• Develop low cost material for engagement
• Develop low cost material for expression
• Conduct a survey on the kind of assistive technology used in the schools for students with learning disability and present the findings
Essential Readings

Suggested Readings

PSYCHO-SOCIAL AND FAMILY ISSUES

Course Code: C 16
Contact Hours: 30
Credits: 02
Marks: 50

Introduction
This course gives an overview of psychosocial domains, stages, characteristics and manifestations of psychosocial behaviours at home and in community settings. It also deals with family dynamics and parenting styles and parent empowerment. It also lays stress on the importance of stress management, family counselling and social and emotional wellbeing.

Objectives
After completing the course the student-teachers will be able to

• Explain the concept of psycho-social issues.
• Reflect on various dimensions of Psycho-social issues among children with learning disabilities.
• Understand various Family issues children with LD.
• Learn the importance of intervening strategies and ways of handling issues.
• Discuss the concept of networking and liaisoning with the parents, community, family, school and NGO’s.

Unit 1: Overview of Psycho-social Domains
1.1 Psychosocial domains- Meaning and components- Cognitive, Affective, Social
1.2 Stages of Psychosocial development
1.3 Psycho-social characteristics of children with LD
1.4 Manifestations of psychosocial behaviour at home, school and society
1.5 Causative factors – self and others

Unit 2: Family Dynamics
2.1 Family structure and its functioning
2.2 Parenting styles and home environment
2.3 Needs and concerns of family
2.4 Needs and concerns of child with LD
2.5 Empowering Parents- Resource management, legal provisions

Unit 3: Nurturing Social Emotional Wellbeing
3.1 Strategies for developing positive self-concept
3.2 Social skill training
3.3 Stress management
3.4 Family counselling
3.5 Networking and liaisoning with students, parents, community and NGO’s
**Transaction**

This paper should be taught through review of research papers, seminars, discussions, debates, presentations, field trips, u-tubes and movies to understanding of the issues at hand.

**Course Work/ Practical/ Field Engagement**

- Observe and identify psycho-social problems of any LD student of the class during school internship programme. Give detailed description along with intervention performed.
- Design a Scrapbook on news related to psycho-social and adult issues among CWLD. Analyse them and present a report with detailed write-up.
- Collect and compile articles from various sources and present in class for critical analysis and understanding.

- Minimum of four weeks should be allocated for School attachment/Internship and reflected in the time table and should cover Tasks specified under E-2 and F-1 with sufficient time for teaching to acquire Pedagogical competence to deal with school subjects chosen and related activities for whole class as well as children with disabilities in different education settings.
READING AND REFLECTING ON TEXTS

Course code: D 17  
Credits: 02
Contact Hours: 30  
Marks: 50

Introduction

One of the core areas that schools focus upon is age appropriate and fluent literacy skills. Hence, aspirant graduates who intend to make career in education must be good readers and good writers (in literally sense). Due to several reasons a student teacher like you may not have adequate skills, interest and motivation for reading and writing. Here is a skill based and activity oriented course designed to give you an opportunity to look at reading writing seriously, relearn it as a professional activity, apply it for students with special needs and enjoy it like never before.

Objectives

After completing the course student-teachers will be able to

- **Reflect upon current level of literacy skills of the self:**
- **Show interest and begin working upon basic skills required to be active readers in control of own comprehension.**
- **Show interest and begin working upon basic skills required to be independent writers understanding adequate intent, audience and organization of the content.**
- **Prepare self to facilitate good reading writing in students across the ages.**
- **Find reading writing as learning and recreational tools rather than a course task.**

Unit 1: Reflections on Literacy

1.1 Literacy and Current University Graduates: Status and Concerns
1.2 Role of Literacy in Education, Career and Social Life
1.3 Literacy, Thinking and Self Esteem
1.4 Literacy of Second Language/ English: Need and Strategies
1.5 Basic Braille Literacy

Unit 2: Reflections on Reading Comprehension

2.1 Practicing Responses to Text: Personal, Creative and Critical
2.2 Meta Cognitive Awareness of Reading Processes and Strategies Applied for Meaning Making
2.3 Developing Good Reading Skills and Habits in Primary Level Students: Activities and Strategies
2.4 Basic Understanding of Reading Comprehension of Children with Disabilities
Unit 3: Skill Development in Responding to Text

3.1 Indicators of Text Comprehension: Retelling, Summarizing, Answering, Predicting, Commenting and Discussing

3.2 Practicing Responding to Text (Using The Indicators) for Recreational Reading Material (Narrations) and School Textbooks (Description)

3.3 Practicing Responding to Text (Using The Indicators) for Reports, Policy Documents and News (Expositions) and Editorial, Academic Articles, Advertisement Copy, Resume (Argumentation)

3.4 Practicing Web Search, Rapid Reading and Comprehensive Reading

Unit 4: Reflecting Upon Writing as a Process and Product

4.1 Understanding writing as a Process: Content (Intent, Audience and Organization)

4.2 Understanding writing as a Process: Language (Grammar, Vocabulary, Spelling)

4.3 Understanding writing as a Process: Surface Mechanics (Handwriting, Neatness, Alignment and Spacing)

4.4 Practicing Self Editing and Peer Editing of Sample Texts

4.5 Practicing Evaluating Students Writing Using Parameters: Productivity, Correctness, Complexity, Text Organization and Literary Richness

Unit 5: Practicing Independent Writing

5.4 Practicing Writing: Picture Description/ Expansion of Ideas/ Essays/ Stories

5.5 Practicing Daily Leaving Writing: Applications/ Agenda - Minutes/ Note Taking

5.6 Practicing Converting Written Information into Graphical Representation

5.7 Practicing Filling up Surveys, Forms, Feedback Responses, Checklists

5.8 Reflections on the Course: From Theory to Practice to Initiating Process to Improve Self

Course Work/ Practical/ Field Engagement

• Have a peer editing of independently written essays and discuss your reflections upon this experience

• Prepare a feedback form for parents and for teachers focussing on differences in the two forms due to different intent and audience

• Develop a short journal of graphical representation of 3 newspaper articles on school education using the options given in 2.4

• Visit a book store for young children, go through the available reading material including exercise books, puzzles. etc. and make a list of useful material for developing early literacy skills

Drama and Arts in Education

Course code: D 18  Credits: 02
Contact Hours: 30  Marks: 50

Introduction

India has an excellent historical backdrop as well as contemporary talents in the field of art. However, it is debatable whether the same has been translated into our school system effectively. Do most of our students get exposure to a variety of activities involving knowing, exploring and appreciating art? Most probably they do not. It is time that we take a fresh look at what art education is and what role it plays in school education. More than anything, art education is also expected to enhance learning. And do teachers know how to go about it to achieve it? Here is an opportunity to facilitate the art within you which in turn will reflect art in within students.

For a student-teacher with disability appropriate learning alternatives are to be given by the college. For example, a candidate with blindness must get alternative learning opportunities and evaluative tasks for visual art or a candidate with deafness for music art – if and when needed.

Objectives

After completing the course student-teachers will be able to

- Exhibit Basic understanding in art appreciation, art expression and art education.
- Plan and implement facilitating strategies for students with and without special needs.
- Discuss the adaptive strategies of artistic expression.
- Discuss how art can enhance learning.

Unit 1: Introduction to art Education

1.1 Art and art education: Meaning, scope and difference
1.2 Artistic expression: Meaning and strategies to facilitate
1.3 Art therapy: Concept and application to students with and without disabilities
1.4 Linking Art Education with Multiple Intelligences
1.5 Understanding emerging expression of art by students

Unit 2: Performing Arts: Dance and Music

2.1 Range of art activities related to dance and music
2.2 Experiencing, responding and appreciating dance and music
2.3 Exposure to selective basic skills required for dance and music
2.4 Dance and Music: Facilitating interest among students: planning and implementing activities
2.5 Enhancing learning through dance and music for children with and without special needs: Strategies and Adaptations
Unit 3: Performing Arts: Drama

1.1 Range of art activities in drama
3.2 Experiencing, responding and appreciating drama
3.3 Exposure to selective basic skills required for drama
3.4 Drama: Facilitating interest among students: planning and implementing activities
3.5 Enhancing learning through drama for children with and without special needs: strategies and adaptations

Unit 4: Visual Arts

4.1 Range of art activities in visual arts
4.2 Experiencing, responding and appreciating visual art
4.3 Exposure to selective basic skills in visual art
4.4 Art education: Facilitating interest among students: planning and implementing activities
4.5 Enhancing learning through visual art for children with and without special needs: strategies and adaptations

Unit 5: Media and Electronic Arts

5.1 Range of art activities in media and electronic art forms
5.2 Experiencing, responding and appreciating media and electronic arts
5.3 Exposure to selective basic skills in media and electronic arts
5.4 Media and electronic arts: Facilitating interest among students: planning and implementing activities
5.5 Enhancing learning through media and electronic art for children with and without special needs: strategies and adaptations

Course Work/ Practical/ Field Engagement

• ‘hot seating’ activity for historical / contemporary personalities wherein students play the role of that personality to advocate his/her opinions/decisions/thought processes (for example, Akbar, Hitler, Galileo, Bhagat Singh etc)
• Portfolio submission of the basic skills exposed in any one of the art forms of choice
• Write a self reflective essay on how this course on art will make you a better teacher
• Learn and briefly explain how music notations are made. Submit a brief report OR learn and explain the concept of composition in visual art. Submit a brief report. OR make and submit a sample advertisement for a product OR Learn Mudras of a classical dance forms and hold a session for the students on that. Submit photo report of the same OR Carry out web search on Indian sculpture and submit a brief compilation
• Observe an art period in a special school and briefly write your reflections on it
Essential Readings

Suggested Readings

• Gair, S. B. (1980). Writing the arts into individualized educational programs. Art Education, 33(8), 8–11.
• Nyman, L., & Jenkins, A. M. (1999). Issues and approaches to art for students with special needs (pp. 142–154). National Art Education Association, Reston, VA.
CONTEMPORARY INDIA AND EDUCATION

Course Code: A 9 Credit: 04
Contact Hours: 60 Marks: 100

Objectives
After completion of the course, the student-teacher will be able to
1. Understand and Contextualize ideals of the Constitution of India;
2. Appreciate humanistic agenda of the Constitution on India;
3. Value and recognize the role of education in realizing the ideals of the Constitution;
4. Develop critical awareness about the issues of education that are coming in the way of realization of the values of the Constitution;
5. Understanding and develop positive attitudes towards various forms of exclusion;
6. Appreciate the need for education for Peace;
7. Reflects on the issues of secondary school stage education/

Course Content

Unit-1 Normative Vision of Indian Education: Indian Constitution
1.1 Constitution of India Basic Features
   i. Fundamental Rights
   ii. Directive principles of state policy
   iii. Federal Structure
1.2 Preamble of the Constitution : The ideals
   i. Sovereign Nation
   ii. Democratic and Secular polity
   iii. Liberty equality and fraternity
   iv. Justice : Social, Economic and political

Unit- 2 Education as Fundamental Right
2.1 Human Rights; Meaning Nature, and Classification;
2.2 Right of Children : International convention and Indian Constitution; Education as Fundamental Right of Children-2009
2.3 Issues in Implementing RTE-2009: A critical understanding
   i. Issues that affect and negate the children’s right to education (Child Labor: Street children, abandoned and orphans)
   ii. Differently abled children: Attitude towards the girl child and her participation in schooling, punishment, abuse and violence in Schools).
Unit-3 Contemporary Indian Schooling: Concerns and Issues

3.1 Equality of Educational Opportunity: Meaning and nature: Forms of inequality: Religion, Regional, Caste, Gender and other marginalized groups.

3.2 Inequality in Schooling: Public – Private schools, Rural – urban schools, Mass-elite schools, single teacher schools and many other forms of in-equal school systems. Critical understanding of Paradox of Equal opportunity and in-equal schooling: positive discrimination; concept and issues and policy interventions.

3.3 Schooling: Quality concerns and issues
   i. Universal access
   ii. Universal Enrollment
   iii. Universal retention
   iv. Universal success

Unit-4 Understanding Exclusion in schooling

4.1 Exclusion: Meaning and Nature

4.2 Forms of Exclusion: a) physical / Psychological Exclusion

4.3 Different types of differently abled children: Nature of problems and their impact on learning

4.4 Measure to address the issue of learning of differently abled children and professional preparedness of Institutions;

4.5 Socio-cultural and economic exclusion: Understanding different forms of socio-culture and economic exclusion in schooling – Caste, Class, Gender, Minority, and other Marginalized sections of the society.

Unit- 5 Secondary Education: Concerns and Issues

5.1 Secondary School stage: its linkages with primary and higher secondary stages of education;

5.2 Aims of Secondary School Stages of Education

5.3 Universalisation of Secondary School stages of Education: Its Status
   i. Quantitative expansion, Qualitative consolidation and Equity perspective – A sociological understanding;
   ii. Issues in Secondary school stages of Education: Privatization, Vocationalization
   iii. Reforms in Secondary School Stages Education: Curricular, Pedagogical and Examinations;

5.4 Rashtriya Madhyamika Shiksha Abhiyan (RMSA): Goals and policy intervention for Quality Secondary School Stages of Education
Activities

1. A Critical Study with the help of Survey and Observation of alternative schools - Night schools, Mobile schools, Child labor Schools and prepare a report
2. Conduct a Survey of schools of different quality in different milieu and make a presentation
3. A critical review of school textbooks based on socio-cultural and economic exclusion
4. Conduct a survey on street children / orphan children and make a presentation
5. Conduct a survey (a minimum of 10 schools) and critically analyze the RMSA intervention for enhancing the quality of secondary education and prepare a report

GUIDANCE & COUNSELLING

Course Code: B 10(A)  
Credits: 02
Contact Hours: 30  
Marks: 50

Objectives

After completing this course the student-teachers will be able to

- **Apply the skills of guidance and counselling in classroom situations.**
- **Describe the process of development of self-image and self-esteem.**
- **Appreciate the types and issues of counselling and guidance in inclusive settings.**

Unit 1: Introduction to Guidance and Counselling

1.1 Guidance and Counselling: Definition and Aims
1.2 Areas of Guidance and Counselling
1.3 Core Conditions in Counselling
1.4 Skills and Competencies of a Counsellor
1.5 Role of Teacher in Guiding and Counselling Students with Special Needs

Unit 2: Enhancing Self Image and Self Esteem

2.1 Concept of Self as Human
2.2 Understanding of Feelings and Changes
2.3 Growth to Autonomy
2.4 Personality Development
2.5 Role of Teacher in Developing Self-Esteem in Children

Unit 3: Guidance and Counselling in Inclusive Education

3.1 Current Status with reference to Indian School
3.2 Types of Counselling: Child-Centred, Supportive, Family
3.3 Guidance in Formal and Informal Situations: Within and Outside Classroom, Vocational Guidance
3.4 Group Guidance: Group Leadership Styles and Group Processes
3.5 Challenges in Group Guidance

Practicum/ Field engagement

I. Counselling and report writing on a selected case
II. Simulation of a parent counselling session
III. Report of critical observation of a given counselling session
The transaction for this course should be done with a perspective to enhance in the student-teachers the ability to become a “People-helper”. They should be able to appreciate the role of a guide and counsellor in the school setting.

### Essential Readings

### Suggested Readings

EARLY CHILDHOOD CARE AND EDUCATION

Course Code: B 10(B)  Credits: 02
Contact Hours: 30  Marks: 50

Introduction

The course is designed to provide the student-teachers with an insight into developmental milestones of typical children. This will enable the learners to understand deviations and strategies to address them in the critical phase of development. It will also help the learners understand the importance of transitions and its requirements.

Objectives

After undertaking the course the student-teachers will be able to

- *Explain the biological & sociological foundations of early childhood education.*
- *Describe the developmental systems approach and role responsibilities of interdisciplinary teams for early education of children with disabilities.*
- *Enumerate the inclusive early education pedagogical practices.*

Unit 1: The Early Years: An Overview

1.1 Facts about Early Childhood Learning & Development
1.2 Neural Plasticity
1.3 Critical Periods of Development of Motor, Auditory, Visual, Linguistic & Cognitive Skills
1.4 Sensitive Periods of Learning: Maria Montessori’s Framework & Windows of Opportunity & Learning Timelines of Development in Young Children
1.5 Integrating Theories of Development & Learning for Early Childhood Education Curricula

Unit 2: Early Education of Children with Disabilities

2.1 Young Children at Risk & Child Tracking
2.2 Interdisciplinary Assessments & Intervention Plans
2.3 Developmental Systems Model for Early Intervention (Oguralnick, 2001)
2.4 Curricular Activities for Development of Skills of: Imagination, Joy, Creativity, Symbolic Play, Linguistic, Emergent Literacy, Musical, Aesthetic, Scientific & Cultural Skills
2.5 Evidenced Based Practices for Early Intervention
Unit 3: Inclusive Early Childhood Educational (ECE) Practices

3.1 Natural Environments, Service Delivery Models & Importance of Universal Designs of Learning (UDL)

3.3 Principles of Inclusive ECE Practices: Full Participation, Open Ended Activities, Collaborative Planning

3.4 Collaborating with Parents, Family Education & Developing Individualised Family Service Plan (IFSP)

3.5 School Readiness and Transitions

Practical/ Field Engagements

I. Developing a journal on developmental milestones & learning timelines of children from 0 to 8 years
II. Participation in workshop & develop five creative teaching learning materials for children in inclusive early childhood education programs

Transactions
Visits, Observations & Workshops.

Essential Readings

Suggested Readings

APPLIED BEHAVIOUR ANALYSIS

Course Code: B 10(C)  
Contact Hours: 30  
Credits: 02  
Marks: 50

Objectives

After undertaking the course the student-teachers will be able to

- Develop an understanding of the underlying principles and assumptions of Applied Behavioural Analysis (ABA).
- Use various measures of behavioural assessment.
- Apply methods of ABA in teaching and learning environments.
- Integrate techniques of ABA in teaching programs.
- Select suitable strategies for managing challenging behaviours.

Unit 1: Introduction to Applied Behaviour Analysis (ABA)

1.1 Principles of Behavioural Approach
1.2 ABA - Concept and Definition
1.3 Assumptions of ABA – Classical and Operant Conditioning
1.4 Behaviour- Definition and Feature
1.5 Assessment of Behaviour – Functional Analysis of Behaviour, Behaviour Recording Systems

Unit 2: Strategies for Positive Behaviour Support

2.1 Selection of Behavioural Goals
2.2 Reinforcement
   - Types: Positive and Negative, Primary and Secondary
   - Schedules: Continuous, Fixed Ratio, Fixed Interval, Variable Ratio, Variable Interval
2.3 Discrete Trial Teaching
   - Discriminative Stimulus - Characteristics
   - Response
   - Prompts: Physical, Gestural, Pointing, Visual, Positional, Verbal
   - Consequence - Characteristics
   - Inter-Trial Interval
2.4 Application of ABA in Group Setting
   - Negotiation and contract
   - Token economy
   - Response cost
   - Pairing and fading
2.5 Leadership role of teacher in promoting positive behaviour
Unit 3: Management of Challenging Behaviour 10 hours

3.1 Differential Reinforcements of Behaviour
3.2 Extinction and Time Out
3.3 Response Cost and Overcorrection
3.4 Maintenance
3.5 Generalization and Fading

Practicum
I. Observation and functional analysis of behaviour of a given case.
II. Development of ABA program for management of a challenging behaviour.

Transaction
The course consists of several concepts from behavioural theories. The concepts should be explained through real life examples and selected case studies. Students should be encouraged to conduct systematic observations of behaviour and suggest suitable plan of action for dealing with behavioural deficits in children.

Essential Readings

Suggested Readings
COMMUNITY BASED REHABILITATION

Course Code: B 10(D)          Credits: 02
Contact Hours: 30              Marks: 50

Objectives

After completing this course the student-teachers will be able to

• Explain the concept, principles and scope of community based rehabilitation.
• Learn the strategies for promoting public participation in CBR.
• Apply suitable methods for preparing persons with disability for rehabilitation within the community.
• Provide need-based training to persons with disabilities.
• Develop an understanding of the role of government and global agencies in CBR.

Unit 1: Introduction to Community Based Rehabilitation (CBR)

1.1 Concept and Definition of CBR
1.2 Principles of CBR
1.3 Difference between CBR and Institutional Living
1.4 Socio-cultural and Economic Contexts of CBR
1.5 Scope and Inclusion of CBR in Government Policies and Programs

Unit 2: Preparing Community for CBR

2.1 Awareness Program-Types and Methods
2.2 Advocacy - Citizen and Self
2.3 Focus Group Discussion
2.4 Family Counselling and Family Support Groups
2.5 CBR and Corporate Social Responsibility

Unit 3: Preparing Persons with Disability for CBR

3.1 School Education: Person Centred Planning, and Peer Group Support
3.2 Transition: Individual Transition Plan, Development of Self Determination and Self Management Skills
3.3 Community Related Vocational Training
3.4 Skill Training for Living within Community
3.5 Community Based Employment and Higher Education

Practicum/ Field Engagement

I. Visit an ongoing CBR program and write a report on its efficacy
II. Organize a community awareness program
III. Conduct a focus group discussion on a selected disability issue with school/college students
Transaction

Besides lecture method the topics in this course may be transacted through discussion on selected case studies, classroom seminar/debates.

Essential Readings

• McConkey, R. and O’Tool, B (Eds). Innovations in Developing Countries for People with Disabilities, P.H. Brookes, Baltimore.
• Scheme of Assistance to Disabled for Purposes of Fitting of Aids/Appliances(2014). Ministry of Social Welfare, Govt. of India, New Delhi.
• Scheme of Assistance to Organizations for Disabled Persons, Ministry of Social Welfare, Govt. of India, New Delhi.
APPLICATION OF ICT IN CLASSROOM

Course Code: B 10(E)  Credits: 02
Contact Hours: 30  Marks: 50

Course Description
This course has dual purpose: firstly it aims to orient the teacher trainee to various applications of Information and Communication Technology in teaching learning process; and secondly it intends to orient the learners to understand the scope and application of ICT for students with disabilities. The course includes uses of all kinds of media and computer in order to give hands on experience of applying ICT in various learning environments as well to familiarize the student teacher with different modes of computer based learning.

Objectives
After completing the course the student teacher will be able to

• Gauge the varying dimensions in respect of ICT and Applications in Special Education.
• Delineate the special roles of ICT Applications.
• Acquire Familiarity with Different Modes of Computer-Based Learning.

Unit 1: Information Communication Technology (ICT) and Special Education
1.1 Meaning and Scope of ICT and Its Role in 'Construction of Knowledge'
1.2 Possible Uses of Audio-Visual Media and Computers (Radio, Television, Computers)
1.3 Integrating ICT in Special Education With Reference To Articles 4 and 9 of UNCRPD and Goal 3 of Incheon Strategy
1.4 Three as of ICT Application—Access, Availability, Affordability
1.5 Overview of WCAG (Web Content Access Guidelines)

Unit 2: Using Media and Computers
2.1 Media: Radio and Audio Media- Script Writing, Storytelling, Songs, etc., Television and Video in Education, Importance of Newspaper in Education
2.3 Computer as a Learning Tool: Effective Browsing Of The Internet for Discerning and Selecting Relevant Information, Survey of Educational Sites and Downloading Relevant Material; Cross Collating Knowledge from Varied Sources
2.4 Computer-Aided Learning: Application of Multimedia in Teaching and Learning, Programmed Instruction; Computer-Assisted Instruction; Interactive Learning
2.5 E-Classroom: Concept, Organizing E-Classroom and Required Adaptations for Students with Disabilities
Unit 3: Visualising Technology-Supported Learning Situations

3.1 Preparation of Learning Schemes and Planning Interactive Use of Audio-Visual Programme
3.2 Developing PPT Slide Show for Classroom Use and Using of Available Software or CDs with LCD Projection for Subject Learning Interactions
3.3 Generating Subject-Related Demonstrations Using Computer Software and Enabling Students to Plan and Execute Projects
3.4 Interactive Use of ICT: Participation in Social Groups on Internet, Creation of 'Blogs', Organizing Teleconferencing and Video-Conferencing
3.5 Identifying and Applying Software for Managing Disability Specific Problems

Course Work/ Practical/ Field Engagement (any Two of the following)

I. Develop a script on any topic of your choice. Conduct an interview with an expert on the selected topic to prepare an audio or video program of 15 minutes duration
II. Prepare a PPT by inserting photos and videos on a topic of your choice
III. Create your email account as well as design a blog

Essential Readings

Suggested Reading

GENDER AND DISABILITY

Course Code: B 10(F)  Credits: 02
Contact Hours: 30  Marks: 50

Objectives

After completion of this course the student-teachers will be able to

• Develop an understanding of human rights based approach in context of disability.
• Explain the impact of gender on disability.
• Describe the personal and demographic perspectives of gender and disability.
• Analyse the issues related to disabled women and girl children.

Unit 1: Human Right-based Approach and Disability  6 Hours

1.1 Human Rights-Based Approach: Concept and History
1.2 Principles of Human Rights-Based Approach
   - Equality and Non-Discrimination
   - Universality & Inalienability
   - Participation and Inclusion
   - Accountability and Rule of Law
1.3 Elements of Human Rights System
   - Legal Framework
   - Institutions
   - Development Policies & Programs
   - Public Awareness
   - Civil Society
1.4 Advantage of Human Rights-Based Approach
1.5 Implications for Disability
   - Empowerment
   - Enforceability
   - Indivisibility
   - Participation

Unit 2: Gender and Disability  10 Hours

2.1 Sex & Gender: Concept & Difference
2.2 Impairment & Disability: Concept & Difference
2.3 Gendered Experience of Disability
   - Public Domain: School and Outside School
   - Private and Familial Domain
   - Normalization and Social Role Valorisation
2.4 Gender and Disability Analysis: Techniques and Strategies
2.5 Psyche and Gender: Implications for Teaching
Unit 3: Women and Girl Child with Disability  

3.1 Inclusive Equality  
- Access to Family Life  
- Access to Education, Vocational Training and Employment  
- Access to Political Participation  

3.2 Factors Contributing to Disability  
- Gender-Based Violence in School and Within Family  
- Traditional Practices  

3.3 Sexual and Reproductive Health  

3.4 Teacher’s Role in Promoting Gender Equality  

3.5 Gender Critique of Legislation, Government Policy and Schemes  

Practicum/Field Engagement  

I. Study the case of a woman with disability and submit a report  
II. Review selected paper/s authored by women with disability  
III. Conduct a gender analysis of a selected disability Act/Policy  

Transaction  

This course has been designed to provide the student teachers a socio-cultural perspective to disability. It aims to promote awareness about the space for disability equity and rehabilitation within the human rights system. As such the transaction of the course topics should be done through focus group discussions, and issue-based classroom interactions in addition to lectures and seminars.  

Essential Readings  

• Suggested Readings  

BRAILLE AND ASSISTIVE DEVICES

Course Code: B 10(G) Credit: 02
Contact Hours: 30 Marks: 50

Introduction

Braille, the embossed system of reading and writing for the blind along with its inventor, Louis Braille (1809-1852), has opened a wide range of avenues and opportunities for effective mainstreaming and empowerment for Persons with Visual Impairment. In addition, a plethora of devices are now available which help the visually impaired to access meaningful education in all school-subjects as also skills of independent living and economic activities. This course familiarizes the student-teachers with the importance and operational aspects of Braille, which has stood the test of time and competition for the last about 185 years. It also introduces them to basic devices used for teaching blind and low vision children.

It is hoped that through the study of the course, the learners will be motivated to know more about these and various other devices and technologies and be in a position to help children with visual impairment/their parents to procure the needed devices with ease and speed.

Objectives

After completing the course the student-teachers will be able to

- Acquire basic information about Braille, its relevance and some important functional aspects.
- Get basic information on types and significance of different Braille devices.
- Get acquainted with the types and significance of basic devices relating to Mathematics, Science, Geography and Low Vision as also on sources of their availability.

Unit 1: Braille

1.1 Louis Braille and the Evolution of Braille
1.2 Continuing Relevance of Braille vis-a-vis Audio Material
1.3 Braille Signs, Contractions and Abbreviations--English Braille
1.4 Braille Signs and Symbols—Hindi/Regional Language
1.5 Braille Reading and Writing Processes

Unit 2: Braille Devices -- Types, Description, Relevance

2.1 Slate and Stylus
2.2 Braille Writer
2.3 Electronic Devices— Note takers and Refreshable Braille Displays
2.4 Braille Embossers
2.5 Braille Translation Software
Unit 3: Other Devices – Types, Description, Relevance

3.1 Mathematical Devices: Taylor Frame and Types, Abacus, Geometry Kit, Algebra Types
3.2 Geography: Maps -- Relief, Embossed, Models
3.3 Science Material
3.4 Low Vision Aids -- Optical, Non-Optical, Vision Training Material
3.5 Schemes and Sources of Availability

Course Work/ Practical/ Field Engagement (Any Two)

Each Student-Teacher will
a. Observe at least five devices in use in at least five school periods.
b. Draw up an item-wise price list of at least ten devices from different sources.
c. Prepare a presentation – Oral/ Powerpoint – on the relevance of Braille for children with visual impairment.
d. Prepare a report on the availability and use of Mathematical devices (at least two) in one special school and on inclusive school.
e. Make a report on the application of at least two non-optical devices for children with low vision.

Essential Readings

Suggested Readings
ORIENTATION AND MOBILITY

Course Code: B 11(A)  Credit: 02
Contact Hours: 30  Marks: 50

Introduction

Movement with independence in the environment has been stated to be one of the major challenges of vision loss. In order to facilitate their meaningful empowerment, therefore, it is necessary to provide students with visual impairment skills and techniques which enable them to cope with these challenges. Developments, especially during and after World War II, have led to the emergence of a large variety of such strategies, skills and technologies, which are covered under the discipline titled Orientation and Mobility.

So, the present course carrying the same title introduces the learners to various crucial aspects of this vital subject. It is hoped that through the study of the course, the student-teachers would be in a better position to understand the implications of vision loss with reference to independent movement. It would also enable them to get insights into basic skills and components essential for meaningful orientation and easy and graceful movement for the visually impaired.

Objectives

After completing the course the student-teachers will be able to

• Describe the nature and scope of O&M as also the O&M related responsibilities of the special teacher.
• Acquire basic knowledge of human guide techniques.
• Describe pre-cane and cane travel skills and devices.
• Get acquainted with the importance and skills of training in independent living for the visually impaired.

Unit 1: Introduction to Orientation and Mobility

1.1 Orientation and Mobility -- Definition, Importance and Scope
1.2 Basic Terminologies Associated with O&M: Trailing, Landmarks, Clues, Cues, Shoreline, Squaring Off, Clockwise Direction, Sound Masking, Sound Shadow
1.3 Roles of Other Senses in O&M Training
1.4 Special Responsibilities of Special Teacher/Educator with reference to O&M Training
1.5 Blindfold -- Rationale and Uses for the Teacher

Unit 2: Human/ Sighted Guide Technique

2.1 Grip
2.2 Stance
2.3 Hand Position
2.4 Speed Control
2.5 Negotiating: Narrow Spaces, Seating Arrangements, Staircases, Muddy paths
Unit 3: Pre-Cane Skills

3.1 Upper and Lower Body protection
3.2 Room Familiarization
3.3 Using Oral Description for Orientation
3.4 Search Patterns
3.5 Building Map Reading Skills

Unit 4: Cane Travel Techniques and Devices

4.1 Canes -- Types, Parts, Six Considerations
4.2 Cane Travel Techniques: Touch Technique, Touch and Drag Technique, Diagonal Cane Technique
4.3 Use of Public Transport
4.4 Asking for Help: When and How
4.5 Electronic Devices, Tactile and Auditory Maps -- Description and Uses

Unit 5: Training In Independent Living Skills

5.1 Self Care, Gait and Posture
5.2 Personal Grooming
5.3 Eating Skills and Etiquette
5.4 Identification of Coins and Currency Notes
5.5 Basics of Signature Writing

Course Work/Practical/ Field Engagement

Undertake any two of the following

a. Act as a sighted guide in different situations/settings.
b. Prepare a list of canes and other devices available with various sources along with prices.
c. Undergo an experience of moving under a blindfold for a few minutes and describe it (about 200 words).
d. Make a short PowerPoint/ oral presentation for about 5 minutes on the importance of O&M for the visually impaired.
e. Draw up a list of important clues/cues/landmarks which the visually impaired student can use in the school.

Essential Readings

Suggested Readings
COMMUNICATION OPTIONS: ORALISM

Course Code: B 11(B)   Credits: 02
Contact Hours: 30   Marks: 50

Introduction

Communication, language and speech have always been at the centre stage when education of children with deafness is being discussed. Without going into much of judgemental discussions in the direction of ‘either – or’ options to be the ‘best’, this syllabus intends to expose the student-teachers to all the dominant options. However, over and above the said exposure offered through compulsory courses, this optional course offers the student-teachers an additional opportunity to sharpen the skills in one of the categories of options. This is expected to emphasize use of appropriate options rather than advocating one among the many. Moreover, learning this optional course is also expected to provide wider career choices for the student teachers.

Objectives

After learning this course the student-teachers will be able to

• Discuss the Aural Oral Options with reference to persons with hearing impairment in the context of India.
• Discuss the relevant issues like literacy, inclusion and training with reference to Oralism /Oral Rehabilitation.
• Exhibit beginner level hands on skills in using these options.
• Motivate self to learn and practice more skills leading to linguistic adequacy and fluency to be used while developing spoken language in children with hearing losses.

Unit 1: Understanding Hearing Loss in Real Life Context

1.1 Basic Awareness on Paradigms of D/Deafness (Medical and Social)
1.2 Basic Awareness on Deafness and Communicative Access: Challenges and Concerns
1.3 Basic Awareness on Autonomy, Inclusion and Identity with reference to Oral Options
1.4 Oral/ Aural Verbal Options and Realistic Expectations of Family and Teachers
1.5 Importance of Neural Plasticity and Early Listening Opportunities

Unit 2: Advance Understanding of Oral Options

2.1 Difference Between Uni Sensory and Multi Sensory Approach in Oralism
2.2 Oracy To Literacy: Why and How
2.3 Speech Reading: Need, Role and Strategies in All Communication Options
2.4 Training and Guidance on Aural Oral Practices for Families and Tuning Home Environment: Current Scenario, Importance And Strategies
2.5 Tuning Mainstream Schools/Classrooms for Aural Oral Communication: Do’s and Don’ts
Unit 3: Skill Development Required for Oralism

3.1 Practicing Interpreting Audiograms and Exposure to Goal Setting in Listening Skills
3.2 Practicing Motherese (Addressing/Talking to Young Children) and Age Appropriate Discourse with Children Using Appropriate Language, Turn Taking and Eye Contact
3.3 Practicing Fluency Skills in Verbal Communication: Spontaneous Conversations, Narrations and Loud Reading
3.4 Practicing Skills in Story Telling/ Narrations/ Jokes/ Poems/ Nursery Rhymes
3.5 Ongoing Monitoring and Assessing Auditory Functioning and Speech Development: Reading Model Formats Used for the Purpose (Checklists, Recordings, Developmental Scales)

Unit 4: Skill Development Auditory Verbal (AV) Approach

4.1 AV Approach: Meaning, Misconcepts and Justification
4.2 Stages of Auditory Hierarchy
4.3 Understanding Listening Strategies, Techniques of AV Approach and Their Relation to Listening Environment
4.4 Reading Model Plans and Observing a Few Weekly Individual Sessions
4.5 Developing Instructional Material for AVT Sessions Linking Listening, Language and Cognition

Unit 5: Implementing Oralism and AV Approach in Indian Special Schools & Summing up

5.1 Use Of Oralism and AV Approach in Indian Special Schools: Current Scenario
5.2 Oralism / AV Approach: Prerequisites for Special Schools
5.3 Strategies of Implementation Oral Communication Policy and Fulfilling Prerequisites
5.4 Resource Mobilization For Listening Devices: (ADIP, Organized Charity, CSR, Fund Raising Events, Web Based Fund Raising)
5.5 Reflections On The Course: From Theory to Practice to Initiating Change

Course Work/ Practical/ Field Engagement

I. Watching Video’s of Individual Sessions and Classroom Teaching
II. Role Play and Dramatization
III. Developing Learning Material for Facilitating Connectivity Among Listening, Language and Cognition
IV. Recording Self Narrated Stories / Poems and Writing Reflections Upon it
V. Interacting with Non Disabled Children for Practicing Expansion of Ideas
Essential Readings

- Communication Options and Students with Deafness (2010). Rehabilitation Council of India, New Delhi.

Suggested Readings

- Unpublished Dissertations and Thesis on Profiling Communication Options in Special Schools in India.
COMMUNICATION OPTIONS: MANUAL (INDIAN SIGN LANGUAGE)

Course Code: B 11(C)  
Credits: 02  
Contact Hours: 30  
Marks: 50

Introduction

Communication, language and speech have always been at the centre stage when education of children with deafness is being discussed. Without going into much of judgemental discussions in the direction of ‘either – or’ options to be the ‘best’, this syllabus intends to expose the student-teachers to all the dominant options. However, over and above the said exposure offered through compulsory courses, this optional course offers the student-teachers an additional opportunity to sharpen the skills in one of the categories of options. This is expected to emphasize use of appropriate options rather than advocating one among the many. Moreover, learning this optional course is also expected to provide wider Career Choices for the Student Teachers.

Objectives

After learning this course the student-teachers will be able to

- Discuss the two manual options with reference to Indian special schools.
- Discuss the relevant issues like literacy, inclusion and training with reference to manual options.
- Describe manual options in the light of issues like language, culture and identify.
- Exhibit beginner level hands on skills in using manual options.
- Motivate self to learn and practice more skills leading to linguistic adequacy and fluency.

Unit 1: Understanding Deafness in Real Life Context

1.1 Basic Awareness of Paradigms of D/Deafness (Medical and Social)  
1.2 Basic Awareness of Deafness and Communicative Challenges / Concerns  
1.3 Basic Awareness on Deafness with Reference to Culture, Language, Identity, Minority Status, Deaf Gain, Literacy and Inclusion  
1.4 Basic Awareness of Difference between ISL and ISS; Myths and Facts  
1.5 Importance of Neural Plasticity and Early Language Opportunities

Unit 2: Advance Understanding of Manual Options and Indian Scenario

2.1 Use of Simcom and Educational Bilingualism in Indian Schools: Current Scenario  
2.2 Challenges, Prerequisites and Fulfilling Prerequisites  
2.3 Monitoring and Measuring Development of ISL/ISS in Students: Receptive and Expressive Mode  
2.4 Training and Guidance for Families and Tuning Home Environment: Current Scenario and Strategies  
2.5 Tuning Mainstream Schools/Classrooms for Students Using Manual Communication: Do’s and Don’ts
Unit 3: ISL Skill Development: Middle Order Receptive and Expressive Skills

3.1 Practicing ‘Motherese’ (Tuning Language to Suit Young Children) and Age Appropriate Discourse with Children with Appropriate Language, Turn Taking and Eye Contact
3.2 Practicing Natural Signing in Short Common Conversations
3.3 Practicing Natural Signing in Stories/Poems/Narrations/Jokes
3.4 Practicing Natural Signing in Discussing Emotions, Expansion of Ideas and Current Affairs
3.5 Practicing Group Dynamics

Unit 4: ISL Skill Development: Towards Higher Order Receptive and Expressive Skills

4.1 Learning to Express Gender, Number, Person, Tense, Aspect
4.2 Practicing Sentence Types: Affirmative, Interjections, Imperative and Interrogative and Negativization
4.3 Practicing Sentence Types: Simple, Complex, Compound
4.4 Observing Using ISL in Classrooms – Social Science
4.5 Observing Using ISL in Classrooms – Science / Mathematics

Unit 5: ISS/ ISL Skill Development and Course Conclusions

5.1 Practicing Markers (Local Language)
5.2 Practicing Syntax in Conversations and Discussions
5.3 Observing Using ISS/ISL in Classrooms for School Subjects
5.4 Resource Mobilization for Skill Development Training (Organized Charity Sources, CSR, Fund Raising Events, Web Based Fund Raising)
5.5 Reflections on the Course: From Theory to Practice to Initiating Change

Course Work/ Practical/ Field Engagement

I. Watching Videos of Individual Sessions and Classroom Teaching of Signing
II. Role Play and Dramatization in ISL
III. Developing Learning Material for Facilitating Connectivity among Signing, Language and Cognition
IV. Recording Self Narrated Stories/ Poems and Writing Reflections
V. Interacting with Deaf for Practicing Expansion of Ideas

Essential Readings

• Communication Options and Students with Deafness. (2010). Rehabilitation Council of India, New Delhi.
• ISS Learning Material and Dictionaries
• Teaching Learning ISL Material Developed at AYJNIHH, Mumbai, SRKV, Coimbatore and NISH, Trivandrum

Suggested Readings

• Education. Gallaudet Research Institute, Working Paper 89-3, Gallaudet University, Washington, D.C.

AUGMENTATIVE AND ALTERNATIVE COMMUNICATION

Course Code: B 11(D)  
Contact Hours: 30  
Credits: 02 
Marks: 50

Objectives
The student-teachers will be equipped with a basic knowledge of AAC, AAC systems, 
AAC assessment, programme planning and strategies:

Unit 1: Organizational framework for Communication:
  1.1 Normal development of speech, language and communication
  1.2 Factors that influence communication, speech and language in relation to each other
  1.3 Levels of communication in children
      1.3.1 Functional (Emergent)
      1.3.2 Situational (Context Dependent)
      1.3.3 iii. Independent (Creative)

Unit 2: Basic principles of AAC interventions:
  2.1 Child - Child capacity
  2.2 Child capacity and context
  2.3 Working towards symbolic expression
  2.4 Communication skills and
  2.5 Functions

Unit 3: Areas of AAC Assessment:
  3.1 Sensory areas
  3.2 Cognition, communication and language
  3.3 Posture and positioning. Motor planning and control
  3.4 Scanning
  3.5 Environment, Interaction & Symbols

Unit 4: Context of Communication:
  4.1 Partner /skills , user skills and environment
  4.2 Competency development - types of competencies and its development
      4.2.1 Linguistic competence
      4.2.2 Operational Competence
      4.2.3 Social competence
      4.2.4 Strategic competence
Unit 5: Introduction to communication tools and Access Mode:

5.1 Types of AAC devices and systems
5.1.1 No Technology
5.1.2 Low Technology
5.1.3 High Technology

5.2 Access to communication charts - hand, finger, eye point

5.3 Access to devices:
5.3.1 Switches - hand switch, blow switch, infrared devices etc
5.3.2 Software - scan mode combined with a switch

5.4 Selection of AAC
5.4.1 Child competency and environment
5.4.2 Design, Access, Motor, Devices

5.5 Challenges in the development of AAC and Literacy
5.5.1 Grammar; spelling
5.5.2 Building Vocabulary: and richness of language
5.5.3 Motor expression

Suggested Reading:

• Warrick, A., & Kaul, S. (1997). Their manner of speaking: augmentative communication for children and young adults with severe speech disorders, Indian Institute of Cerebral Palsy, Kolkata

• Communication, compiler: T.N. Southgate. BA, Ormerod School, Oxford, Editor, G.M. Cochrane MA, FRCP, Equipment for Disabled People, Mary Mariborough Lodge, Nuffield Orthopaedic Centre, Oxford OX3 7 LD

MANAGEMENT OF LEARNING DISABILITY

Course Code: B 11(E)  Credits: 02
Contact Hours: 30  Marks: 50

Introduction

This course will provide an understanding of the types and characteristics of Children with Learning Disabilities and their associated condition. The course will include assessment of basic curricular skills, standardized tests and interpretation of test report. This course, grounded in research based interventions, is designed to assess all who work with students in special and regular education in developing skills to teach and support acceptable behavior that is demonstrated in home, school and community settings.

Objectives

After completing the course the student-teachers will be able to

• Explain the concept, causes and characteristics of learning disabilities.
• Discuss different types of learning disabilities and its associated conditions.
• Develop teacher made assessment test in curricular areas.
• Plan appropriate teaching strategies as per the specific needs of children with learning disability.

Unit 1: Learning Disabilities: Types

1.1 Verbal learning disabilities: Dyslexia, Dysgraphia, Dyscalculia.
1.2 Non-verbal learning disabilities
1.3 Language Disorders
1.4 Associated Conditions: ADHD & ADD
1.5 Emotional & Behavioral problems.

Unit 2: Assessment of Basic Curricular Skills

2.1 Assessment of Readiness Skills
2.2 Assessment of Reading, Writing and Math skills
2.3 Teacher made test
2.4 Standardized Tests: Need, Types & Purpose
2.5 Interpretation of Test report

Unit 3: Intervention Strategies in Basic Skills of Learning

3.1 Language skills
3.2 Reading
3.3 Writing
3.4 Maths skills
3.5 Study skills
Transaction

This activity-based approach should allow the teacher to step back and allow the student-teachers to self-facilitate. The student-teachers must be given experience in the various settings such as clinics, schools, resource centres etc, for exposure to actual assessment. Discussions, debates, simulations, collaborative methods, must be used for transaction.

Course Work/ Practical/ Field Engagement

- Prepare of checklist for screening LD
- Develop teacher made assessment test in any one curricular area for a given child
- Plan appropriate teaching strategies as per the specific needs of a given child with learning disability

Essential Readings

Suggested Readings

VOCATIONAL TRAINING, TRANSITION & JOB PLACEMENT

Course Code: B 11(F)  Credits: 02
Contact Hours: 30  Marks: 50

Objectives

After completing the course the student-teachers will be able to

• Develop an understanding of vocational education & its relevance for PWD’s.
• Carry out vocational assessment and make vocational training plan.
• Plan for transition from School to job.
• Identify various avenues for job placement.
• Facilitate PWD’s in making choice of vocational trades.
• Acquire the concept of independent living and empowerment.

Unit 1: Fundamentals & Assessment of Vocational Rehabilitation

1.1. Definition, meaning and scope of Vocational Education
1.2. Legislations, policies, agencies, schemes, concessions & benefits for PWDs with respect to employment
1.3. Approaches and models of Vocational training
1.4. Assessment, Evaluation of Generic skills & Specific job skills using various tools
1.5. Approaches & Principles of vocational assessment

Unit 2: Vocational Transition & Curriculum Planning

2.1. Concept, meaning, importance of transition
2.2. Vocational transition models
2.3. Transitional Planning at pre-vocational & post-vocational level
2.4. Development of Individualized Vocational Transitional Plan
2.5. Development of Vocational Curriculum

Unit 3: Process of Vocational Rehabilitation & Placement

3.1. Types of Employment Settings
3.2. Process of Job Placement & Creation of Need-based Employment Settings
3.3. Adaptations, Accommodation, Safety Skills and First Aid
3.4. Self Advocacy & Self Determination Skill Training
3.5. Equal opportunities and attitudes towards persons with disabilities

Hands on Experience

• Developing curriculum on any vocational skill
• Administering any vocational assessment tool
• Visit to any vocation Institution
Suggested Readings

BASIC RESEARCH AND STATISTICS

Course code: D 19 Credits: 02
Contact Hours: 30 Marks: 50

Objectives

After completing the course student-teachers will be able to

• Describe the concept and relevance of research in education and special education.
• Develop an understanding of the research process and acquire competencies for conducting a research.
• Apply suitable measures for data organization and analysis.

Unit 1: Introduction to Research

1.1 Scientific Method
1.2 Research: Concept and Definition
1.3 Application of Scientific Method In Research
1.4 Purpose of Research
1.5 Research in Education and Special Education

Unit 2: Types and Process of Research

2.1 Types of Research
   - Basic/Fundamental
   - Applied
   - Action
2.2 Process of Research
   - Selection of Problem
   - Formulation of Hypothesis
   - Collection of Data
   - Analysis of Data & Conclusion
2.3 Tools of Research: Tests, Questionnaire, Checklist and Rating Scale
2.4 Action Research in Teaching Learning Environment
2.5 Professional Competencies for Research

Unit 3: Measurement and Analysis of Data

3.1 Scale for measurement: Nominal, Ordinal, Interval and Ratio
3.2 Organization of data: Array, Grouped distribution
3.3 Measures of central tendency and Dispersion: Mean, Median and Mode, Standard deviation and Quartile deviation
3.4 Correlation: Product Moment and Rank Order Correlation
3.5 Graphic representation of data
Practicum/ Field Engagement

- Develop a teacher made test for a given subject matter
- Develop a questionnaire/checklist
- Develop an outline for conducting action research

Degree in specific disability area with not less than 55% of marks Or an equivalent grade of B+ in 10-point scale of UGC  &lt;br&gt; 3) Ph.D in Special Education or Education with research emphasis on Special Education.  &lt;br&gt; 4) Should have completed at least 10 years of teaching experience as faculty out of which minimum 5 years should be in specific disability area.  &lt;br&gt; 5) Should have completed at least one general orientation course and two refresher courses in education / special education of UGC  &lt;br&gt; Valid registration with RCI u/s 19 of RCI Act 1992 is essential  &lt;br&gt; *RCI as Statutory Regulatory Body prescribes 50% as per the UGC Regulations Gazette dt. September 18, 2010 section 1.1.1</td>
<td>Desirable: Minimum 5 publications pertaining to Special Education in indexed journals and research experience</td>
</tr>
<tr>
<td>2.</td>
<td><strong>Associate Professor/ Reader</strong>&lt;br&gt; (Disability papers)</td>
<td>1) Masters Degree in any discipline with not less than 50% of marks*  &lt;br&gt; 2) M.Ed. Degree in specific disability area with not less than 55% of marks Or an equivalent grade of B+ in 10-point scale of UGC  &lt;br&gt; An equivalent degree from a foreign university recognized by RCI.  &lt;br&gt; 3) Ph.D in Special Education or Education with research emphasis on Special Education.  &lt;br&gt; 4) Should have completed at least 08 years of teaching experience as faculty out of which</td>
<td>Desirable: Minimum 3 publications pertaining to Special Education in indexed journals and research experience</td>
</tr>
</tbody>
</table>
| 3. Assistant Professor/ Lecturer (Disability papers) | minimum 05 years should be in specific disability area.  
4) Should have completed at least one general orientation course and two refresher courses in education / special education of UGC  
5) Valid registration with RCI u/s 19 of RCI Act, 1992 is essential  
*RCI as Statutory Regulatory Body prescribes 50% as per the UGC Regulations Gazette dt. September 18, 2010 section 1.1.1 |
| 4. Course Coordinator/ HoD For M.Ed. Programme |  
| Desirable: M.Phil / Ph.D in Special Education or Education with research emphasis on Special Education; Experience for a period of at least 2 years as teacher or researcher in the area of specific disability |
| 4. Course Coordinator/ HoD For M.Ed. Programme | No separate designations such as Coordinator, Director, Administrator, etc., prescribed by the RCI.  
The qualifications of the head of the B.Ed.Spl.Ed. / M.Ed.Spl.Ed programme should be as that of the Professor / Reader as laid down by the RCI with a Valid registration with RCI u/s 19 of RCI Act 1992.  
**RCI as Statutory Regulatory Body prescribes 50% as per the UGC Regulations Gazette dt. September 18, 2010 section 1.1.1 |
| 4. Course Coordinator/ HoD For B.Ed. Spl.Ed. Programme | No separate designations such as Coordinator, Director, Administrator, etc., prescribed by the RCI.  
B.Ed.Spl.Ed. programme, the Senior most faculty will be treated as Head of the Department/ Course Coordinator Valid registration with RCI u/s 19 of RCI Act 1992 is essential |
**Note:**

1. The qualifications prescribed above are valid for five years only i.e., up to May 2020.
2. The teacher – student ratio is 1:10.
3. The specific disability area mentioned in this document refers to Visual Impairment, Hearing Impairment, Mental Retardation, Learning Disability, Multiple Disability, Locomotor Disability, etc. The specific disability areas are not interchangeable as a measure of maintenance of standards in Special Education. For example, a person who has specialized in B.Ed. Special Education in visual impairment cannot get admission in M.Ed. mental retardation, etc. The above condition applies to the Lecturers also who are recruited in these programmes.
4. For specialization in VI area, Masters degree in school subject will be required. Similarly for specialization areas in Mental Retardation and Hearing Impairment, Masters Degree in Psychology, Child Development/ Human Development, Sociology, Linguistics and Education will be preferred.
5. Part-time faculty is one who is on the rolls of the institute for taking a fixed number of classes per week/per month basis whereas a visiting faculty is invited as and when required or as per the availability of the faculty on hourly basis.
6. There is no separate designations such as Coordinator, Director, Administrator, etc., prescribed by the RCI for running teacher preparation courses. The qualifications of the head/co-ordinator of the B.Ed.Spl.Ed. and M.Ed.Spl.Ed. programme should be as that of the Professor/Reader as laid down by the RCI.
7. For Institutes offering only B.Ed. (Special Education) programme, the senior faculty will be treated as Head of the Department/Coordinator.
8. For M.Ed. Special Education course, appointment of faculty on contract basis should be for minimum of 24 months. Appointment of faculty on contract basis will be allowed for running M.Ed.Spl.Ed. course only if regular fulltime faculty for B.Ed.Spl.Ed. course already exists as per the RCI norms.
9. In case of non-availability of a candidate with M.Ed. (Special Education) in particular disability specialization for faculty position at B.Ed. (Special Education) level, M.Ed. (Special Education) in some other disability specialization may be considered for three years i.e., up to 2017-18.
10. The Board of Studies of affiliating/concerned university to have a member nominated by RCI.

**Faculty {Assistant Professor/ Lecturer (Disability papers)} for B.Ed.Spl.Ed. (Autism Spectrum Disorders) and B.Ed.Spl.Ed. (Multiple Disabilities)**

   a) Post Graduate degree
   b) M.Ed (Special Education) with either a dissertation in the field of ASD or a Diploma in ASD
   c) Two years experience of teaching in special schools for children with ASD
   d) Having valid RCI registration
II. Essential qualifications for faculty: B.Ed.Spl.Ed. (Multiple Disabilities) -
   a) Post Graduate degree
   b) M.Ed (Special Education) with either a dissertation in the field of MD or B.Ed. (Special Education)
      MD/ B.Ed. Special Education (Locomotor and Neurological Disorder)/ P.G. Diploma in Special
      Education (Mult.Dis.:Physical and Neuro.) / P.G. Dipl. in Developmental Therapy (Mult.
      Dis.:Physical and Neuro.)
   c) Two years experience of teaching in special schools for children with MD
   d) Having valid RCI registration

(This would be applicable for next five years, to be revised as per need)
